Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>At the end of this period, the charity generated a gross income of £4,669, with expenditures totalling £731. This limited income has impacted our ability to operate at full capacity, creating constraints on our ability to fulfil some of our charitable objectives. While we saw a slight increase in total assets through donations and offerings, this growth was insufficient to fully support our planned activities and mission goals.</p> <p>Currently, the charity's financial position is unstable, highlighting the need for increased funding to expand our services. We remain committed to our mission and are confident in our ability to achieve our aims as our financial stability improves.</p>
