ESTEEM FOUNDATION REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30 June 2025

The Trustees, for the purposes of the Charities Act 1993 as amended and Statement of Recommended Practice (SORP) 2005, submit their annual report and financial statements for the year ended 30 June 2025. The Trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" issued in March 2005 in preparing the annual report and financial statements of the Charity. Esther Olufunke Ephraim-Medoye, Omotola Tina Ogunbajo, and Oluyemi Akanbi are the first Trustees of the above charity. Esteem Foundation Constitution – is based on the Charity Commission's model governing document for Charitable Incorporated Organisations. The Charity is registered as a CIO on Oct 4th, 2022.

PRINCIPAL ACTIVITIES, AIMS AND ORGANISATION OF THE CHARITY

The principal activities of the charity continue to be the provision of charitable activities. The objects of the charity ("the objects") are:

1. Esteem Foundation offers support to the vulnerable members of the community.
2. We provide essential support to vulnerable women in our community.
3. We provide community food to struggling families.
4. Employment guidance to unemployed people.
5. Crime prevention activities to young adults.
6. Community engagement to the elderly and home support.
7. We support disadvantaged people living in Southwark and surrounding areas.
8. We amplify the sense of belonging and respect for cultural diversity.
9. We support school children with foods and essential needs in support of their wellbeing.

THE MAIN ACHIEVEMENTS OF THE ORGANISATION DURING THE PERIOD WERE:

Esteem Foundation's focus is to support the most disadvantaged in our community. In this reporting period, we focused and delivered on the following areas:

Foodbank parcel distribution: As we commenced on the food distribution during the reporting period we saw an increase in demand month-over-month in our activity.

Financial Resilience education: we offered support to our local beneficiaries on money management, fraud prevention and financial discipline etc.

We also provided winter essential needs (Duvets and toiletries) to some of our beneficiaries.

Esteem Foundation plan is to continue to participate in a number of initiatives, collaborations and reviews related to prevention of poverty. We are engaging with our beneficiaries, other charity networks, Members of Parliament and The Royal London Boroughs Members and Officers to advocate for change on behalf of our beneficiaries.

The trustees confirm that they have referred to the advice contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives, and in planning future Activities. Evidence of public benefit is contained throughout this report. In particular those

sections that quantify distribution of emergency food to those in crisis within the operating Boroughs in London area.

Achievements and Performance

Achievements

We work towards the UN 2030 Sustainable Developmental Goals, and we work within the framework of SDG1 (Zero Poverty), SDG2- (Zero Hunger), SDG 3- (Good health and wellbeing), SDG10- (Reduce inequalities). Despite the slow start we had a successful year for Esteem Foundation. We were able to provide support for families and individuals in various ways. Esteem Foundation achievements are indicative of the resilience, dedication, hard work, and commitment of our trustees, and volunteers that worked tirelessly throughout the year to support our cause and those in need. We are pleased and committed to continue to offer our support and aim to continue to grow with the capacity needed to be able to help more individuals and families in the future. Working with a restricted income, we were able to provide the following due to our grants, donations and kind gestures from our funder and the community:

Cultural Food Project

The main grant that Esteem Foundation received during the period was provided through a grant approval by the Community Fund. The relationship with the Community fund is particularly valuable and unique because they helped us with cash to source Community Food items. This fund provided support to the struggling and most vulnerable Black and Ethnic minorities who are the targeted beneficiaries of the project. We help beneficiaries to cushion the effect of high cost of living crisis through the Food project. The project was funded for 6 months, starting November 2025 with end date of May 2025. Due to logistic issues, the charity did not hold the event in April 2025. By the end of the project period, over 400 families would have benefitted from selected community food items. Events took place at Cossall Tenants Association Community Hall in Nunhead and Queens Road area (SE15) within London Borough of Southwark. Each family benefitted from varied cultural food mix.

PLANS FOR THE FUTURE

Review of Activities

The following are planned changes to our activities, as highlighted below:

Goals for 2025-2026:

Funding & Donations - We want to continue our work to obtain funding to support our various initiatives in order to help more families.

Continuation of cultural food distribution to struggling families. We want to reach out to more areas within the London boroughs where the need is the greatest.

Financial Resilience Education and Awareness – To continue supporting struggling families and those that are vulnerable with the knowledge of money management, fraud prevention, income and expenditure management to improve on their financial wellbeing.

Children Support - We collaborate with families in support of school children especially during the school holiday seasons.

Women Cost of Living Support Programme – To continue supporting women across all age group in Nunhead- Queens Road area of Southwark to cushion the effect of increasing cost of living.

Collaborative Work – Continue to work alongside other charities and organisations with the same values and passions to support more individuals, women/children/families and increase awareness of what we do as an organisation.

Engagement Programme – for over 55, e.g., Befriending initiative project.

Empowerment Support Programme - To signpost and support individuals and families towards self-sustenance, health support, welfare, and housing needs.

INCOME GENERATION

The charity was able to raise a total of £10,200.00 from July 2024 to June 2025. This comprises of grants from the Cultural food Project £10,000 and £200 from members (trustees and non-trustees), hopefully we hope to do better in the following year by more promotional work and support from other non-trustees

RISKS

The factors that may affect the Charity's delivery of its objectives include:

- a) Reputation of Charity and the relationship with the community.
- b) Ability to generate enough funds to successfully complete the identified projects for the charity.

ESTEEM FOUNDATION produces an annual plan for delivery against its objectives. This plan sets out the targets for the year and is then broken down to a work plan. ESTEEM FOUNDATION has developed a strategy, which specifies how it will deliver the key programmes of work. The strategy also identifies targets and performance indicators.

RESERVES POLICY

The Charity aims to build reserve which will enable it to meet its average annual operational need. The Trustees review the reserves held by the Charity on a regular basis to ensure that an appropriate level of funds is held to meet the above policy of the Charity going forward

GOVERNANCE AND INTERNAL CONTROL

A Board of Trustees governs the Charity. New Trustees are selected by the Board of Trustees and are subject to re-election. The chairman is subject to election every four years. Other members of the trustee are subject to re-election every 2-3years. As of 30 June 2025, the Board had a membership of three people.

The Board meets quarterly a year to agree key policy decisions, set the strategy for the charity and oversee its performance. At present the Board has committee members who are responsible for the day-to-day activities of the charity. None of the committee members is being remunerated.

All Trustees receive the handbook for Trustees provided through the Charity Regulator (OSCR). Each Trustee will have an induction programme by other Trustees and receive an information pack on the Charity and its finances. Beyond this the Charity follows the code of practice for governance produced by the Governance Hub.

The Charities Accounts Regulations 2006 requires Trustees to prepare financial statements for each year which follow their regulations.

The systems of internal control are designed to provide reasonable, but not absolute, assurance against material misstatement or loss.

They include:

- A strategic plan and annual budget approved by the Trustees.
- Regular consideration by the Trustees of financial results, in particular variance from budget; and
- Delegation of authority and segregation of duties.

STATEMENT OF TRUSTEES RESPONSIBILITIES IN RESPECT OF THE TRUSTEES' ANNUAL REPORT AND THE FINANCIAL STATEMENTS

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and regulations.

Charity Regulator (OSCR) requires the trustees to prepare financial statements for each financial year in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

The financial statements are required by law to give a true and fair view of the situation of the charitable company and of the excess of income over expenditure for that period.

In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently.
- Make judgements and estimates that are reasonable and prudent.
- State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in its activities.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that its financial statements comply with the Charities Accounts Regulations 2006 as amended. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the charitable company and to prevent and detect fraud and other irregularities.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the objectives of the Charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund are set out in Note 2.

Where income is received in advance, its recognition is deferred and included in creditors. Where entitlement occurs before income being received, the income is accrued.

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to a particular heading, they have been allocated to activities on a basis consistent with the use of resources. Premise's overheads have been allocated on a floor basis and other overheads have been allocated based on the head count.

Community project costs are those costs incurred directly in support of the objects of the Charity. The community project cost includes other support costs incurred in support of the objects of the Charity. Governance costs are those incurred in connection with governance arrangement of the Charity, which relate to the general running of the Charity and compliance with constitutional and statutory requirements. The basis of allocation for support costs and governance costs has been explained in Note 3.

ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" (2005), the Charity Act 1993 and applicable UK accounting standards.

Cash flow statement

Under FRS 1 the Charity is exempt from the requirement to prepare a cash flow statement on the grounds that the charity is below the threshold specified in Appendix 2 of the FRS1.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the objectives of the Charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund are set out in Note 2.

Investment income and gains are allocated to the appropriate fund.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. The grant income where related to performance and specific deliverables are accounted for as the Charity earns the right to consideration by its performance. Where income is received in advance, its recognition is deferred and included in creditors. Where entitlement occurs before income being received, the income is accrued.

Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to a particular heading, they have been allocated to activities on a basis consistent with the use of resources. Premise's overheads have been allocated on a floor basis and other overheads have been allocated based on the head count.

Community project costs are those costs incurred directly in support of the objects of the Charity. The community project cost includes other support costs incurred in support of the objects of the Charity. Governance costs are those incurred in connection with governance arrangement of the Charity, which relate to the general running of the Charity and compliance with constitutional and statutory requirements. The basis of allocation for support costs and governance costs has been explained in Note 3.

2. Objectives and Activities

Purposes of the Charity

The main objects of the Charity, principal activities, and organisation of our work for the public benefits are:

- Esteem Foundation offers support to the vulnerable members of the community.
- We provide community food to struggling families.
- Employment guidance to unemployed people, crime prevention activities to young adults, community engagement to the elderly.
- We support disadvantaged people living in Southwark and surrounding areas.
- We amplify the sense of belonging and respect for cultural diversity.

Main Activities undertaken to Further the Charity's purposes for public benefit.

Esteem Foundation's focus is to support the most disadvantaged in our community.

As we commenced on the food distribution during the reporting period we saw an increase in demand month-over-month in our activity.

Esteem Foundation plan is to participate in a number of initiatives, collaborations and reviews related to prevention of poverty. We aim to engage with our beneficiaries, Members of Parliament and The Royal London Boroughs Members and Officers to advocate for change on behalf of our beneficiaries.

The trustees confirm that they have referred to the advice contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives, and in planning future Activities. Evidence of public benefit is contained throughout this report. In particular those sections that quantify distribution of emergency food to those in crisis within the operating Boroughs in London area.

3. Achievements and Performance

Achievements

We work towards the UN 2030 Sustainable Developmental Goals, and we work within the framework of SDG1 (Zero Poverty), SDG2- (Zero Hunger), SDG 3- (Good health and wellbeing), SDG10- (Reduce inequalities).

Despite the slow start we had a successful year for Esteem Foundation. We were able to provide support for families and individuals in various ways.

Esteem Foundation achievements are indicative of the resilience, dedication, hard work, and commitment of our trustees, and volunteers that worked tirelessly throughout the year to support our cause and those in need. We are pleased and committed to continue to offer our support and aim to continue to grow with the capacity needed to be able to help more individuals and families in the future.

Working with a restricted income, we were able to provide the following due to our grants, donations and kind gestures from our funder and the community:

- **Cultural Food Project**

The main grant that Esteem Foundation received during the period was provided through a grant approval by the Community Fund. The relationship with the Community fund is particularly valuable and unique because they helped us with cash to source Community Food items. This fund provided support to the struggling and most vulnerable Black and Ethnic minorities who are the targeted beneficiaries of the project. We help beneficiaries to cushion the effect of high cost of living crisis through the Food project.

The project was funded for 6 months, starting January 2024 with end date of June 2024. By the end of the project period, about 400 families would have benefitted from selected community food items.

Events took place at Cossall Tenants Association Community Hall (SE15) within London Borough of Southwark. Each family benefitted from varied cultural food mix.

Review of Activities

The following are planned changes to our activities, as highlighted below:

Goals for 2023-2024:

- Funding & Donations - We want to continue our work to obtain funding to support our various initiatives in order to help more families.
- Continuation of cultural food distribution to struggling families. We want to reach out to more areas within the London boroughs where the need is the greatest.
- We intend to support children especially during the school holiday seasons.

- Collaborative Work - Work alongside other organisations with the same values and passions we have to give more individuals, women/children/families support and increase awareness of what we do as an organisation.
- Engagement Programme – for over 55, e.g., Befriending initiative project.
- Empowerment Support Programme - To signpost and support individuals and families towards self-sustenance, health support, welfare, and housing.
