## Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p><b>During the reporting period, the charity recorded a total income of £13,170 and total expenditure of £8,570. This level of income was sufficient to support the continuation of the charity's core activities; however, limited financial resources restricted the trustees' ability to deliver all planned activities and fully advance the charity's objectives during the period.</b></p> <p><b>The charity experienced a modest increase in total assets, primarily as a result of tithes and voluntary donations. Despite this increase, available funds remained insufficient to support the charity's planned programme of activities and longer-term mission goals. A significant proportion of expenditure was incurred in relation to venue hire for weekly services, the delivery of church services, and essential operational and administrative costs.</b></p> <p><b>At the end of the period, the charity's financial position remained fragile, highlighting the need to secure additional and sustainable sources of funding. The trustees continue to monitor the charity's financial position closely and remain committed to improving financial stability. They are confident that, with increased income and careful financial management, the charity will be better placed to expand its activities and deliver public benefit in line with its charitable objectives.</b></p>

# Trustee Report

## Charity Funding and Activities

Our charity's income is primarily derived from tithes and offerings given by members of the church. At this stage, our financial resources are limited and are mainly focused on sustaining the core operation of the ministry. Due to the current level of income, we are not yet able to fully implement the range of charitable activities we aspire to deliver.

At present, our priority is to secure a permanent and suitable place of worship for our congregation. We are currently hiring a hall for weekly services, and a substantial portion of our funds is allocated towards venue hire, maintaining church services, and covering essential running costs. The trustees are actively working on a fundraising plan to enable the church to transition from hiring temporary spaces to renting a small, stable and long-term place of worship. Establishing a permanent base will place the charity in a stronger position to expand its community outreach and charitable work.

Despite financial constraints, the charity continues to operate within its charitable objectives. As part of our community support efforts, we cooperate with HER SAFE NETWORK, an organisation that supports vulnerable individuals. Through this cooperation, we contribute to charitable activities that align with our mission and values.

## Future Plans and Financial Strategy

Looking ahead, the trustees have outlined the following goals:

**Strengthen Financial Stability:** Increase regular giving, seek additional fundraising opportunities and explore possible grant applications to support both operational costs and charitable projects.

**Secure a Permanent Place of Worship:** Continue to raise funds towards renting a dedicated space, allowing us to offer more consistent services and community support.

**Expand Charitable Activities:** Once financially viable, increase our direct charitable outreach, including local community support, welfare initiatives and cooperation-based programmes.

The trustees remain committed to ensuring all funds are used in accordance with the charity's purposes and in a responsible and transparent manner. Our long-term vision is to grow into a stable, community-focused charity with a permanent base, sustainable income and increased capacity to support those in need.

## Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>At the end of this period, the charity generated a gross income of £4,669, with expenditures totalling £731. This limited income has impacted our ability to operate at full capacity, creating constraints on our ability to fulfil some of our charitable objectives. While we saw a slight increase in total assets through donations and offerings, this growth was insufficient to fully support our planned activities and mission goals.</p> <p>Currently, the charity's financial position is unstable, highlighting the need for increased funding to expand our services. We remain committed to our mission and are confident in our ability to achieve our aims as our financial stability improves.</p>
