2. The charity had no income during this reporting period except activities to fulfil our charitable purposes.

3. It is very important that as an Organisation we are transparent in all activities that we do and financially. We are also obliged to be accountable in all

aspects of our practices.

4. We have been involved in sports, physical exercises during this period.

These activities helped the young people to be engaged and it promotes social cohesion and boosts moral. This has helped the young people not to embark on drug and alcohol misuse and or abuse.

The activities improved the health of the participants and has created entertainment to onlookers.

We also participated in Drama . This improves social inclusion, identifies talent and mould it and helps community integration.

Our charity participates in befriending services and hospital visits. This helps the beneficiaries from isolation and stigma.

Some of our beneficiaries do not have family and we are there to provide emotional and psychological support.

5. On 17 ,December 2022 , 07 January and 21 January 2023 we focused and participated in walks and other physical exercises all age groups. It was a milestone for those not used to walk and those that never got encouraged. The local communities were interested in identifying who we are and expressed their interest in joining us therefore promoting social inclusion.

6. The challenges that we faced were financial as we needed to book the spaces that we operate and payments were needed. We were lucky to get well wishers and get free spaces from them or other charitable organisations doing similar activities. Sometimes we would deep in our pockets to sustain activities.

7. Our Trustee, Felandino Mwamba is the sports Coordinator and supervises all activities. The drama Club is led by Jaspan

Mudekunya including the hospital visits. Fagesi Mudekunya is responsible for befriending services and works with other volunteers.

8. The activities are arranged and organised through zoom meetings or physical meetings. The Chairman endorses all proposed activities and approves them.

9. There has been conflict of interest in that most of our activities are done on Saturdays and for some Saturday is a working day but we had to work things out. After the death of our Secretary Pamela Veremu on 1st November 2022, there was a huge gap left in the Organisation. We finally got a replacement and all is now moving well.

FINANCIAL POSITION

The charity had no income during the reporting period and we relied on

handouts.

Most of our activities did not require funding so we had to work with the available resources.

The charity does not have any assets or liabilities. It's rented Office is in the house of the Chairman.

FUTURE PLAN

We plan to apply for funding from the National lottery fund and other financial Institutions.

We are planning to increase the number of our beneficiaries this year especially the young people.

The Charity is planning to open a shop to fund its future activities. Once capital is secured, we are planning to open a sculpture shop to sell African Sculptures and souvenirs.
