MESSAGE FROM OUR EXECUTIVE DIRECTOR

Dear Reader,

As we look back on another year of tireless efforts, I am filled with immense gratitude for the unwavering commitment of our team, partners, and supporters in the fight to stop the ongoing genocide of the Uyghur people. Together, we have made significant strides in raising awareness, advocating for political change, and amplifying the voices of those who cannot speak for themselves.

This past year, we marked the 75th anniversary of the Convention on the Prevention and Punishment of the Crime of Genocide, a pivotal moment in history when the world came together to declare, "Never again." Yet, despite these promises, we find ourselves confronting the harsh reality that genocide is happening today in the Uyghur region. Millions of Uyghurs are suffering under brutal repression, forced labour, cultural erasure, and unspeakable atrocities at the hands of the Chinese government. The global community's failure to prevent these crimes is a stark reminder of how fragile all of our freedoms truly are.

At Stop Uyghur Genocide, we continue to stand on the frontlines of this critical human rights struggle. Over the past year, we have strengthened our advocacy in Parliament, challenged corporate complicity in Uyghur forced labour, and worked closely with grassroots movements to ensure that the world does not turn a blind eye to these atrocities. We've expanded our team and partnered with influential figures, allowing us to better amplify our message.

I want to extend my heartfelt thanks to everyone who has supported our cause, whether through donations, sharing our social media content, or simply by raising awareness. Your solidarity strengthens our resolve, and your voices are vital in this ongoing pursuit for justice. Together, we will continue to advocate for a world where genocide has no place and where human dignity and freedom are upheld for all. Thank you for standing with us.

With deep appreciation,

Rakima Mahmut

OUR VISION, MISSION, AND VALUES

Our Vision

At Stop Uyghur Genocide, we envision a world where the Uyghur genocide and human rights abuses are eradicated, where the Uyghur people can live with dignity, safety, and freedom. We work towards having a world that not only acknowledges the rich cultural heritage of the Uyghur community but also actively protects their rights, ensuring that their voices are heard and respected.

We believe that the lessons of history remind us of the fragility of freedom and the dire consequences of inaction. Therefore, we are committed to fighting for the freedom of the Uyghur people and ensuring that their struggle is never forgotten, reinforcing the imperative that we must collectively advocate against oppression and tyranny to prevent the loss of liberty for any community.

Our Mission

Our mission at Stop Uyghur Genocide is to prevent the ongoing genocide of the Uyghur people and to advocate fiercely for their rights both in the UK and internationally. We are committed to raising awareness about the severe human rights violations faced by the Uyghur community, including arbitrary detention, forced labour, forced sterilisation, organ harvesting, mass surveillance and cultural erasure. Through strategic advocacy, we aim to influence government policies and mobilise public opinion to support decisive action against these atrocities.

We are calling on the UK government to officially declare the ongoing abuses as genocide and to take appropriate actions in international courts. Additionally, we demand the cessation of all trade that involves Uyghur forced labour and the systemic rights abuses of the Uyghur people. By empowering the Uyghur diaspora and their allies, we ensure that their stories and struggles are at the forefront of the global conversation about human rights, reinforcing the urgency for accountability and justice.

Our Values

Our work is guided by core principles of justice, solidarity, and empowerment. We believe that every individual deserves the right to live free from oppression, tyranny and violence. At Stop Uyghur Genocide, we stand in solidarity with the Uyghur community and all those fighting for justice, recognising the interconnectedness of our struggles.

Later that month, SUG protested outside the Inter-Continental Hotel during the Chinese Embassy's National Celebration Day, standing in solidarity with allies from Hong Kong and Tibet.

Rahima also addressed the *Anti-Slavery Conference* on September 21st, highlighting the urgent need for action against forced labour.

SUG'S CAMPAIGNS, ONGOING INITIATIVES, AND FUTURE PLANS

As SUG moves forward, our focus for the coming year will centre on expanding our advocacy, driving policy change, and solidifying our position as a leading voice for Uyghur human rights in the UK and beyond. Here is an overview of our campaigns and some of the priorities for 2024-2025:

i. Recognition of the Uyghur Genocide

The evidence is clear, the CCP has used physical, digital and genomic surveillance and genetic testing as part of their persecution against the Uyghurs. Our campaign calls on the UK Government to raise the alarm for the community and bring international pressure against the CCP to end the genocide. This essentially starts with a formal recognition of the genocide by the UK Government which is one of the main goals of our campaign.

Our key aim is to continue pushing for significant legislative action to address the Uyghur genocide. In the coming year, we will look to strengthen political engagement by collaborating with allies in Parliament, including MPs and All-Party Parliamentary Groups (APPGs), to secure a commitment from the UK government to recognise the Uyghur genocide and support relevant bills.

ii. Human Rights Abusing Tech

Hikvision and Dahua have been instrumental to the transformation of the Uyghur region into a 'digital gulag' through designing a 'Uyghur alarm' and installing their cameras in the region's network of concentration camps. This equipment is currently littered across UK schools, police stations, hospitals, and government departments. Additionally, China's severe medical abuses have taken place following forced genomic surveillance and mass collection of the Uyghur population's genetic data. Evidence shows China is acquiring large datasets of DNA and subsidising its national champions – BGI Group and MGI Tech – to dominate the global genomics industry. UK government departments, academia, and businesses with access to biotechnology and genomics data are targets for China.

Through our *Human Rights Abusing Tech* campaign, we will continue urging the UK Government to refrain from collaboration and ban the sale of human rights-abusing technology, including standing firmly against unethical practices in genomics industry.

iii. Tackling Uyghur Forced Labour

The products of Uyghur forced labour are currently flooding the UK supply chains, with over 17 major industries implicated in the Chinese government's human rights violations. Despite the scale of the crisis, the UK is currently falling behind other nations on policy measures to tackle modern slavery and genocide. Some of the companies sourcing from the Uyghur region are selling their products to the UK market, where there are currently no import bans in place. SUC's *Tackling Uyghur Forced Labour* campaign challenges the UK government, councils, and businesses to take action to ensure that they are not benefiting from the extensive and systematic forced labour of the Uyghur people.

A. Business Accountability

Our campaign calls on the UK Government to enact robust legislation to effectively eliminate Uyghur slave labour from the UK market. We urge the strengthening of the Modern Slavery Act through amendments, support relevant bills, and advocate for the introduction of import bans, similar to legislation in the U.S. and EU. SUC has recently spearheaded the submission with our recommendations to the House of Lords Modern Slavery Act 2015 Committee in collaboration with our partners.

B. Tackling Solar Slavery

Evidence of Uyghur forced labour within the solar industry is abundant. 95% of solar panels rely on solar grade polysilicon, with the Uyghur Region producing around 35% of the world's supply. Stop Uyghur Genocide's Tackling Solar Slavery campaign is the UK's first campaign to clean up the councils' solar supply chains and advocate for a stronger UK Government's response in this matter. In the long term, this campaign aims to ensure governments, businesses, and investors are putting human rights at the centre of our just transition to renewable energy.

C. Fashion without Forced Labour

20% of the world's cotton originates from the Uyghur region. This means that 1 in 5 cotton garments are tainted with Uyghur forced labour. This campaign calls for brands with subsidiaries in the UK to ensure they are not complicit in the Chinese government's egregious crimes by rooting out Uyghur forced labour from their supply chains. One of our recent and significant initiatives that is currently ongoing includes launching a legal bid against Shein - the rapidly growing Chinese online fast-fashion company - in June 2024, from going public on the London Stock Exchange.

Conclusion

Looking ahead, SUC will continue to build on its successes, strengthen its campaigns, and push for meaningful policy changes. We are dedicated to raising awareness, holding those responsible to account, and fighting for justice for the Uyghur people.

SUG OPPORTUNITIES AND FUTURE PLANS

As SUG moves forward, our focus for the coming year will centre on expanding our advocacy, driving policy change, and solidifying our position as a leading voice for Uyghur human rights in the UK and beyond. Here's an overview of our goals and priorities for 2024-2025:

Advancing Advocacy and Policy Change

Our key aim is to continue pushing for significant legislative action to address the Uyghur genocide. In the coming year, we will look to strengthen political engagement by collaborating with allies in Parliament, including MPs and All-Party Parliamentary Groups (APPGs), to secure a commitment from the UK government to recognise the Uyghur genocide and support relevant bills. We will also work with established supporters like Lord Alton and Baroness Kennedy, aiming to achieve stronger legal protections against forced labour and human rights abuses.

Increase Corporate Accountability

Our campaigns will focus on securing commitments from the UK councils and businesses to eliminate products linked to Uyghur forced labour, particularly through our *Tackling Solar Slavery* initiative. Working with organisations like Anti-Slavery International, we will advocate for ethical alternatives and influence UK procurement policies to combat the use of forced labour.

We will also intensify our efforts against fast-fashion giant *Shein*, whose supply chains are reportedly tainted by Uyghur forced labour. This campaign will involve collaboration with anti-slavery groups and aim to push for greater transparency and accountability within the fashion industry.

Expanding Global Awareness and Partnerships

To amplify our efforts, we will continue to build and strengthen key partnerships by Collaborating with international bodies and working with influential partners such as the US Embassy, UNISON, and cross-party groups like IPAC to bolster our global advocacy. By organising joint events, roundtable discussions, and cultural programmes, we aim to broaden our network and ensure international support for our cause.

We will look to further enhance media coverage and public engagement in order to push the Uyghur crisis to the forefront of public discourse, leveraging our existing relationships with media outlets such as Sky News and *The Guardian* to maintain pressure on both the UK government and international stakeholders.

Legal Action and Strategic Litigation

In 2024, we will focus on pursuing legal avenues to hold those responsible for atrocities accountable:

- **Push for sanctions and import bans:** We will continue to advocate for restrictions on goods produced using Uyghur forced labour, working with legal partners to influence policy changes across sectors like solar energy and technology.
- **Strengthen legal partnerships:** Collaborating with organisations such as the Global Legal Action Network (GLAN), we will support cases and policy proposals aimed at challenging China's genocidal actions and those complicit in forced labour.

Empowering the UK Uyghur Community

Empowering the Uyghur community in the UK remains central to our mission and values. We will continue to support cultural preservation by hosting cultural events, collaborating with groups like the Miras Silk Road Collective to ensure Uyghur culture continues to thrive and gain visibility. Furthermore, we aspire to inspire the next generation by establishing youth ambassador programmes; we will encourage young Uyghur voices to take part in advocacy, helping them engage with the wider movement and share their stories.

Strengthening Organisational Resilience

To ensure the sustainability and effectiveness of *Stop Uyghur Genocide*, we will grow financial capacity: We will seek new funding opportunities and organise key fundraising events, such as an annual dinner, to support the long-term growth of our organisation.

We have successfully recruited a new Communications Officer and will continue to grow our team by adding key roles, such as a Policy Officer. Alongside this, we will provide training to ensure our staff remain resilient, motivated, and equipped to drive our mission forward.

Conclusion

Looking ahead, SUG will continue to build on its successes, strengthen its campaigns, and push for meaningful policy changes. We are dedicated to raising awareness, holding those responsible to account, and fighting for justice for the Uyghur people.

Dear Sirs,

We confirm that the following representations are made on the basis of enquiries of management and staff with relevant knowledge and experience and, where appropriate, of inspection of supporting documentation, sufficient to satisfy ourselves that we can properly make each of the following representations to you, in connection with your preparation and independent examination of the charity's financial statements for the period ended 31/12/2023.

- 1 We acknowledge, as trustees, our collective responsibility under the Charities Act 2011 for presenting financial statements, which give a true and fair view and confirm that we have approved the financial statements for the period ended 31/12/2023. We also acknowledge our responsibility for making accurate representations to you. All the accounting records have been made available to you for the purpose of your assignment and all the transactions undertaken by the charity have been properly reflected and recorded in the accounting records. All other records and related information, including minutes of all trustee and management meetings, have been made available to you.
- 2 We confirm that the charity is eligible for an independent examination of its financial statements, and that there are no circumstances which we should draw to your attention which would invalidate this eligibility. We acknowledge that the work performed by you is substantially less in scope than an audit performed in accordance with International Standards on Auditing (UK).
- 3 We confirm that the accounting policies and estimation techniques adopted for the preparation of the financial statements are the most appropriate to the circumstances in which the charity operates.
- 4 All grants, donations and other incoming resources, the receipt of which is subject to specific terms or conditions, have been notified to you. There have been no breaches of terms or conditions during the period in the application of such incoming resources.
- 5 Other than those disclosed in the financial statements we are not aware of any material liabilities, provisions, contingent liabilities, contingent assets or contracted for capital commitments that need to be provided for or disclosed in the financial statements.

- 6 The charity has satisfactory title to all assets and there are no liens or encumbrances on the charity's assets except as disclosed in the notes to the financial statements.
- 7 Other than those disclosed in the financial statements, the charity has not entered into any transactions or has balances outstanding involving trustees, officers or other related parties, which require disclosure under the law or the financial reporting framework adopted, including the Charities SORP. If relevant, appropriate disclosure has been made of the control of the charity.
- 8 We acknowledge our responsibility for the design and implementation of internal controls to prevent and detect errors or fraud, and have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud. We are unaware of any irregularities, including fraud and suspected fraud, involving management, employees or others who have significant roles in internal control, or those employed by the charity where the fraud could have a material effect on the financial statements. No allegations of such irregularities or breaches have come to our notice.
- 9 We are unaware of any breaches or possible breaches of statute, regulations, contracts, agreements or the charity's constitution which might result in the charity suffering significant penalties or other loss. No allegations of such irregularities or breaches have come to our notice. We confirm that the charity has had no non-routine communication with Charity Commission during or since the period of which you are unaware.
- 10 We have reviewed the affairs of the charity and confirm that no income is subject to income or capital gains tax. We have also reviewed the VAT treatment in relation to contractual services provided by the charity and confirm that VAT has been correctly accounted for
- 11 The financial statements have been prepared on the going concern basis as we believe that adequate cash resources will be available to cover the charity's requirements for working capital and capital expenditure for at least the next twelve months. We are not aware of any other factors which could put into jeopardy the charity's going concern status during or beyond this period.
- 12 There have been no events since the balance sheet date which necessitate revision of the figures included in the financial statements or inclusion of a note thereto. Should further material events occur, which may necessitate revision of the figures included in the financial statements or inclusion of a note thereto, we will advise you accordingly.
- 13 We confirm that the charity has adequate procedures in place to identify intangible income and all intangible income has been appropriately valued and included in the financial statements.

Yours faithfully,

Ms M Haenson-Gross,
Signed on behalf of the board of trustees
