STATEMENT FROM THE CEO AND FOUNDER

Dear Supporters, Partners, and Friends,

In times of unprecedented challenge, the resilience and determination of the Ukrainian people shine brightly as our name Svilo - light in Ukrainian. At Svitlo Education, we see this spirit every day as we work to address the urgent educational challenges created by the ongoing war in Ukraine. Children who once thrived in classrooms now face disruptions, uncertainty, and the emotional toll of displacement. Yet, amidst these trials, the thirst for learning and hope remains unbroken but the opportunities are not there.

Svitlo Education was founded to address these issues and educate the future social and political leaders of Ukraine with democratic values and excellent English skills. Our mission is simple but profound: to restore access to education, rebuild opportunities for growth, and ensure that no child's potential is lost to the chaos of war. Through innovative digital learning experiences offered by our amazing teaching volunteers, safe educational spaces, and inclusive community, we are empowering children to dream again and realise that now is the time to work for their future.

This impact report is a testament to what we can achieve together. Thanks to your generosity, we've reached thousands of children, supported Ukrainian teachers in growing professionally and provided critical resources where they are needed most. But the work is far from done. Millions of children still face barriers to education—barriers we cannot overcome without your continued support.

Education is not just about books and lessons; it's about hope, stability, and the promise of a better tomorrow. By supporting Svitlo Education, you become a vital part of this journey—a light in the darkness for Ukraine's children. Together, we can ensure that their future is not defined by conflict but by community, learning, and resilience.

Thank you for believing in the power of education to transform lives, even in the most difficult of times. Your support fuels our mission and strengthens the hope that brighter days are ahead.

With deepest gratitude,

Yuliya Kosko,
Founder and CEO

VISION

WHY WE EXIST

UKRAINE IS FACING SIGNIFICANT DISRUPTION IN EDUCATION

1/7 schools

in Ukraine is damaged due to war, with over 3,795 educational institutions impacted and 365 destroyed.

64%

of Svitlo students are worried for their ability to enrol in the university or find a job in the future due to the war.

7032 hours

(equivalent to 293 days or 9.6 months) children in frontline regions had to spend between 24 February 2022 and 24 November 2024 sheltering due to the air raids.

9/10 children

are suffering from psychological and emotional stress. Among them, the most common issues are feeling unsafe or fearful (73%), disinterest in learning (64%), and sadness or low self-confidence (54%).

53%

said that they needed more interesting lessons when asked what would improve their education.

54%

of Ukrainian teachers are professionally 'burned out'.

Nevertheless, Ukrainian children and their families do everything possible to continue their education, with 93% of children attending schools (in-person, remotely or mixed) despite the ongoing war.

MISSION

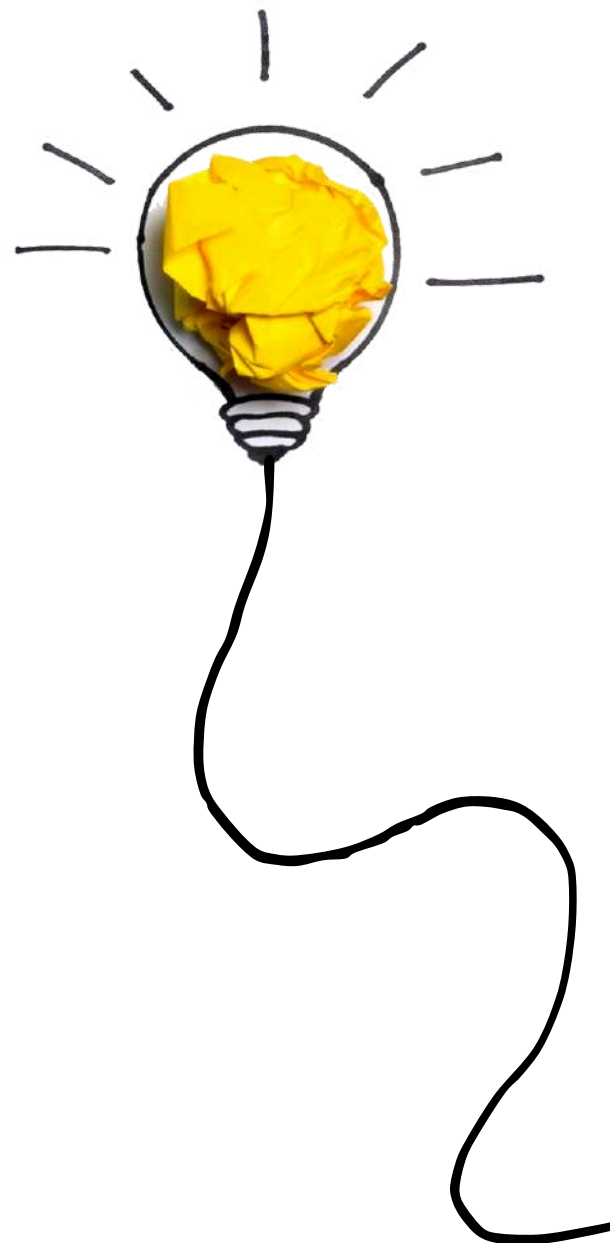

We support Ukrainian children aged 10-18 who currently reside in Ukraine or have been forced to leave the country.

We believe that the next generation of Ukrainians has to be empowered with English and world-class education to lead Ukraine into a democratic world.

Our mission is to empower the future political, social and business leaders of Ukraine to become confident global citizens.

We aim to:

1. Provide children with a sense of **stability** and show **solidarity** from across the world.
2. Develop excellent **English skills** in our pupils.
3. Equip students with **academic and practical knowledge** beyond the Ukrainian curriculum.
4. Teach **transferable skills**, analytical thinking, and communication skills.
5. Empower students to **dream bigger** and show them how to achieve their goals.
6. Offer opportunities to **grow confidence** and excite them about the future.
7. Provide pupils with a **safe and supportive environment** to achieve their ambitions.
8. **Prepare a new generation** of Ukrainian leaders for the time when they will rebuild Ukraine and foster connections with the rest of the world.

2024, WHAT A YEAR!

LET THE NUMBERS DO THE TALKING...

564

New students joined Svitlo.

27

New teachers volunteered for Svitlo.

59

New lessons taught.

2247+

Hours of teaching offered to our students.

8

New partners supporting Svitlo.

45

Scholarships awarded to Svitlo student by our partners.

28 students + 1 teacher

Went to the summer schools in UK and the USA.

15

15 student competitions, including individual and team festive contests within Svitlo, as well as external team competitions.

34

Student projects that took place outside classes.

537

Books in English collected and shipped to Ukraine.

13

Laptops purchased for teachers of English in Ukraine.

4

sky news

Media features, including Sky News.

Students who joined us in the past year

Our new students ($\frac{2}{3}$ female, $\frac{1}{3}$ male) have joined us from various locations across Ukraine:

- 67% are from regional capital cities,
- 23% from small towns,
- 10% from villages.

Additionally, 17% of our students are based outside Ukraine. These students come from countries such as Poland, Germany, Italy, Romania, Moldova, the UK, Czech Republic, Lithuania, Turkey, Ireland, Switzerland, Bulgaria, Austria, Spain, Estonia, Sweden, and Slovakia.

”

Svitlo is about growth, opportunities, and achieving results. It has given me the chance to gain new knowledge, make friends, learn from examples of successful and happy people, and see life from a different perspective. Svito has a profound impact on life, and it's always in a positive way.

Melania, joined Svito in January 2024

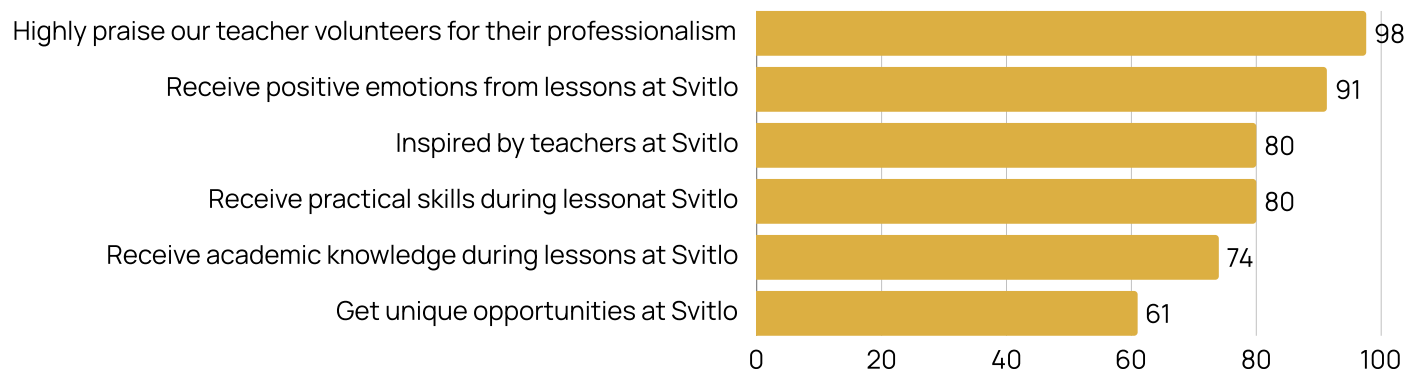

STUDENTS FEEDBACK

127 Svitlo students completed our feedback survey, and here is what they shared:

83.5%

report a moderate (44.1%) or significant (39.4%) improvement in their level of English since joining Svitlo

Percentage of students who ...

Number of lessons attended by students per week

”

Svitlo is truly one of the best things that has happened to me over the past two years. With the onset of the war, it was very difficult to re-engage in studies and even to enjoy all the ordinary things as before. Now I have so many friends here, and I'm so happy to have had this opportunity to become part of such a warm community and simply take part in school life.

Liza, 17 years old, Bratslav (Vinnytsia region)

92.9%

report that they enjoy studying in Svitlo.

86.4%

report that Svitlo helps them to take their mind off the war and has positive impact on their wellbeing.

70%

of older students who have been with us for over a year report that Svitlo helped them gain clarity on what they want to study/their future career.

They described Svitlo as:

Kira, 12 years old, Zaporizhia

” At Svitlo I’m doing what I enjoy – learning English in a discussion-based format. Here, I found friends with whom I communicate online, and a community of motivated, friendly people, where I feel like part of one big family. I have favourite lessons that I look forward to the most because I know each one will leave me with pleasant moments that I’ll smile about for the rest of the day. Until now, no school has given me such emotions.

Andriy, 17 years old, Molodetske (Cherkasy region)

STUDENT'S STORY

Oleksandra joined Svitlo Education in September 2024. She is 16 years old and lives in Vinnytsia, Ukraine. She learned about Svitlo through her parents, who had heard about the positive experiences of one of our students from their friends. This year, Oleksandra will be graduating from her Ukrainian school and aspires to work in IT. One of her biggest dreams is to travel and explore the world.

When we spoke with her in November 2024, she was attending 35 lessons per week at Svitlo. When asked how she manages this alongside her Ukrainian school commitments in the mornings, she responded, "Svitlo is like a lifesaving rope from everyday realities."

Shortly after joining, Oleksandra felt comfortable and motivated to take on more responsibilities at the school. She became a member of the Student Council, where students collaborate to share and implement ideas for improving the school. She then progressed to becoming the ambassador of one of the school's four houses, taking on an administrative role. Additionally, she became passionate about one of our ongoing projects, Svitlo Reads, and joined the team of students leading this initiative.

Oleksandra, 16 years old, Vinnytsia, joined Svitlo in autumn 2024.

Here is Oleksandra's story:

"I started attending Svitlo lessons in September with the goal of attending three lessons a week to improve my English. At first, I was a little nervous about speaking to native English speakers, but everyone was very friendly, and other pupils encouraged me. It only took me four days to adapt, and after that, I felt confident and realised that Svitlo was becoming something much bigger than just a school.

After just a few weeks, I realised that I had attended 31 lessons in a single week. I was shocked—it's more than a full day of lessons—but instead of feeling exhausted, I felt energised! I enjoy every lesson because I really love learning new things from our teachers, sharing thoughts and ideas, meeting interesting people, and feeling a sense of safety during these challenging times. Every teacher at Svitlo is unique, with different life experiences, and I believe I can learn so much from them.

Svitlo helps me in achieving my goals. First and foremost, it supports my learning of English, which is a major requirement for working in IT and incredibly useful for my future travel aspirations. In some lessons, we also practise presentation and communication skills, both of which are essential for my future career. My involvement in Svitlo outside of classes has provided me with valuable experience in working as part of a team. I have learned the importance of communication and compromise, as well as the value of team spirit.

To be honest, I would love to study at Svitlo all day rather than go to regular school! At Svitlo, every lesson feels important for our future. In fact, during the war, it feels like the best time to focus on preparing for the future. We discuss how to build businesses, learn about government structures, read different types of books, talk about our feelings, and simply have fun.

Svitlo isn't just a school—it's a new experience, a place to make friends, a fast connection with teachers, the freedom to choose lessons, and, most importantly, the chance to take responsibility, be part of a big community, and prepare for adult life."

TEACHER'S STORY

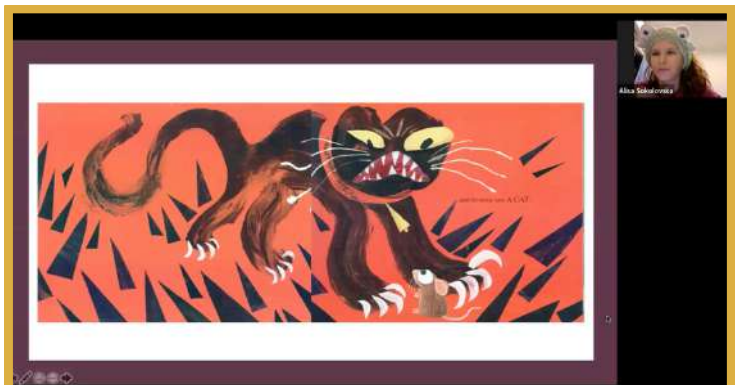

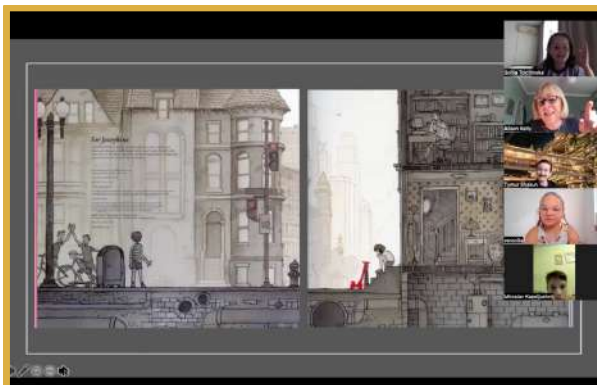

Alison, teacher of Story Time for younger students, joined Svitlo in spring 2022.

Alison has been in education for 47 years, initially working as a primary school teacher before transitioning to a university role training prospective teachers. She also led training courses for teachers and served as the subject leader for Primary English Education.

Alison retired a year ago and, alongside volunteering for Svitlo, she is a trustee for a local Talking Newspaper. In her free time, she enjoys gardening, plays the ukulele in a group that meets weekly to practise and perform at different venues.

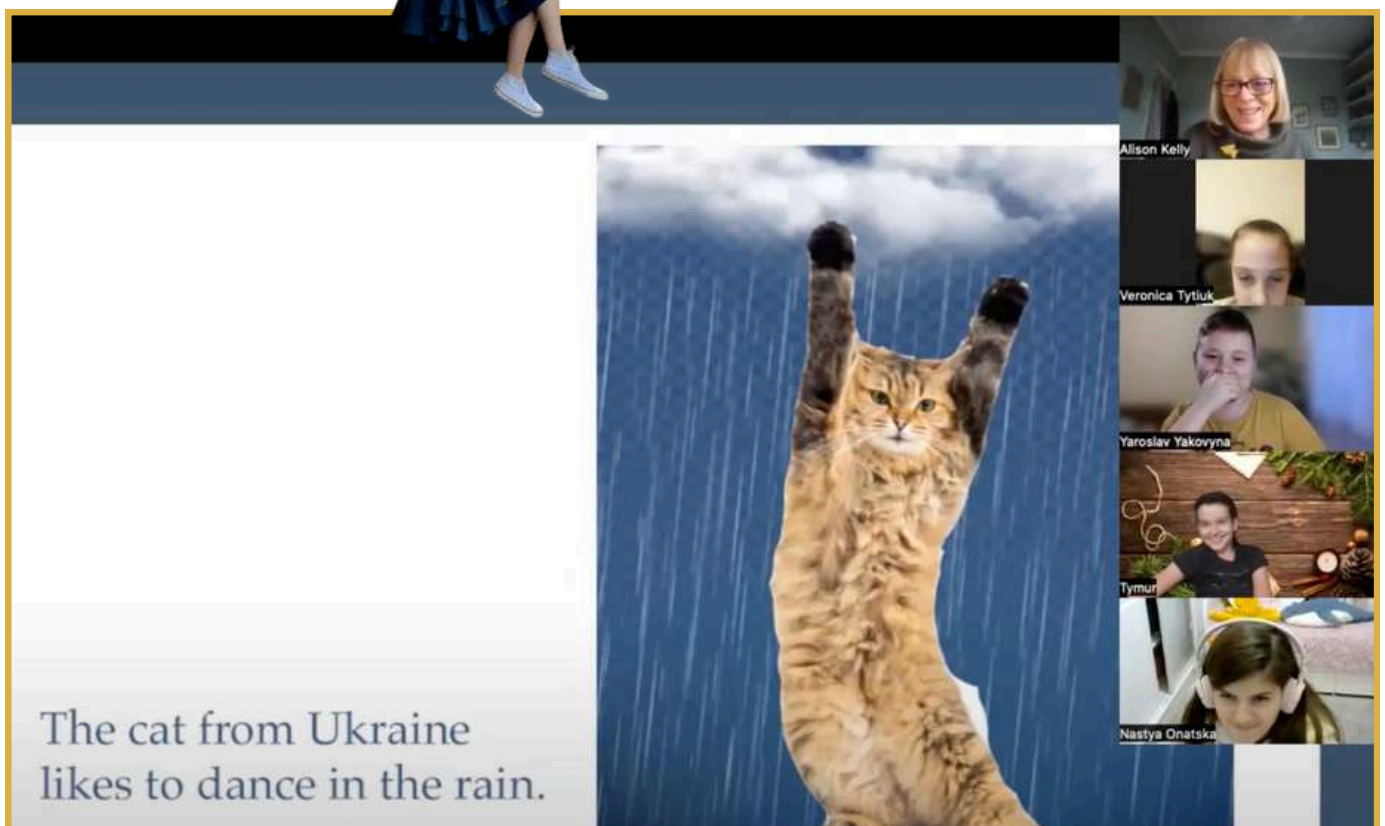

For almost three years, Alison has run two 45-minute storytime sessions each week for younger students at Svitlo. During these sessions, they read and discuss wonderful books together. In addition to exploring existing stories, Alison collaborates with her students to create new ones, incorporating their illustrations to make unique, student-authored books, often with a Ukrainian theme to the delight of our pupils.

“I joined Svitlo because I hated feeling that there was nothing I could do to support the terrible situation in Ukraine. This felt like something concrete that I really could contribute.

At Svitlo, I’m doing what I love: hopefully inspiring children to read for pleasure and to enjoy the rich engagements that picture books offer. It’s been my life-long work.

It’s also down to the children I have worked with. Their enthusiasm, resilience, imagination and energy are inspiring. Gradually, over time, the way the sessions work has evolved so that we do much more collaborative story making. These stories derive from the children’s interests and the books we share. I’m fortunate that my husband is very skilled at photoshopping and what he has done with the children’s pictures really celebrates them.”

SCHOOL LIFE

Svitlo is much more than just the lessons we offer. We are a community that provides a safe and supportive environment for all our students, helping to restore their stolen childhoods. We build on the strengths of the British educational system and adapt it to address the gaps in traditional Ukrainian schools.

Our academic curriculum for **younger students** focuses on providing a strong foundation in **English**, enabling them to explore other subjects in their second language.

For **older students**, our focus shifts to offering a variety of **practical subjects**, helping them discover potential career paths early on and equipping them with the skills and knowledge required to succeed in these fields.

”

Svitlo is the organisation where you can find friends who share your interests, take your mind off the war, and gain a variety of knowledge—all for free. I love Svitto with all my heart, even though I've only been studying here since September.

Nika, 15 years old, Odesa- Italy

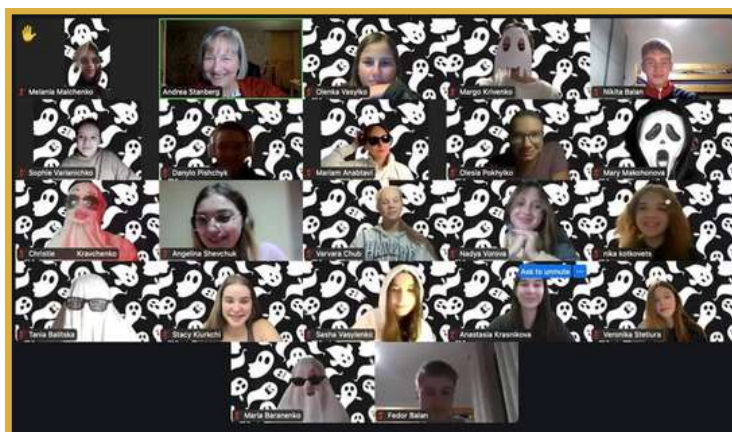

”

For me, Svitto School is a second home. Svitto has had a great impact on me—I've significantly improved my English level and even found a true friend in my teacher.

Gordiy, 14 years old, Berdychiv (Zhytomyr)

Outside of lessons, students are **encouraged to build social connections** through our house system, various individual and team festive competitions, school assemblies, and a buddy system. We are particularly proud of our student council, as we have expanded its role beyond the traditional approach of developing and implementing ideas improving the school.

Our **student council** members are **fully involved in the school's operations**, gaining valuable transferable skills that are highly sought after by employers and enhancing their CVs to secure jobs, even during challenging times like the war. They take on roles such as social media managers, event organisers, administrators, teaching assistants and teachers, project planners, and leaders. Through these responsibilities, they learn to use different software, collaborate effectively in teams, and develop a professional work ethic.

PROGRESS IN A YEAR

SVITLO READS

In the Spring of 2024, a team of Svitlo students participated in an international program by Global Social Leaders (GSL), where children from around the world design their own socially impactful initiatives.

Svitlo students decided to focus on **promoting reading in English** and **offer** people of Ukraine from all backgrounds **access to a wide range of books on various subjects**. They identified a gap in access to English-language books in Ukraine, driven by high prices and limited availability, and proposed the creation of an online library to address this issue.

Building on their initiative, Svitlo School helped the pupils to create an Instagram account, @SvitloReads, where Ukrainians can affordably purchase or rent physical books in English and receive them by post, with all proceeds going to Svitlo charity. The store is largely managed by students, helping them develop entrepreneurial, communication, teamwork, and organisational skills. They learn to strategise, communicate with clients, design marketing campaigns, and manage administrative tasks.

We are campaigning to involve schools across the UK, as well as individuals, to donate or purchase books for Svitlo Reads and fundraise for shipment. Wellington College's own GSL team of 4 pupils were the first to join us on this mission. These books are then sent to our students in Ukraine who are involved in the project, to be further sold or rented to the Ukrainian public.

Stage 2 of the project, which we began in December, involves **equipping Ukrainian school bomb shelters with books in English**. We have partnered with a school in Ukraine that received a mini library designed in the shape of a red British telephone box, filled with English books. Through this initiative, we hope to promote enjoyable reading in English for children during the prolonged air raids they must endure in bomb shelters and recruit more pupils to join Svitlo School. For the next year, we have already partnered with three schools in Kharkiv, Kyiv, and Bratslav (Vinnytsia region) to expand the initiative to their schools. By 2025, we hope to install a total of ten mini libraries in schools across Ukraine.

IMPACT:

Library/bookstore by post is up and running

537 Books collected in the UK and shipped to Ukraine

8 Students involved in a project

1 Mini library installed in a Ukrainian school

” I feel like many people forget about the importance of books and what they can teach us. But learning a language while enjoying a good story is really wonderful, isn't it? That's our mission - to make reading fun, accessible and beneficial!

Anna, 17 years old, Kyiv

” Creating and working on the Svitlo Reads project has taught us a lot about teamwork, communication, and how to engage people to read.

Angelina, 18 years old, Bratslav-Poland

PROGRESS IN A YEAR

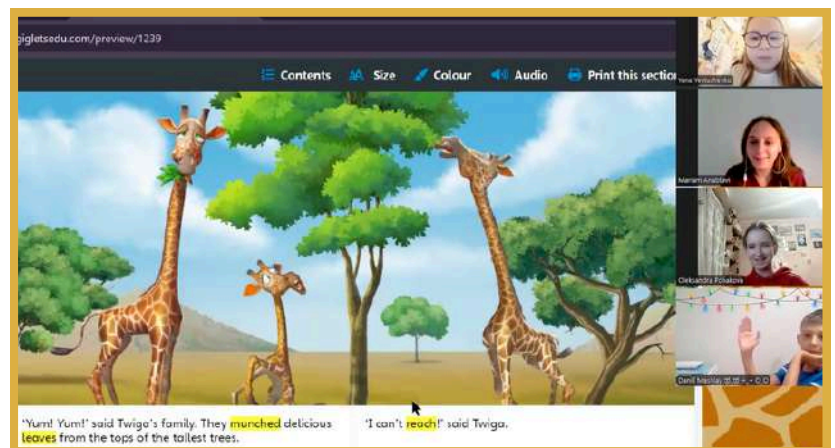

READING BUDDIES

In a new partnership with the Giglets online literacy platform, Svitlo School's **older pupils** (15-18 y.o.) **have been trained to deliver online reading lessons to our younger students**. They teach younger students pronunciation, word meaning, and help build their confidence to become independent readers. This prepares the younger pupils with lower levels of English to access lessons run by native English speakers and our older pupils how to become teachers, take responsibility and give back to the community.

Their lessons are reviewed by the team and teaching volunteers with feedback and suggestions on areas and techniques for improvement. Reading buddies also share their successes and challenges with each other, encouraging mutual growth and experimentation.

IMPACT:

- 10 Reading Buddies
- > 50 Students attending lessons
- > 35 Stories read
- 65 Hours taught

” The Reading Buddies initiative has been one of the most rewarding experiences! Teaching the little ones has brought me so much joy—it’s amazing to see their eyes light up with excitement as they learn. Their laughter and curiosity sometimes bring me to tears, reminding me of the power of sharing knowledge and kindness.

Stasy, 18 years old, Odesa

PROGRESS IN A YEAR

STUDENTS AS TEACHING ASSISTANTS

We have been **training our students to become teaching assistants (TA) for some of the lessons at Svitlo.**

TAs assist teachers with translation, lead some activities, work one-to-one with students, and foster a positive learning environment. Additionally, our teaching assistants take on administrative tasks, facilitate group activities, and support our volunteers in delivering the learning material effectively.

This is a part of our long term vision of equipping our students with knowledge and skills through the holistic training and experience to become teachers of English as a Second Language (ESL).

IMPACT:

” My TAs are all essential and excellent. They are the link with the students across language and cultural barriers; totally up to speed with all the software (which we oldies are not) and they are ready at a moment's notice to sort out problems. Because of them and with their assistance, I have been able to adapt the courses to suit the interests and needs of each group of students.

David Beck, teacher of English Literature

Our students acquire the skills and experience necessary to enter the workforce immediately. For instance, our student Alina, a recent high school graduate, now works as an English tutor while also applying to universities to study civil engineering, with the goal of helping to rebuild Ukrainian infrastructure after the war.

” Over 2 years of teaching the Story Making course and becoming a TA at Svitlo has not only been a journey of improving my own knowledge but also a platform for unlocking my teaching potential. became the key to working as a tutor. I not only realised how much I love teaching but also gained the confidence to take this important step in my career.

Alina, 17 years old, Bratslav (Vinnytsia region)

PROGRESS IN A YEAR

SUMMER SCHOOLS

In the summer of 2024, **27 of our students and one teacher** from Ukraine had the opportunity to **attend nine different summer schools in the UK and the USA**. They participated in exciting programmes, gaining academic knowledge and experience in areas such as Journalism, Law, Theatre, Science, and IT, as well as improving their English.

We managed to keep these trips free of charge for pupils thanks to our partner summer schools which offered free places and Svitlo sponsors who funded their visa fees and travelling costs. For many, it was their first time on a plane, the first time outside Ukraine but also the first two weeks of sleeping through the night and seeing a peaceful plane in the sky since February 2022. Many had long dreamed of meeting each other in person, but until now, it hadn't been possible.

Now, these students eagerly share their summer experiences with anyone who will listen. They lead inductions and webinars to recruit new students to Svitlo School, inspiring others to work harder and dream bigger. What might seem like just two weeks of fun away from home meant so much more to these children: they had the chance to recharge mentally, form lasting friendships, and create memories that will help them stay positive through the challenging winter ahead in Ukraine.

See <https://www.svitloschool.com/what-we-do/summer-school> for additional information and a short video about our students' experiences in the summer schools.

IMPACT:

These 27 students were able to:

- Sleep peacefully through the nights for at least two weeks
- Significantly improve their English
- Grow culturally
- Make friends and connections from around the world
- Become more independent and responsible
- Have fun and momentarily escape from the war
- Visit the UK or the USA for the first time

” I significantly enhanced my English skills and noticed an improvement in my general communication abilities. I met some incredible people in the camp who taught me a lot about their cultures. I also enjoyed learning what it's like to be responsible for myself and make important decisions on my own.

Fedor, 17 years old, MPW

” This was my first trip without my parents, and I learned to manage my daily routine on my own. I also took my first exam ever, which wasn't as scary as I thought it would be.

Alisa, 11 years old, BOSS

” During my time in the summer school, I improved my critical thinking, problem solving and research skills. I have also enhanced my time-management, self-awareness and listening skills, as well as boosted my confidence.

David, 17 years old, International House

” I must say how impressed I was by their maturity, curiosity and positivity. Simply lovely young ladies and a credit to the Svitlo School, its teachers, their families and of course Ukraine!

Tony Evans, School Director, Bishop's Stortford Summer School

PROGRESS IN A YEAR

REMARKABLE PEOPLE

Remarkable People is an initiative that allows our students to learn directly from the experiences of individuals with diverse backgrounds. It is a **series of talks by fascinating individuals from various fields** who are interested in sharing their journeys with young Ukrainian minds.

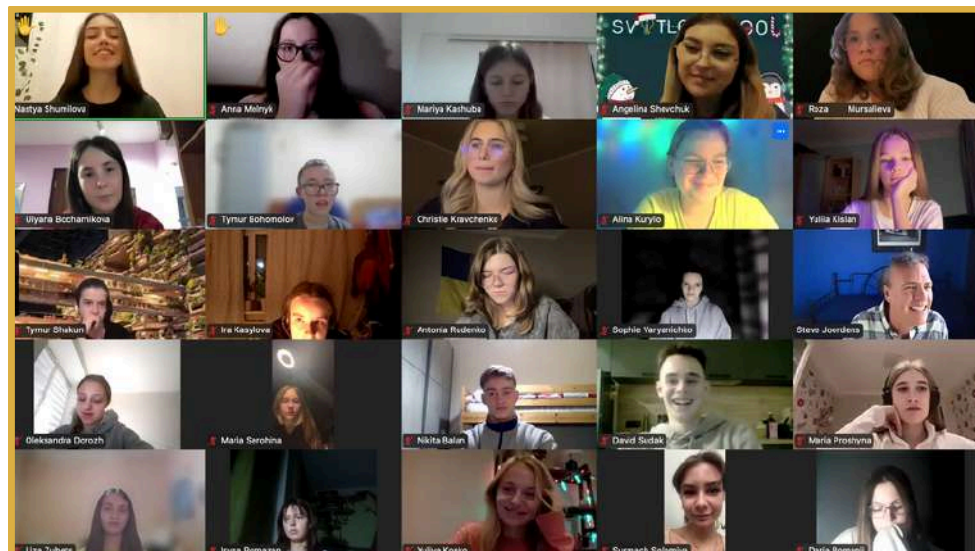

In 2024, our students and broader community of friends have enjoyed talks from remarkable individuals with diverse expertise, including:

- John Sweeney – British award-winning journalist, writer, and author of the bestseller 'Killer in the Kremlin'. Known for his investigative journalism, John contributes to the BBC and The Observer on various international issues.
- Steve Joordens – professor of psychology at the University of Toronto Scarborough, where he teaches introductory psychology and the scientific study of conscious and unconscious influences. He also developed an introductory psychology course on Coursera, with over 450,000 participants.
- Heather Rhodes – a pioneer of online education with over 10 years of experience. She is the founding principal of Highgrove Education, an academically ambitious international online school.
- Thomas Taylor – award-winning and best-selling British author and illustrator, best known for 'The Legends of Eerie-on-Sea' mystery series and for designing the original cover of 'Harry Potter and the Philosopher's Stone'.
- Mariana Shafro – renowned Ukrainian photographer and film director. Over her 15-year career, Mariana has been featured in numerous prestigious magazines, including Vogue, Forbes, ELLE, L'Officiel, and Life.

IMPACT:

This initiative has been an excellent way for our students to broaden their horizons, inspire them to dream bigger, and give them a unique opportunity to ask personal questions to highly accomplished individuals.

These sessions motivated students to deliver a similar talk themselves. As a result, we will begin 2025 with a talk titled “United Ukraine by Svitlo Pupils,” where our students will share insights about different cities in Ukraine with Svitlo’s wider community.

” The talk was incredible! I loved the session so much, sad that it only lasted an hour. It was so intriguing and fun to listen to Steve!! Just super cool!

Chrisite, 15 years old, Kharkiv-Poltava

” I really enjoyed that ... it was an amazing Christmas gift to be able to talk to your students and to feel their reaction. Thank you!

Steve Joordens

PROGRESS IN A YEAR

UCL & DELOITTE DESIGN SPRINT

In spring 2024, a team of Svitlo students had the opportunity to participate in a **business case competition** organised by the **University College London (UCL) School of Management** in collaboration with **Deloitte Digital**. They were the only online group joining the workshop hosted by UCL.

Svitlo students (aged 15-17) competed alongside undergraduate and postgraduate students from UCL School of Management. They attended workshop sessions on Design Thinking from Deloitte Digital and applied the new tools and techniques they learned to their project.

For their project, they chose to help scale Crew for Cause, a non-profit organisation in South Africa that supports scholars from financially disadvantaged backgrounds. As their solution, Svitlo students designed a holistic marketing strategy to increase the charity's engagement levels. Following the competition, Svitlo's entry was sent directly to the charity for consideration.

To learn more about the competition, [read the article](#) published by UCL School of Management.

IMPACT:

” This sprint was a pivotal moment where I realised my passion for the business world. I learned how to analyse companies in depth and discovered that consulting was a potential career path for me. I believe that when done thoughtfully, the business sector plays a crucial role in advancing society, making an impact.

Nastya, 16years old, Zaporizhia

” We were absolutely delighted to have a team of Svitlo students taking part in the Deloitte Digital/IMB Design Sprint. The Sprint is the annual highlight of the IMB programme and Svitlo's involvement added an extra dimension!

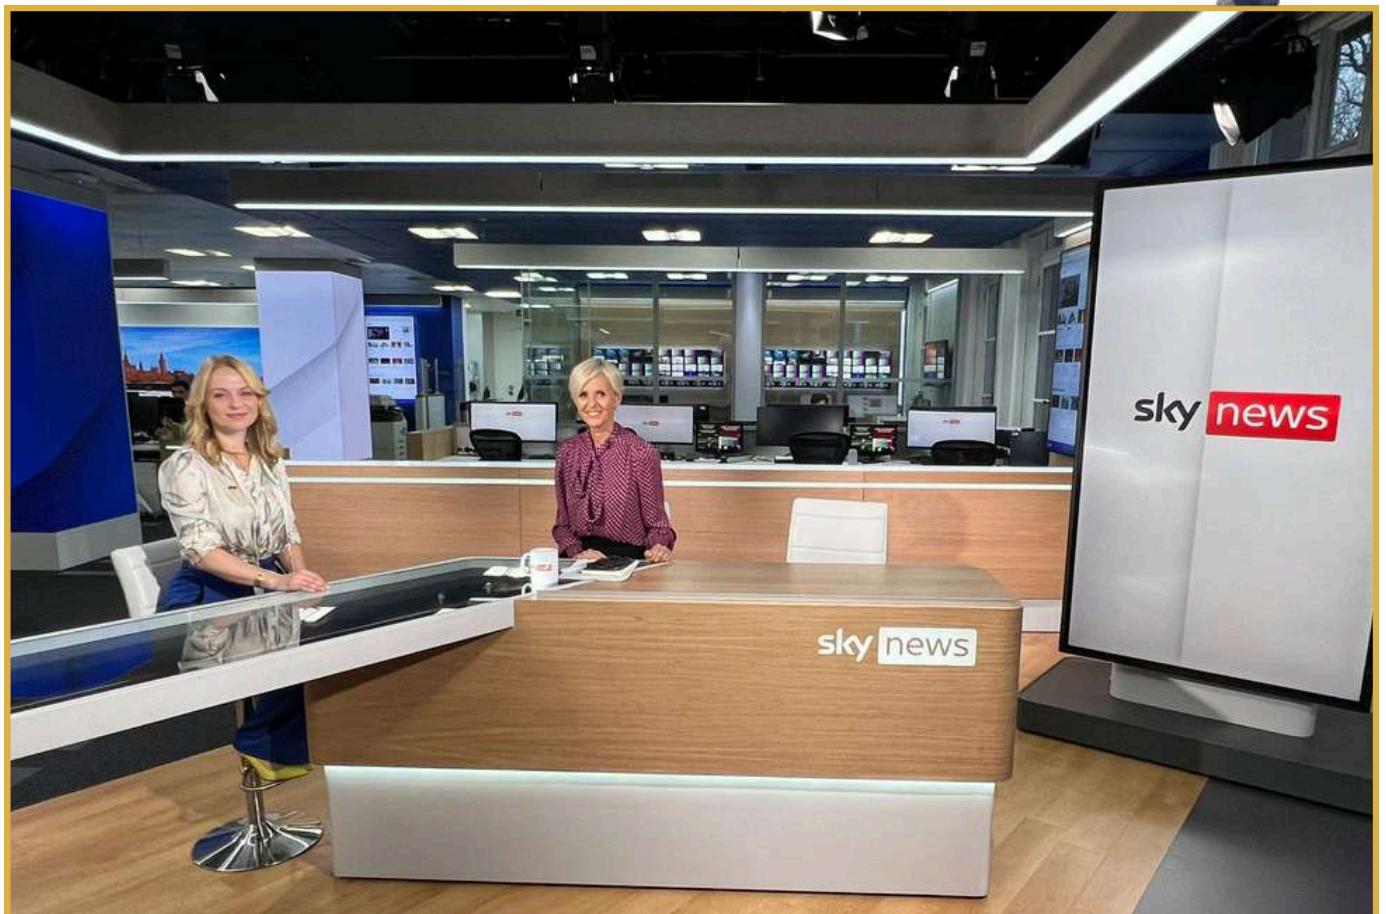

Maya Cara, BSc IMB Programme Director

PROGRESS IN A YEAR

ONLINE ASSEMBLY

Marking the two-year anniversary of the full-scale war in Ukraine, Svitlo School collaborated with the National Association of Head Teachers (NAHT) to organise an **assembly for hundreds of schools across the UK**. The event was also covered by Sky News and streamed on YouTube.

During the assembly, three students from Svitlo shared their personal and emotional stories of how the war has impacted their lives, raising awareness among British students about the ongoing events in Ukraine. These Svitlo students displayed remarkable courage and resilience, inspiring others to continue growing and developing despite the challenging circumstances they may face.

PROGRESS IN A YEAR

EBRD

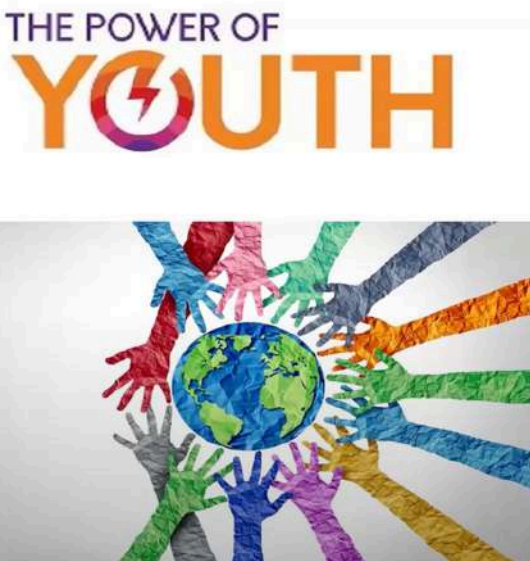

In 2023, **employees of the European Bank for Reconstruction and Development (EBRD)** began **fundraising €25,000 for Svitlo** through various events. They successfully reached their goal in 2024, with the **bank** generously **matching the amount**.

Additionally, in the summer of 2024, EBRD offered Svitlo students a **six-week course on anti-corruption**. The course covered the following topics:

- The Work of the European Bank for Reconstruction and Development (EBRD)
- What is Corruption and How Does it Impact Our Lives?
- The International Fight Against Corruption
- Business, Corruption, and the Role of the Private Sector
- Anti-Corruption in Ukraine
- Integrity Leaders of Tomorrow: What You Can Do!

We are eager to develop similarly impactful connections with other companies in the future.

Resources and What You Can Do!

PROGRESS IN A YEAR

DLAC

In February 2024, Svitlo had the opportunity to give a **presentation at the Digital Learning Annual Conference (DLAC)** in Austin, Texas. Yuliya Kosko spoke about Svitlo's experience in motivating pupils to study during times of conflict and uncertainty.

The conference provided Svitlo with valuable insights from online schools in the USA, allowing the adoption of best practices within Svitlo. It also facilitated the creation of meaningful partnerships, including one with Skidmore College in New York, which will be further developed in 2025.

PARTNERS

WE WOULD LIKE TO THANK ALL OF OUR PARTNERS
WHO SUPPORTED SVITLO IN 2024!

WHAT COMES NEXT

Expansion of the Reading Buddies Initiative: We plan to train students to become teachers of English as a second language.

Continuing Summer School Collaborations: We aim to secure even more places at summer schools in the UK and the USA.

Development of the Svitlo Alumni Network: This will focus on students over the age of 18, providing them with practical skills to help secure jobs in various industries through gaining work experience at Svitlo. We will also provide mentorship opportunities, help with CV writing and LinkedIn. Additionally, we aim to offer small financial scholarships for their contributions to Svitlo.

Expansion of Svitlo Reads: We plan to create 10 additional physical mini-libraries in school bomb shelters across Ukraine in the following year.

Event for World Book Day: Organising a special celebration to promote reading and literacy.

New Socially Impactful Initiatives: Development and implementation of four new projects as part of the GSL programme.

Global Outreach: Sharing the blueprint of Svitlo School with other conflict-affected countries, such as Afghanistan.

Continuing UCL Collaboration: Organising a Svitlo Case Event for students of UCL School of Management

Workshop at Skidmore College, New York: We plan to organise workshops in a class on multilingual learners and a class on child development at Skidmore College. Additionally, we will hold an informational session for Skidmore students to introduce them to Svitlo and explore ways they can get involved.

HELP US SUPPORT UKRAINE THROUGH EDUCATING ITS YOUTH

This war has been ongoing for almost three years, taking away children's homes, families, friends, and future. Unfortunately, the longer it continues, the weaker the support Ukraine receives, while the damage continues to grow. Therefore, your support is more crucial than ever. Please consider supporting Svitlo in any way you can.

Trustees' Annual Report for the period

From 30th June 2023 To 30th June

2024 Charity name: Svitlo Education

Charity registration number: 1201542

Objectives and Activities

Summary of the purposes of the charity as set out in its governing document	The charity's objectives are to advance the education and training of children and young persons in Ukraine, Ukrainian refugees and those affected by conflict in Ukraine, in the United Kingdom or abroad, together with their families, in particular, but not exclusively by providing online education and other educational services, grants and financial assistance to advance them in life and, where applicable, to assist them to adapt within a new community.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Svitlo education offers the following and more: online lessons, partnerships with schools in the UK and abroad in peer-to- peer teaching, summer school stays in the UK and abroad for the children of Svitlo School, advice and help with education choices and more. New for 2024 – second hand books in English are collected in the UK and sent to Ukrainian schools to supply their bomb shelters with mini libraries from England.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	The trustees have had regard to the guidance issued by the Charity Commission on Public Benefit.

Achievements and Performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Over 1000 new students in Ukraine joined school, parents reviews mentioned the impact not only on the level of education but also, improved mental health. Pupils have up to 8 daily lessons to chose from, which they can attend online from their homes. House system creates a friendly atmosphere and forms new friendships. In summer 2024 24 pupils from Ukraine travelled to the UK and 4 pupils travelld to the USA to attend summer schools for 3 weeks free of charge. Student council is a very important part of the school and its members (30 pupils) now take part in teaching English to younger pupils of the school. Many want to become English teachers themselves.
---	--

Financial Review

Review of the charity's financial position at the end of the period	As a young charity initial fundraising has led to a surplus of funds at the year end, enabling the planned further growth of the charity into the coming financial periods. The charity was successful in attracting unrestricted funds enabling it to operate flexibly to meet the emerging need.
Statement explaining the policy for holding reserves stating why they are held	Trustees have set a reserce policy at £37000 for a minimum of 3 months operation of the charity. Reserves are held to provide stability and to enable the continuation of the charity.
Amount of reserves held	The charity held £78,900 in unrestricted funds at the year end because there was a large donation of £30,000 in the last month of the financial year.

Structure, Governance and Management

Type of governing document	Articles of Association
How is the charity constituted?	Charity registered in England and Wales.
Trustee selection methods including details of any constitutional provisions e.g. election to post or name of any person or body entitled to appoint one or more trustees	All trustees vote for the appointment of the new trustee. Trustees consider the skills and experience of potential trustees to help the development of the charity.

Reference and Administrative details

Other name the charity uses	Swito School
Registered charity number	1201542
Charity's principal address	22 Greenwood Close Morden SM4 4HX

Names of the charity trustees who manage the charity

Trustee name	Dates acted if not for whole year
Yuliya Kosko	Left the trusteeship in June to become the CEO.
Anna Vishnevskaya	The whole year
Marianna Gorenshtein	Left the charity in October 2024
Heather Rhodes	The whole year
Waritha Sisson	The whole year

Declarations

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

Section A

Independent Examiner's Report

Report to the trustees/
members of

Svitlo Education

On accounts for the year
ended

30th June 2024

Charity no
(if any)

1201542

Respective
responsibilities of
trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- to state whether particular matters have come to my attention.

Basis of
independent
examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent
examiner's statement

In connection with my examination, no material matters have come to my attention which gives me cause to believe that in, any material respect,:

- the accounting records were not kept in accordance with section 130 of the Charities Act other than that disclosed below; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Signed:
Name:

Rachel Eden

Date:
