Activities

Objects: THE VINE BRANCH CHARITY (TVBC) IS AN INTERNATIONAL DEVELOPMENT ORGANISATION GUIDED BY CHRISTIAN PRINCIPLES AND VALUES AND IS CURRENTLY WORKING IN UK AND UGANDA. FUTURE PROGRAMMING WILL BE WITH VULNERABLE COMMUNITIES IN OTHER COUNTRIES IN AFRICA, ASIA, THE CARIBBEANS AND LATIN AMERICA. OUR VISION, IS A WORLD FREE OF POVERTY AND INJUSTICE IN WHICH PEOPLE LIVE A DECENT AND FULFILLING LIFE. OUR PURPOSE, IS THE PREVENTION OR RELIEF OF POVERTY ANYWHERE IN THE WORLD, BY HELPING PEOPLE IN NEED WITH ITEMS AND SERVICES THAT ENABLE THEM TO LIVE A PURPOSE-DRIVEN, FRUITFUL LIFE, IN HARMONY WITH OTHERS AND THE ENVIRONMENT, IN WHICH THEIR NEEDS AND EXPECTATIONS ARE MET. SINCE THE PROBLEMS GIVING RISE TO POVERTY AND INJUSTICE ARE MULTI-DIMENSIONAL AND CUMULATIVE, THE ORGANISATION WILL ACHIEVE ITS PURPOSE BY FOLLOWING THESE SPECIFIC OBJECTIVES TO PREVENT OR RELIEVE POVERTY ANYWHERE IN THE WORLD FOR THE PUBLIC BENEFIT OF PEOPLE IN POVERTY: . THE DISSEMINATION OF INFORMATION AND ADAPTATION OF SYSTEMS IN RELATION TO CLIMATE CHANGE . THE ADVANCEMENT OF ENVIRONMENTAL PROTECTION AND IMPROVEMENT . THE PROMOTION OF SUSTAINABLE DEVELOPMENT AND BIODIVERSITY . THE RELIEF OF POVERTY FOR ALL, INCLUDING THOSE VULNERABLE BY REASON OF FAMILY CIRCUMSTANCE, AGE, ILL-HEALTH, DISABILITY, FINANCIAL OR OTHER DISADVANTAGE . ACCESS TO EDUCATION . IMPROVED HEALTH CARE . USE OF TECHNOLOGY TO IMPROVE LIVELIHOODS . THE MORAL, EMOTIONAL AND SPIRITUAL WELFARE OF INDIVIDUALS AND COMMUNITIES . THE ADVANCEMENT OF SUCH CHARITABLE PURPOSES (ACCORDING TO THE LAW OF ENGLAND AND WALES) AS THE TRUSTEES SEE FIT OUR MISSION, IS TO SOLVE GLOBAL ISSUES OF POVERTY AND JUSTICE FOR THE PUBLIC BENEFIT BY COOPERATING WITH OTHERS AND USING APPROPRIATE RESOURCES IN WISE AND CONSIDERED INTERVENTIONS, AND IN ACCORDANCE WITH CHRISTIAN PRINCIPLES AND VALUES.

Activities: We currently work in the UK (Rugby, Warwickshire) where most of the fundraising and administrative work is done and aim to have our flagship projects in Northern Uganda to address the problem of perennial water shortages for human and livestock consumption and frequent droughts, crop failure and food deficits and to support commercialization of smallholder agriculture

Trustees Annual Report

1st April 2024 - 31st March 2025

TRUSTEES FOREWORD

Welcome to The Vine Branch Charity's third Annual Report, covering the period from 1st April 2024 to 31st March 2025.

The Vine Branch Charity (TVBC)

This year, Nicholas John Burn stepped down as Chairperson and Trustee. He had completed his full one-year term as planned. We appreciate Nick's experience, dedication, and continued support during TVBC's early stages. His contributions helped guide us through a critical time.

Trustees

Terence Mutsambiwa
Chairman

As in previous years, we continued to build the groundwork for launching our activities in Uganda. Our focus remains on raising funds to turn our plans into action.

Lovemore Sisimayi
Trustee

We stayed in contact with our Ugandan partners at WET Consulting Ltd. We have identified potential sites and communities in Northern Uganda where we hope to work. Once funding is secured, we plan to drill deep water wells, establish community gardens, and train farmers in climate-smart farming practices.

We remain hopeful that our persistent efforts to find funding will lead to a significant breakthrough. Our goal is to make a real difference in the communities we serve.

Charity details

Charity name:	The Vine Branch Charity (TVBC)
Registered charity number:	1200516
Charity address:	C/O 27 Perkins Grove, Rugby, Warwickshire, CV21 4HU
Trustees:	(See page 2 above)

Structure, Governance and Management:

Governing document:	Constitution
How is the charity constituted?	Constitution adopted 7th July 2022
Trustee selection method:	By resolution of the Trustees

Objectives and Activities:

Vision of the charity:

is a world free of poverty and injustice in which people live a decent and fulfilling life.

Our Purpose:

is the prevention or relief of poverty anywhere in the world, by helping people in need with items and services that enable them to live a purpose-driven, fruitful life, in

harmony with others and the environment, in which their needs and expectations are met.

Since the problems giving rise to poverty and injustice are multi-dimensional and cumulative, the organisation will achieve its purpose by following these specific objectives to prevent or relieve poverty anywhere in the world for the public benefit of people in poverty:

- *The dissemination of information and adaptation of systems in relation to climate change*
- *The advancement of environmental protection and improvement*
- *The promotion of sustainable development and biodiversity*
- *The relief of poverty for all, including those vulnerable by reason of family circumstance, age, ill-health, disability, financial or other disadvantage*
- *Access to education*
- *Improved health care*
- *Use of technology to improve livelihoods*
- *The moral, emotional and spiritual welfare of individuals and communities*
- *The advancement of such charitable purposes (according to the law of England and Wales) as the Trustees see fit*

Methodological Approach:

Individuals and communities understand best the challenges they face in life and the steps need to achieve their desires and aspirations. We will identify disadvantaged communities and individuals, observe and listen to their struggles and then work together with them to achieve their dreams, beginning with developing a clear vision and making sound plans. We aim for local solutions, supported, where relevant, by cross-regional learning and global approaches. In keeping with the teachings of Jesus Christ to love God and our neighbour, we are non-discriminative, open-minded, and compassionate, and our aim is to help all regardless of race, colour, nationality, ethnic or national origin, religion or belief, disability, sex or sexual orientation, gender identity, relationship status or age.

Summary of Main Achievements During Year 2024 - 2025:

Fundraising

Following a scoping study in Northern Uganda, fundraising efforts in the UK have continued, focusing on two community-led projects aimed at reducing poverty. The first will improve access to water, increase household food security, and build resilience to climate change in Lira and Omoro districts. The second supports smallholder farmers in selling their produce better and growing their farming activities in the same districts. Both projects are driven by local communities and address key needs in the area. The focus remains on helping people tackle climate problems and build sustainable ways to make a living to fight poverty. These efforts build on the groundwork laid during the initial study, aiming to bring lasting change to the region.

Trustees' recruitment and Board meetings

The charity's operations are overseen by Trustees, who are selected from the general public. Upon joining, new Trustees are briefed on their duties and obligations by the Chairman, during which they receive Charity Commission materials and copies of The Vine Branch Charity (TVBC's) Constitution. Trustees are encouraged to attend training sessions or meetings provided by the Charity Commission when possible.

The Board Meetings are typically held quarterly by the Trustees to address the charity's policies, finances, and operations as needed.

After serving his full one-year term of office, our previous chairman Nicholas John Burn resigned on 26th July 2024. Trustees are thankful for Nick's leadership and groundwork in Uganda without which the charity would not have been registered. Nick remains interested in the activities of TVBC as the work goes forward.

Future Plans and Vision

We remain committed to seeking funding for the initial project work, in Uganda.

Finances

Reserves Policy

According to the Charity Commission's Charity **Financial Reserves Guidance Notes (10th May, 2013)**, "***by law, a charity must spend income it receives within a reasonable period of time unless there's a good reason not to***". In accordance with this, The Vine Branch Chrity (TVBC) will maintain its reserves at a level to cover 6 months' core running expenses *of the previous year*. Any surplus reserves held over this amount will be utilised on other charitable activities and projects to be decided by TVBC Trustees and in line with the charity's objects.

Public benefit

In order to ensure that our work is for the benefit of the public, all new work is preceded by scoping and feasibility studies guided by the Vision, Purpose and Mission of TVBC in any particular location.

This covers: 1) Informal consultations with local experts, other charities, local communities and literature review of World Bank, United Nations and other international organisations' human development indicator reports, Country and National Development Strategies including District and local development plans of the countries we plan to operate in, leading to identification of potential areas of operation with people in need. 2) Once an area with people in need has been identified, introductions of the organisation to local authorities and communities is then made 3) Field surveys with specific objectives, outcomes, activities and budget are then carried out. We do not impose projects or solutions on people we work with. Instead, we believe that individuals and communities understand best the challenges they face in life and the steps needed to achieve their desires and aspirations. We will identify those disadvantaged communities and individuals, observe and listen to their struggles and then work together with them to achieve their dreams, beginning with developing a clear vision of what they want to achieve and making sound plans of delivering the solution. We aim for local solutions, supported, where relevant, by cross-regional learning and global approaches.

In keeping with the teachings of Jesus Christ to love God and our neighbour, we are non-discriminative, open-minded, and compassionate, and our aim is to help all regardless of race, colour, nationality, ethnic or national origin, religion or belief, disability, sex or sexual orientation, gender identity, relationship status or age.

The two flagship projects mentioned above were developed using the above approach. The entire project design process was led by the communities themselves and local leadership and experts. The projects clearly show how everyone involved will benefit irrespective of gender, creed, religion, culture, etc.

In discharging their duties, Trustees believe that they have complied with the Charity Commission's Trustee guidance notes entitled "**New Welcome Pack for Charity Trustees**" updated May 2018.

Declaration

The Trustees declare that they have approved the Trustees report above.

Throughout this year, our primary focus has been on consistently submitting applications to various institutional donors in order to kickstart the organisation's activities. Regrettably, like many new ventures, we have not received any donations. This is primarily due to the fact that the Trustees are not personally known, the organisation lacks recognition, and without financial support, we are unable to carry out the impactful projects we have planned with our partners in the field. The absence of tangible progress on the ground has made potential funders hesitant to invest in an organisation and individuals lacking in proven experience. This situation presents a classic dilemma.

Nonetheless, we maintain optimism that by persistently seizing opportunities as they arise, we will eventually achieve a breakthrough.

Summary of Main Achievements During Year 2023 - 2024:

Fundraising

Numerous applications were sent to Trusts and Foundations in the UK, all centred around our two main projects that were identified through a scoping study and developed in collaboration with local communities in Uganda. These include:

- 1. Strengthening access to water and household food security, and enhancing resilience to climate change in Lira and Omoro districts*
- 2. and Supporting the commercialisation of smallholder agriculture in Lira and Omoro districts*

Regrettably, none of the donors have shown faith in us without concrete on-the-ground experience. However, both we and our field partners at WET Consulting Ltd are optimistic about receiving a £200,000 donation to help launch TVBC's operations.

TRUSTEES FOREWORD

Welcome to The Vine Branch Charity (TVBC)'s first Annual Report covering the inception period 29th September 2022 to 31st March 2023.

This annual report provides details of the activity that the charity has been able to perform in its first six months of existence as well as referring to scoping studies which took place in Uganda prior to the official registration process.

Up to the end of March 2023, and despite numerous applications to a variety of donors, TVBC has not yet been able to secure any significant funds, which would allow foundational activities to be carried out. We intend to continue to pursue opportunities as they arise.

Summary of Main Achievements During Year 2022 - 2023:

Uganda Scoping Study

Alex Mugova, our Trustee Adviser and international development consultant based in Zambia, identified Uganda as our first country of operation. Through his networks in East Africa and knowledge of the region, Alex helped the charity recruit a local Ugandan consultant who spearheaded the scoping study that identified our two flagship projects namely:

1. Strengthening access to water and household food security, and enhancing resilience to climate change in Lira and Omoro districts

2. and Supporting the commercialization of smallholder agriculture in Lira and Omoro districts

Since this work was sponsored by the founding Trustee using his own pocket money in February 2022, i.e. before registration of the charity, the amount involved has not been included in the charity Accounts covering this reporting period 29th September, 2022 to 31st March 2023.

Charity Registration

The charity was officially registered by the Charity Commission of England and Wales with charity registration number 1200516 on 29th September, 2022. This followed a period of several months of recruitment of suitable Trustees.

Bank Account Opening

Following charity registration, Trustees had bank account opening as their next major priority. A bank account with Lloyds Bank was eventually opened in late December 2022.

Project Design and Fundraising

The remaining 3 months of the reporting period under consideration were spent on designing and developing project proposals for submission to UK Trusts and Foundations and members of the public. Unfortunately, the charity has not been able to attract significant funding but only £200 from the public. The main challenge has been the traditional chicken and egg conundrum. How can a new start up get funding

to implement projects and demonstrate its capability without a track record and how can the charity have a track record to demonstrate its capability without funding?

On the ground, however, we have identified very strong partners namely, WET Consulting Pvt Ltd, to help us with the bore hole drilling aspects of our projects.

Trustees' recruitment and Board meetings

The affairs of the charity are governed by Trustees, who are recruited from members of the public. New Trustees are introduced to their role and responsibilities by the Chairman at which time relevant Charity Commission literature is issued together with copies of The Vine Branch Charity (TVBC's) Constitution. As and when available, Trustees attend recommended trainings or meetings offered by the Charity Commission.

The Trustees hold Board Meetings generally on a quarterly basis and as and when necessary to discuss the charity's policy, financial and operational matters.

Future Plans and Vision

We believe TVBC's Trustees are well experienced and that the two main projects we are currently fundraising for are viable. We therefore think it's just a matter of time for us to find a funder or philanthropist willing to believe in our potential and sponsor us.

Finances

Reserves Policy

According to the Charity Commission's Charity **Financial Reserves Guidance Notes (10th May, 2013)**, "***by law, a charity must spend income it receives within a reasonable period of time unless there's a good reason not to***". In accordance with this, The Vine Branch Charity (TVBC) will maintain its reserves at a level to cover 6 months' core running expenses *of the previous year*. Any surplus reserves held over this amount will be utilised on other charitable activities and projects to be decided by TVBC Trustees and in line with the charity's objects.

Public benefit

In order to ensure that our work is for the benefit of the public, all new work is preceded by scoping and feasibility studies guided by the Vision, Purpose and Mission of TVBC in any particular location.

This covers: 1) Informal consultations with local experts, other charities, local communities and literature review of World Bank, United Nations and

other international organisations' human development indicator reports, Country and National Development Strategies including District and local development plans of the countries we plan to operate in, leading to identification of potential areas of operation with people in need. 2) Once an area with people in need has been identified, introductions of the organisation to local authorities and communities is then made 3) Field surveys with specific objectives, outcomes, activities and budget are then carried out.
