## Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Having previously delivered several thousand pounds worth of life-saving equipment to Neonatal Intensive Care Units (NICUs) in Kharkiv and Mykolaiv, we maintain regular contact with the colleagues to jointly carry out needs assessments and plan our activity accordingly. Over the 2023-2024 period, we found the situation with supplies and equipment in Ukraine to be satisfactory. We therefore did not actively engage in raising funds and held financial reserves to ensure that the charity can continue to support babies treated in Ukrainian NICUs as their needs arise.

## Financial Review

Review of the charity's	Para 1.21	As of the end of the 2023-2024 reporting
-------------------------	-----------	------------------------------------------

financial position at the end of the period		<p>period, the charity's financial position remains stable and secure.</p> <p>The charity has no outstanding debts or significant financial commitments that could impact its financial stability.</p>
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	<p>The primary reason for holding reserves is to ensure that the charity can continue to support neonatal intensive care units (NICUs) in Ukraine as their needs arise. During the 2023-2024 period, the charity raised more funds than were necessary to meet the immediate needs for supplies and equipment. The surplus funds have been set aside as reserves to be used in future periods.</p>
Amount of reserves held	Para 1.22	<p>Remaining funds: £425</p> <p>These reserves will be allocated to purchasing supplies and equipment based on the evolving needs of our Ukrainian colleagues. The charity maintains regular contact with NICUs in Ukraine to monitor their requirements. As new needs are identified, the reserves from 2023-2024 will be combined with future fundraising efforts.</p>
Reasons for holding zero reserves	Para 1.22	n/a
Details of fund materially in deficit	Para 1.24	n/a
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	<p>The trustees have identified no uncertainties about the charity's ability to continue as a going concern.</p> <p>During the 2023-2024 period, the charity experienced a reduction in turnover compared to the previous years. This decrease is attributed to the charity's specific mission to support neonatal intensive care units (NICUs) affected by the humanitarian crisis in Ukraine. As the situation in these NICUs temporarily improved, their immediate needs decreased, resulting in a lower requirement for funds and a reduced volume of equipment purchases and supplies during this period.</p> <p>The trustees maintain regular contact with NICUs in Ukraine to monitor their needs continuously. This allows the charity to respond promptly and effectively as the situation evolves, ensuring that resources are allocated efficiently and according to the most current needs.</p> <p>Based on the ongoing monitoring and the current financial position, the trustees have a reasonable expectation that the charity will have adequate resources to continue operating for the foreseeable future.</p>
