PHOENIX VILLAGE CIO
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2025

The trustees present their report with the financial statements of the charity for the year ended 31 March 2025. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objectives of the charity are to promote the mental, physical and moral development of young people and to provide opportunities for them to develop their skills, capacities and capabilities to enable them to participate in society as independent, mature and responsible individuals.

Significant activities

The organisation will work with under-privileged young people, including

- (a) care leavers
- (b) those caught up in gang culture or at risk from drugs or alcohol addiction
- (c) refugees.

Each group of young people will take part in a programme designed to improve their skills and capabilities and develop their self-confidence so that they can move on to apprenticeships, employment or further education.

Through the programme:

- 1 The young people will have the opportunity to gain work experience on a rotational basis in a range of different types of work, such as woodwork, printing, baking, tailoring, metalwork, leatherwork, film radio and video. It is intended that some of these will be through activities run by the organisation and that other work experience opportunities will be provided through businesses that rent space in the building leased to the organisation. If they settle into a specific interest, the option of apprenticeships will be discussed with them. They will also be signposted to other organisations that provide further skills training or educational opportunities.
- 2 The young people will have the opportunity to develop life skills such as money-management and budgeting.
- 3 They will be provided with one-to-one mentoring support. This mentoring will continue after they leave the programme.
- 4 They will learn about healthy living and be able to participate in activities that promote physical and mental health, such as exercise classes and meditation.

Public benefit

The work of the organisation will focus on young people who have slipped through the cracks of the education and social system and who are not engaging in apprenticeships, further education or employment. Many of these young people are at risk of falling into addiction or becoming involved in criminal activities.

The programmes run by the organisation will seek to provide these young people with opportunities and support so that they can gain the self-confidence and capabilities needed to be able to progress.
