Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The Charity has run several projects with the funding that has been received. Inspire2Box has worked with approximately 250 children and young people over the financial year.</p> <p>Projects have supported local community plans and strategies by strengthening community spirit and belonging by bringing together young people from different backgrounds. A safe and trusted space has been provided to connect with each other using physical activity as a means and purpose.</p> <p>The sessions have made the following differences to the lives of the young people who participated:</p> <ul style="list-style-type: none"> Stress relief has been an immediate mental benefit. The intense physical exertion involved in boxing has served as a powerful outlet for pent-up stress and frustration. The young people have been taught how to punch a bag and focus on simple combinations which has contributed to them leaving the gym feeling mentally refreshed and emotionally lighter. Boosting self- confidence – the young people have learnt new techniques, improved their fitness and overcome physical challenges which has left them feeling a profound sense of accomplishment. Anecdotally we are aware that this increased confidence often translates into other areas of life, empowering young people to face personal and professional challenges with greater assurance.

		<ul style="list-style-type: none"> Cultivating mental toughness and resilience – the sessions have required discipline, focus and the ability of the young people to push through discomfort. The young people have been taught how to defend themselves which has provided a sense of empowerment that is hard to match. Knowing that they can protect themselves has helped to alleviate any anxiety around this as well as increase an overall feeling of security. <p>By combining physical exertion with mental challenge, the sessions have offered these young people a holistic approach to mental and emotional well-being, fostering strength not just in body but in mind and spirit as well.</p>
