### Trustees' Annual Report

The Greater London Mosque was registered as a charity on 1 September 2022. During the year under review, the charity remained in its preparatory phase and has not yet commenced its core charitable activities.

The trustees have been engaged in strategic planning and initial groundwork, including exploring appropriate methods of fundraising with the long-term goal of acquiring a property to serve as a base for the charity's activities.

During the financial year, the charity received a total of £30 in voluntary income. No other financial transactions took place, and the charity did not incur any expenditure. Accordingly, the financial activity during the year has been minimal.

The trustees continue to meet regularly and are committed to progressing towards the charity's operational launch in alignment with its stated objectives.
