Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The prevention and relief of poverty of individuals and communities in Ghana by assisting them to access facilities and equipment so that they can achieve a basic standard of living and all the necessary support designed to enable individuals to generate a sustainable income and be self-sufficient.

To advance the education of children in Ghana by providing and assisting in the provision of facilities and equipment not required to be provided by the local education authority to schools such as providing books, stationery and other resources.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

At this time, no activities have been undertaken by the charity. The reasons for this include waiting for funding and ongoing planning. We are actively working towards launching future initiatives that align with our charitable objectives and will provide public benefit in the coming period.

Statutory Declaration by Trustees

In line with the requirements of the Charity Commission, the trustees confirm that they have had regard to the guidance issued on public benefit. Despite the lack of activity at this time, the trustees remain committed to ensuring that all future activities will comply with the public benefit requirement, as outlined in the guidance. We are in the process of finalising plans to begin carrying out activities that will serve the public and fulfil our charitable mission.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During the period, the charity has focused primarily on the foundational work required to begin delivering its charitable activities. While we have not yet been able to launch active programmes due to delays in securing funding, we have made significant progress in the following areas.

Fundraising Efforts

We have actively sought funding opportunities and engaged with potential donors and partners to secure the necessary financial support to launch our programs. We have made progress in this area and are optimistic that we will begin activities in the near future once the necessary funds are secured.

Strategic Planning and Development

The charity has spent considerable time developing and refining our strategic plan to ensure that our future activities will be impactful and aligned with our charitable objects. This planning has involved defining clear goals, identifying the target beneficiaries, and establishing frameworks for measuring the success and public benefit of our initiatives.

Partnership Building

We have established key partnerships with organisations and stakeholders who will play a vital role in supporting our work once it commences. These partnerships will enhance the delivery of our programmes and extend the charity's reach.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity's policy on reserves is to maintain a level of financial reserves to ensure the charity's long-term financial stability and to provide a buffer for unexpected costs or periods of reduced income.

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
