Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The objects of the CIO for the public benefit are the relief of poverty and financial hardship of persons in Huddersfield, in particular but not exclusively, by the provision of almshouses and keeping the almshouses well maintained and in good repair.

In planning our activities for the year, trustees kept in mind the Charity Commission's guidance on public benefit at trustee meetings.

Our activities centre around the provision and maintenance of four almshouses for those in need. This enables the charity to provide affordable housing for those with low income or experiencing financial hardship.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Charity does not make grants.

The Charity maintains both Extraordinary Repair and Cyclical Maintenance funds which are funded by the weekly contributions made by the beneficiaries.

Other than the trustees, the charity does not engage volunteers. The voluntary contribution made by the trustees enables the charity to meet its charitable purpose and ensure this provision continues into the future. Without the time and energy the trustees give, the charity would not have been able to undertake the measure of improvements required.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The four cottages have been fully occupied throughout the year.

Following a stock condition survey in 2022 commissioned by the unincorporated charity, the charity embarked on a number of projects to improve the condition of the properties. Extensive damp works continued, including internal damp proof courses, installation of extraction fans, external weatherproof coating to walls and redecoration as required. This work was completed in November 2024.

A boiler replacement to one of the properties was necessary in addition to other maintenance and repair work.

Brief statement of the charity's policy on reserves

The Charity has adopted a reserves policy and recognises the need to have sufficient funds in reserve readily available as, or convertible into cash to cover day to day expenditure, especially in the event that there is a reduction in Weekly Maintenance Contribution income following the departure of beneficiaries pending new beneficiaries being appointed.

In order to mitigate this risk, the Trustees have calculated that free reserves of £15,000 would be needed to allow the charity to operate for at least 12 months without income from WMC.

An Extraordinary Repair Fund is kept for those large repairs, for example window replacement, which occur intermittently during the life of a property. A Cyclical Maintenance Fund exists for maintenance which requires review biennially, every three years or every five years.

Details of any funds materially in deficit

The reserve fund (Extraordinary Repair Fund for the purpose of providing for the extraordinary repair, improvement or rebuilding of the almshouses) has been depleted with the recent cost due to extensive repairs to the buildings. The trustees are committed to replenishing this fund with annual transfers over the coming years to fund future large maintenance or repair projects.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The four cottages located at 5-8 Birkby Fold, Huddersfield (the almshouses) are the main source of income for the charity. The beneficiaries make a weekly contribution which primarily funds maintenance costs.

Repair costs this year included final payments for the damp works which supports the key objective of maintaining the almshouses and keeping them in good repair.

This year also included the final legal fees of £1600 relating to the incorporation of the charity, which will ensure the charity structure is robust for the future.

The Charity recognises the need for investment income to meet any excess of costs over income and has resolved to maintain reserves to generate such income. The funds set aside for the Extraordinary Repair and Cyclical Maintenance Funds are maintained in investments (when appropriate) to help cover any excesses. Having depleted these funds with the remedial works undertaken this year, the trustees are committed to replenishing these through annual transfers. Costs relating to extraordinary repair that exceeded the funds available within the Extraordinary Repair Fund were met from general reserves.

The Charity has adopted an Investment Policy. The overall investment objective is to produce best financial return with an acceptable level of risk. For this reason, the Charity utilised fixed term deposits to increase returns with minimal risk. The Investment Policy includes ethical guidelines and The Charity of Thomas Holroyd will, to the best of their abilities and knowledge, not invest in: the tobacco industry, armaments, gambling, pornography, environmentally polluting enterprises or those that do not encourage equality and diversity.

Trustees are able to claim for expenses. However, no expenses were claimed or paid to trustees during the year. Trustees have individually chosen not to claim for low cost items such as office consumables during the financial year.

The charity reimbursed a total of £70 of additional costs incurred by a beneficiary as a result of a boiler replacement.

Section F**Other optional information**

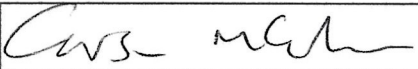

Effective from 30 June 2024, the Charity Commission issued a scheme which discharged them from their trusteeship of the land situated at 5,6,7 & 8 Birkby Fold, Huddersfield. The title to the land was transferred and vested by the scheme in the CIO as sole corporate trustee to be held on trust as functional permanent endowment for the objects specified.

Any sums held on trust in investments to provide an income have had restrictions lifted by the Charity Commission.

CHARITY OF THOMAS HOLROYD

NOTES TO THE ACCOUNTS

Period: 01 October 2024 to 30 September 2025

These accounts have been prepared under the receipts and payments basis.

The Trustees confirm that the accounts comply with the appropriate legal requirements – that is, that the gross recorded income from all sources did not exceed £250,000 and that the charity is a CIO and not a company incorporated under the Companies Acts.

The Trustees' Annual Report has been prepared to comply (on a voluntary basis and as far as possible) with the requirements of the FRS 102 SORP applicable to larger charities.

To comply with the Charitable Incorporated Organisations (General) Regulations 2012, the Trustees confirm that:

- a) No guarantees have been given by the CIO (and therefore no potential liability is outstanding at the date of the statement of assets and liabilities); and
- b) The CIO has no debts secured by any express charge on any assets of the CIO (and therefore no outstanding debts secured by any charge on its assets at the date of the statement of assets and liabilities).

Trustees receive no remuneration, and no expenses were claimed during the period. Individual Trustees chose to waive costs for administrative consumables such as stamps, paper and printer ink and the minimal travel costs associated with the role.

The CIO is linked to the original unincorporated charity of the same name under number 1201510-1. The assets of the unincorporated charity were transferred to the CIO by means of a cy pres and administrative scheme effective 30 June 2024. Under the scheme, any restricted funds held in investments were released,

You may choose to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The CIO is linked to charity number 1201510-1 (Charity of Thomas Holroyd), which was the original, unincorporated operating charity. The assets of the unincorporated charity were transferred to the new CIO effective 30 June 2024. The CIO is the sole, corporate trustee of the linked charity.

The trustees have implemented the following policies: Antisocial Behaviour, Complaints, Conflict of Interest, Data Protection, Equality & Diversity, Financial procedures, Health & Safety, Investment, Payment of Staff, Reserves, Risk Management, Safeguarding, Trustee Induction and Volunteers. These are reviewed annually at the annual trustees meeting.

The Charity is a member of the Almshouses Association.

Connect Housing Association provide support with collection of weekly contributions and property management matters.

Geckops provide property maintenance advice and solutions.

The trustees consider the greatest risks to the Charity are financial viability following loss of weekly maintenance contributions and finding trustees for the future. To address these risks, the trustees recognise the need to maintain, wherever possible, free reserves of £15,000 to allow the charity to operate for 12 months without income.

Summary of the objects of the charity set out in its governing document

The objects of the CIO for the public benefit are the relief of poverty and financial hardship of persons in Huddersfield, in particular but not exclusively, by the provision of almshouses and keeping the almshouses well maintained and in good repair.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In planning our activities for the year, trustees kept in mind the Charity Commission's guidance on public benefit at trustee meetings.

Our activities centre around the provision and maintenance of four almshouses for those in need. This enables the charity to provide affordable housing for those with low income or experiencing financial hardship.

Extensive damp works were begun which included internal damp proof courses, installation of extraction fans, external weatherproof coating to walls and redecoration as required. This work is due to be completed early in the next financial year.

Other remedial works have been undertaken to improve the condition of the properties with the aim of maintaining and preserving the almshouses for the future and to improve the living conditions for the beneficiaries.

Section E

Financial review

Brief statement of the charity's policy on reserves

The Charity has adopted a reserves policy and recognises the need to have sufficient funds in reserve readily available as, or convertible into cash to cover day to day expenditure, especially in the event that there is a reduction in Weekly Maintenance Contribution income following the departure of beneficiaries pending new beneficiaries being appointed.

In order to mitigate this risk, the Trustees have calculated that free reserves of £15,000 would be needed to allow the charity to operate for at least 12 months without income from WMC.

An Extraordinary Repair Fund is kept for those large repairs, for example window replacement, which occur intermittently during the life of a property. A designated Cyclical Maintenance Fund exists for maintenance which requires review biennially, every three years or every five years.

Details of any funds materially in deficit

The reserve fund (Extraordinary Repair Fund for the purpose of providing for the extraordinary repair, improvement or rebuilding of the almshouses) has been depleted with the recent costs of extensive repairs to the buildings. The trustees are committed to replenishing this fund with annual transfers over the coming years to fund future large maintenance or repair projects.

Further financial review details (Optional information)

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The four cottages located at 5-8 Birkby Fold, Huddersfield (the almshouses) are the main source of income for the charity. The beneficiaries make a weekly contribution which primarily funds maintenance costs.

Expenditure on damp proofing and repairs caused by damp has increased costs this financial year, however, this has supported the key objective of maintaining the almshouses and keeping them in good repair.

Legal fees to finalise the incorporation of the charity amounted to £17,000. Incorporation was necessary to ensure the charity structure is robust for the future.

The Charity recognises the need for investment income to meet any excess of costs over income and has resolved to maintain reserves to generate such income. The funds set aside for the Extraordinary Repair and Cyclical Maintenance Funds are maintained in investments (when appropriate) to help cover any excesses. Having depleted these funds with the remedial works undertaken this year, the trustees are committed to replenishing these funds through annual transfers. Costs relating to extraordinary repair that exceeded the funds available within the Extraordinary Repair Fund were met from unrestricted funds.

The Charity has adopted an Investment Policy. The overall investment objective is to produce best financial return with an acceptable level of risk. For this reason, the Charity utilised fixed term deposits to increase returns with minimal risk. The Investment Policy includes ethical guidelines and The Charity of Thomas Holroyd will, to the best of their abilities and knowledge, not invest in: the tobacco industry, armaments, gambling, pornography, environmentally polluting enterprises or those that do not encourage equality and diversity.

Trustees are able to claim for expenses. However, no expenses were claimed or paid to trustees during the year. Trustees have individually chosen not to claim for low cost items such as office consumables during the financial year.

The charity reimbursed a total of £730 of additional costs incurred by beneficiaries as a result of the repairs to the properties.

Section F Other optional information

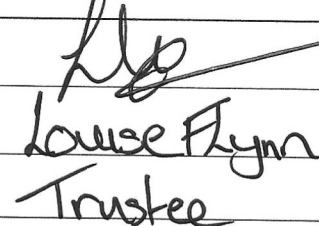

Effective from 30 June 2024, the Charity Commission issued a scheme which discharged them from their trusteeship of the land situated at 5,6,7 & 8 Birkby Fold, Huddersfield. The title to the land was transferred and vested by the scheme in the CIO as sole corporate trustee to be held on trust as functional permanent endowment for the objects specified.

CHARITY OF THOMAS HOLROYD

NOTES TO THE ACCOUNTS

Period: 01-Oct-23 to 30-Sep-24

These accounts have been prepared under the receipts and payments basis.

The Trustees confirm that the accounts comply with the appropriate legal requirements – that is, that the gross recorded income from all sources did not exceed £250,000 and that the charity is a CIO and not a company incorporated under the Companies Acts.

The Trustees' Annual Report has been prepared to comply (on a voluntary basis and as far as possible) with the requirements of the FRS 102 SORP applicable to larger charities.

To comply with the Charitable Incorporated Organisations (General) Regulations 2012, the Trustees confirm that:

- a) no guarantees have been given by the CIO (and therefore no potential liability is outstanding at the date of the statement of assets and liabilities); and
- b) the CIO has no debts secured by any express charge on any assets of the CIO (and therefore no outstanding debts secured by any charge on its assets at the date of the statement of assets and liabilities).

Trustees receive no remuneration, and no expenses were claimed during the period. Individual trustees chose to waive costs for administrative consumables such as stamps, paper and printer ink and the minimal travel costs associated with the role.

The CIO is linked to the original unincorporated charity of the same name under number 1201510-1. The assets of the unincorporated charity were transferred to the CIO by means of a cy pres and administrative scheme effective 30 June 2024. Under the scheme, any restricted funds held in investments were released.

Section B Structure, governance and management

Description of the charity's trusts

Type of governing document	Constitution
How the charity is constituted	CIO
Trustee selection methods	A new trustee may be appointed by resolution at a properly convened meeting of the charity trustees. Trustees are appointed for a term of 3 years and are eligible for reappointment for a maximum of three consecutive terms. A new appointment begins only after the minute book has been signed with a declaration of acceptance and willingness to be appointed as a trustee. Trustees are selected with regard to the skills, knowledge and experience needed for the effective administration of the CIO.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Although the CIO has been registered, the transfer of assets has yet to be completed and this is anticipated during the next Financial Year.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the CIO for the public benefit are the relief of poverty and financial hardship of persons in Huddersfield, in particular but not exclusively by the provision of almshouses and keeping the almshouses well maintained and in good repair.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The CIO is currently inactive but anticipates taking over the activities of the unincorporated charity of the same name (charity number 224933) during the next Financial Year.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The CIO is currently inactive but anticipates taking over the activities of the unincorporated charity of the same name (charity number 224933) during the next Financial Year.

Section E

Financial review

Brief statement of the charity's policy on reserves

The CIO is currently inactive but anticipates taking over the activities of the unincorporated charity of the same name (charity number 224933) during the next Financial Year.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
