CREATING HOPE CIO

ANNUAL REPORT

The Trustees of the Creating Hope CIO present their second Annual Report and Financial Statements for the year ended 31 December 2024. The accounts are prepared in accordance with the Accounting Regulations set out under the Charities Act 2011, and with the Charities Statement of Recommended Practice applicable to charities preparing accounts in accordance with FRS102.

Structure, governance and management

The name of the CIO is Creating Hope CIO. It is registered with the Charity Commission (number 1201881).

Constitution

The property of Creating Hope is vested in a trust, governed by a declaration of Trust dated 15 December 2022.

The Trustees set the overarching strategic approach and policy framework within which Creating Hope operates and are responsible for managing the affairs of the CIO. The Trustees met 5 times in 2024. Working closely with the Trustees, the Head of Service Rona Forzani is responsible for the day-to-day operation of the charity.

Appointment and training of Trustees

There were no changes to the board of Trustees in 2024.

Creating Hope has a standard induction and training programme for all new Trustees. This includes meetings with members of the current and any outgoing members of the Board of Trustees. New Trustees will also be meeting key volunteers and taking part in visits to learn about the work of the Charity. Trustees are encouraged to take up the opportunity to attend relevant external training courses and conferences.

Key management personnel

The key management personnel of the charity are the Trustees, the Treasurer, Andrew Blackburn, and the Head of Service, Rona Forzani. Since the formation of the charity in December 2022, the Trustees have worked closely with Rona to put in place an effective management structure that is fit for purpose for an organization of this scale. The Treasurer attends every Trustees Meeting and is a member of the Finance Sub committee.

The management of the charity comprises 3 main elements:

- (a) **Regular Trustees meetings** – we held 5 meetings in 2024. The Trustees meetings ensure the Trustees maintain strategic oversight of all aspects of the charity. All Trustees meetings are attended by all Trustees, the Head of Service and the Treasurer.
- (b) **Three sub committees** (that meet termly) with the following areas of responsibility:
 - (i) **Strategy:** the future programming of services, courses and events, plus fund raising, marketing and communication with our potential clients and supporters;
 - (ii) **Operations:** the recruitment, training & safeguarding of our staff and volunteers and development and review of our policies;
 - (iii) **Finance:** all financial operations of the charity and oversight of relevant policies and practices

All the sub committees are chaired by a Trustee and attended by the Head of Service. The Treasurer is a member of the Finance Sub Committee.

CREATING HOPE CIO

ANNUAL REPORT (continued)

- (c) **The Head of Service** is responsible for all aspects of the day-to-day running of the Charity and has regular meetings with each of the Trustees.

Three Trustees received no remuneration for their work as Trustees or volunteers for Creating Hope, apart from the reimbursement of expenses incurred in the normal course of the charity's operation. One Trustee is an employee of C3 UnitedLife and is seconded part time to Creating Hope. The Head of Service, who works part time, is also seconded from C3 UnitedLife. Creating Hope reimburses the cost of these two part time secondees to C3 United Life at a rate equivalent to the rate paid by C3 UnitedLife directly.

Risk management

The Trustees believe they are aware of the major risks to which the charity is exposed and that controls are in place to mitigate them. At every Trustee meeting we specifically consider whether any safeguarding concerns or risks have emerged to the Trust. Our management of risk is further strengthened by the operation of 3 sub-committees which are outlined above. These sub committees report back at every Trustee meeting.

The Trustees consider the principal risks and uncertainties facing the charity, and the plans and strategies for managing these risks, to be that over 74% of funding for Creating Hope comes from one source. Our aim, over the coming years, is to increase the diversity and extent of other sources of income.

Financial review

Financial health: The income for the charity for the period up to 31 December 2024 totalled £75,571 (2023 £67,275) of which £6,400 (2023: £8,500) received was given for specific areas in which the charity operates. Total expenditure in the period totalled £71,510 (2023: £54,978) leaving a balance carried forward to reserves of £16,358 (2023: £12,297) of which £3,747 (2023: £6,083) is classified as restricted funds. The Trustees continue to be encouraged by the support of a number of churches, charities and individuals in the local area to achieve this position.

Financial controls: We have a comprehensive set of financial controls including: (a) an Expenses Form with an approvals protocol linked to the level of expenditure (b) a single Petty Cash system with a detailed record of all expenditure (c) expenditure controls on all other expenditure with an associated approvals protocol.

Statutory and legal compliance:

Our focus in 2024 was to complete a full suite of policies and procedures which are appropriate for a small scale charity like Creating Hope in line with the advice set out by the Charity Commission. The most important development was the completion and introduction of a comprehensive recruitment protocol and set of forms for those wishing to work or volunteer for Creating Hope. This new recruitment system became fully operational in mid-2024.

We will set out a much more detailed analysis of our activities and achievements in our Annual Impact Report which will be published in time for the Annual General Meeting which is expected to be held in June 2025.

Reserves policy

The main source of income for the charity is C3 UnitedLife Church. This totaled some 74% of our total income during the year. The medium-term objective of the trustees is to maintain reserves equivalent to 25% of the charity's annual expenditure.

Fundraising

We have been very fortunate to have the substantial and continuous financial support of C3 United Life throughout 2024. This support has allowed us an opportunity to focus on building a strong framework of governance and systems that will provide the foundation for future growth of the Charity.

Alongside this support we have undertaken a series of fundraising events principally at local churches which have resulted in donations totaling £9,539 (2023: £8,096). Individual donations totaled £4,406 (2023: £4,124), including £200 (2023: £1,000) for Job Club and £700 (2023: £1,000) for Drop-In. We have also secured £5,500 in grants from local funding sources for specific use (2023: £nil).

In line with the reporting requirements included in the Charities Act 2016 the Trustees are pleased to confirm that all fundraising is done in compliance with Best Fundraising Practice.

Plans for the future

Our main priority for 2025 is to ensure that the full range of services we currently offer continues to be available to help deal with the ever-increasing number of individuals and families who are struggling with debt and poverty and who often face complex needs. This is a challenging target given that around 95% of our human resources are volunteers who often have a multiplicity of demands on their time.

CREATING HOPE CIO

ANNUAL REPORT (continued)

Particular need is to recruit additional support for our Debt Help service; allowing us to book-in more clients annually. Additional to supporting clients on their journey out of debt, we aim to build access to tools to help them stay out of debt! We plan to deliver money coaching to all clients after their budget visit.

Having integrated money coaching into our Life Skills courses and, by offering it to attendees following job club sessions, we are increasing the number of opportunities to improve people's money management and budgeting skills. We plan to recruit more money coaches to deliver more courses throughout 2025.

We will continue to adapt and tweak our Job Club, Life Skills and Kintsugi Hope courses as well as our Drop-In warm, safe, community space to find the best ways to meet the needs of the people we serve.

Supporting professionals with good, strong mental health is key to successful delivery in their area of expertise. We plan to offer professional Kintsugi Hope courses in 2025 to support collaborative working.

We aim to increase our audience and reach by greater advertising of our services locally and becoming more integrated into local provision.

We will further increase the number of fundraising opportunities we pursue to sustain and increase our overall income and the diversity of income sources.

ANNUAL REPORT (continued)

Trustees' responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires that the trustees must not approve the financial statements for each financial year unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of the income and expenditure of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

CREATING HOPE CIO

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2024

1.Accounting policies

The charity is a CIO, limited by guarantee, registered in England and Wales. The registered office is 1c Manor Place, Sutton, Surrey SM1 4BB

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) Basis of preparation

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these financial statements. The financial statements have been prepared in accordance with the Charities Act 2011, Charities Statement of Recommended Practice (Charities SORP (FRS 102)) and Financial Reporting Standard 102 (FRS 102).

The Charity meets the definition of a public benefit entity under FRS 102. The accounts are prepared in pounds sterling rounded to the nearest pound.

b) Going Concern

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

c) Fund Accounting

The funds held by the charity are either:

- i. Restricted funds - defined as those used for specified purposes laid down by the donor, or where an appeal limits the use of the funds.
- ii. Unrestricted funds - representing donations and other incomes received for any of the purposes of the charity and are available for use.

d) Income

Donations and other income (including legacies) are included in the Statement of Financial Activities (SOFA) when the charity has entitlement to the income, it is probable the income will be received and the amount of income receivable can be reliably measured.

e) Expenditure

All expenditure is accrued as soon as a liability is considered probable, discounted to present value for longer term liabilities and has been classified under headings that aggregate all costs related to the category.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs are those costs associated with meeting the constitutional and statutory requirements of the charity and include accountants' fees and costs linked to the strategic management of the charity. These have been allocated directly to charitable expenditure.

CREATING HOPE CIO

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2024 (continued)

f) Cash at bank and in hand

g) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation arising from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are recognised at their settlement amount.

h) Financial instruments

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

During the course of 2023, the first charity Trustees (Anthony Thompson & Shernaz Wadia) decided to appoint two additional Trustees: Tim Croxson and Katherine Parsons. Tim Croxson is a Senior Pastor of C3 UnitedLife, a church in Ewell & Sutton, CEO of his family business and Chairman of TazZa Coffee. Tim has been the driving force behind the formation of Creating Hope and is a long-time supporter of the work of Christians Against Poverty (CAP) in Sutton. Katherine Parsons is the Communities Pastor at C3 UnitedLife and Location Pastor at their Sutton location which is based at TazZa Coffee Shop. Katherine played a key role in developing the range of CAP Services offered in Sutton and is a passionate advocate for reaching out to those in need in Sutton. Both Tim and Katherine bring a wealth of relevant skills, knowledge and experience needed to deliver the effective administration of the CIO.

Creating Hope has a standard induction and training programme for all new Trustees. This includes meetings with members of the current and any outgoing members of the Board of Trustees. New Trustees will also be meeting key volunteers and taking part in visits to learn about the work of the Charity. Trustees are encouraged to take up the opportunity to attend relevant external training courses and conferences.

Key management personnel

The key management personnel of the charity are the Trustees and the Head of Service Rona Forzani. Since the formation of the charity in December 2022, the Trustees have worked closely with Rona to put in place an effective management structure that is fit for purpose for an organization of this scale.

The management of the charity comprises 3 main elements:

- (a) **Regular Trustees meetings** – we held 5 meetings in 2023. The Trustees meetings ensure the Trustees maintain strategic oversight of all aspects of the charity. All Trustees meetings are attended by all Trustees, the Head of Service and the Treasurer.
- (b) **Three sub committees** (that meet termly) with the following areas of responsibility:
 - (i) **Strategy:** the future programming of services, courses and events, plus fund raising, marketing and communication with our potential clients and supporters;
 - (ii) **Operations:** the recruitment, training & safeguarding of our staff and volunteers and development and review of our policies;
 - (iii) **Finance:** all financial operations of the charity and oversight of relevant policies and practices

All the sub committees are chaired by a Trustee and attended by the Head of Service. The Treasurer is a member of the Finance Sub Committee.

- (c) **The Head of Service** is responsible for all aspects of the day-to-day running of the Charity and has regular meetings with each of the Trustees.

Three Trustees received no remuneration for their work as Trustees or volunteers for Creating Hope, apart from the reimbursement of expenses incurred in the normal course of the charity's operation. One Trustee is an employee of C3 UnitedLife and is seconded part time to Creating Hope. The Head of Service, who works part time, is also seconded from C3 UnitedLife. Creating Hope reimburses the cost of these two part time secondees to C3 UnitedLife at a rate equivalent to rate paid by C3 UnitedLife directly.

Risk management

The Trustees believe they are aware of the major risks to which the charity is exposed and that controls are in place to mitigate them. At every Trustee meeting we specifically consider whether any safeguarding concerns or risks have emerged to the Trust. Our management of risk is further strengthened by the operation of 3 sub-committees which are outlined above. These sub committees report back at every Trustee Meeting. The Trustees consider the principal risks and uncertainties facing the charity, and the plans and strategies for managing these risks, to be that over 70% of funding for Creating Hope comes from one source. Our aim, over the coming years, is to increase the diversity and extent of other sources of income.

Financial controls: Since our formation just over a year ago we have put in place a comprehensive set of financial controls including: (a) an Expenses Form with an approvals protocol linked to the level of expenditure (b) a single Petty Cash system with a detailed record of all expenditure (c) expenditure controls on all other expenditure with an associated approvals protocol.

Statutory and legal compliance:

Our focus in this first full year of operation has been to put in place the governance and financial controls, which are briefly outlined above, to ensure the effective operation of the Charity. A further priority has been safeguarding, building on the processes already in place for the operations by Christians Against Poverty (CAP) in Sutton. Our system of DBS checking and updating is fully operational and we have undertaken safeguarding training for all staff and volunteers during the year. In December 2023 the Trustees adopted the Creating Hope Safeguarding policy which applies to every aspect of our work. Our focus in the coming year is on the development and adoption of a Safer Recruitment system, which will draw on the approach adopted by the Church of England.

Objects and activities

- **Emergency Assistance:** using a variety of funding sources to provide for the urgent and/or unaffordable, but essential, needs of some of our clients.

All Creating Hope services and courses are open to anyone in need without restriction.

Public Benefit

Trustees have had regard to Charity Commission guidance on public benefit, set out in section 4 of the Charities Act 2006, and we consider that all our work complies in very tangible ways with the concept of public benefit. Trustees are convinced the work of its membership fulfils every criteria of public benefit and that significant impact is attained through our direct work and the work we support through others.

Achievements and performance

Key highlights of the year include:

- Helping 57 clients (and often their families) through the award-winning CAP Debt Help service including 14 becoming debt free
- Upskilling 20 clients to cook on a budget and live better on a tight budget through participation in our CAP Life Skills Courses
- Running 3 Job Clubs which led to 18 members participation; of whom over 50% secured full, part-time or voluntary employment and 20% accessed further training or support
- Ensuring that 6 volunteers are now fully trained to deliver the new CAP Money Coaching course which was launched in 2023
- Providing around 500 hot meals during the year to those in need through our Drop-In service
- Of 40 initial participants, 18 completed the course (12 sessions) to improve their mental and physical well-being through attendance at 3 Kintsugi Courses
- Securing emergency funding to provide grocery shopping, ovens/microwaves and fund Debt Relief Orders, amongst other items, for a number of people in desperate need of assistance
- Successfully bidding for funding to strengthen our Emergency Fund resources
- Boosting the number of volunteers supporting the work of the charity to 34 drawn from churches across the borough
- Undertaking 5 targeted fundraising events at local churches which raised many thousands of pounds

We will set out a much more detailed analysis of our activities and achievements in our Annual Report which will be published in time for the Annual General Meeting to be held in June 2024.

Financial review

The income for the charity for the period up to 31 December 2023 totalled £67,275 of which £8,500 received was given for specific areas in which the charity operates. Total expenditure in the period totalled £54,978, leaving a balance carried forward to reserves of £12,297, of which £6,083 is classified as restricted funds. As this is the first full period of operation the Trustees have been very encouraged by the support of a number of churches, charities and individuals in the local area to achieve this position.

Reserves policy

The main source of income for the charity is C3 UnitedLife. This totalled some 73% of our total income during the year. The medium-term objective of the trustees is to maintain reserves equivalent to 25% of its annual expenditure.

Fundraising

We have been very fortunate to have the substantial and continuous financial support of C3 UnitedLife throughout 2023. This support has allowed us an opportunity to focus on building a strong framework of governance and systems that will provide the foundation for future growth of the Charity.

CREATING HOPE CIO

ANNUAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2023 (continued)

Alongside this support we have undertaken a series of fundraising events principally at local churches which have resulted in donations totalling £8,096. Individual donations totalled £4,124, including £1,000 for Job Club and £1,000 for Drop-In.

In addition, we were able to secure substantial support from the Milk and Honey Trust for our Emergency Fund – this sum will secure our funding well into 2024.

In line with the reporting requirements included in the Charities Act 2016 the Trustees are pleased to confirm that all fundraising is done in compliance with Best Fundraising Practice.

Plans for the future

Our main priority for 2024 is to ensure that the full range of services we currently offer continue to be available to help deal with the ever-increasing number of individuals and families who are struggling with debt and poverty. This is a challenging target given that around 95% of our human resources are volunteers who often have a multiplicity of demands on their time. A particular need is to recruit additional support for our Debt Help service.

We aim to substantially increase the number of opportunities we offer to improve people's money management and budgeting skills by providing at least 12 money coaching courses in 2024 (as compared to only 2 courses in 2023 when retraining with the new course material was necessary). We will continue to adapt and tweak our Job Club and Life Skills courses to find the best ways to meet the needs of the people we serve.

We propose to increase the number of fundraising opportunities we pursue to increase our overall income and the diversity of income sources.

Although we have made rapid progress on putting in place robust framework of controls during 2023, a range of further policies and procedures need to be put in place to ensure that the Charity operates, in the most effective way possible and, in the best interests of those we serve and our volunteers.

Trustees' responsibilities

The trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires that the trustees must not approve the financial statements for each financial year unless they are satisfied that they give a true and fair view of the state of affairs of the charity and of the income and expenditure of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Report) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2023

1.Accounting policies

The charity is a CIO, limited by guarantee, registered in England and Wales. The registered office is 1c Manor Place, Sutton, Surrey SM1 4BB

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) Basis of preparation

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these financial statements. The financial statements have been prepared in accordance with the Charities Act 2011, Charities Statement of Recommended Practice (Charities SORP (FRS 102)) and Financial Reporting Standard 102 (FRS 102).

The Charity meets the definition of a public benefit entity under FRS 102. The accounts are prepared in pounds sterling rounded to the nearest pound.

b) Going Concern

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

c) Fund Accounting

The funds held by the charity are either:

- i. Restricted funds - defined as those used for specified purposes laid down by the donor, or where an appeal limits the use of the funds.
- ii. Unrestricted funds - representing donations and other incomes received for any of the purposes of the charity and are available for use.

d) Income

Donations and other income (including legacies) are included in the Statement of Financial Activities (SOFA) when the charity has entitlement to the income, it is probable the income will be received and the amount of income receivable can be reliably measured.

e) Expenditure

All expenditure is accrued as soon as a liability is considered probable, discounted to present value for longer term liabilities and has been classified under headings that aggregate all costs related to the category.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs are those costs associated with meeting the constitutional and statutory requirements of the charity and include accountants' fees and costs linked to the strategic management of the charity. These have been allocated directly to charitable expenditure.

Creditors are recognised at their settlement amount.

h) Financial instruments

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

No provision has been made in these financial statements for gift aid receivable back-dated to 9th February 2023 (as permitted by HMRC) as the sum involved is not considered material.
