

Loos4Learning – Annual return for period 28th October 2022 to 30th April 2023

Charity Number – 1200847

Trustees report

L4L was established as a charity in October 2022 with the objectives being:

- To support schools in the Ashanti Region of Ghana improve (where they exist) toilet facilities and in building new ones where required.
- To support schools in Ghana with their work on hygiene and health issues linked with the provision of toilets.

As expected, it was a slow start before activities gained momentum. The time it took in setting up a bank account also contributed to a slow start. Trustees did develop a constitution base on available guidelines and does include financial guidelines and scrutiny.

Committee meetings follow a three-monthly schedule, and the AGM is open to all members.

In this reporting period we did receive a donation from a committee member who undertook a sponsored walk, a donation from the Lions Club and a donation from a supporter.

Future activities – trustees together with committee members will launch a fundraising campaign using an international fundraising platform as well as organising a series of smaller fundraising activities.

Based on planned activities, trustees anticipate that the next report submitted will be more substantial.

Gross Income	Expenditure	Date	Total
Sponsored Walk		10.02.2023	1259.46
Donation		10.02.2023	1358.00
Donation		10.02.2023	1000.00
