## Trustee Annual report for Granting Wishes - 1201959

Period April 2024 to end April 2025

Trustees

Lesley Hudd (Founder)

Tom Mathison

### Background

Our charity was set up in April 2023 after many years of wanting to set it up, but due to my career in the past as a teacher, it was not possible at that time. My reasons for setting up the charity being I lost my brother to cancer when he was just 16 and I was only 13. He spent many months in hospital and I will never forget when his beloved football team Sheffield Wednesday visited him in hospital. His wish was granted. Later whilst teaching I had the pleasure to meet Darcie, a sweet, kind beautiful girl. Tragically she passed away at a very young age. She too battled hard, spending long months in hospital. Her wish was granted when Little Mix sang for her. It's these moments that we strive to create for as many children as possible.

### Our Aims

To raise money through our small charity shop and charity events to enable us to grant wishes up to £700 to children with life limiting illnesses/injuries in South Yorkshire.

### Our Shop

Our shop is situated on one of the main streets in a small village. We are very popular with locals and indeed most of our customers are regulars. Sadly, we don't get many new customers due to our small indirect location.

We pride ourselves on ensuring we rotate donated stock as often as possible and to keep our prices reasonable, thus supporting the local community and ensuring we raise enough money for the charity. Our rent is unfortunately higher than average for the area but we are currently tied into a 3 year lease.

The location is predominantly socially deprived and this affects our daily takings. There are 4 charity shops in the same area (one recently opening) which has also impacted negatively on donations/takings.

### Advertising

We advertise our charity on social media and through leaflets in shops in our local area, car boot sales and through holding events. Our charity shop is the hub for us. We try to make it as appealing as possible. We have also advertised at Rotherham United football ground and appeared in their program.

### Wishes Granted

We have granted several wishes previously, this year we granted one to a young man who wanted a laptop to catch up on his schoolwork. We have suffered this year as a result of the road being closed off and on meaning the bus route was redirected and we lost customers. This affected the amount of wishes we were able to grant.

### Other events

We have held fill a bag days where we invite people to fill a huge sack with any clothes and shoes for just £10. These are popular and a good way of rotating stock as well as allowing

the community to grab lots of bargains. We have also held charity nights where we have had a disco, pie and peas and a raffle. These events are great for raising money and awareness of our charity as well as celebrating our success. We have also had a stall at a Christmas market with a tombola and games.

#### Future plans

We intend to continue to raise awareness of our charity through regular updates on social media/distributing leaflets in our local area. We pride ourselves on being one of the only charities that collect donations to ensure we receive maximum income. We will continue to offer this service. We have an upcoming event with Stars in their eyes to raise money. We will also continue to work on making our shop exciting and appealing with regular changing offers.

Trustee Annual report  
Period April 2023-end April 2024

Charity – Granting Wishes  
Registration number – 1201959

### Background Information

Our charity was set up in memory of Lesley Hudd's (founder) brother John, who sadly passed away at 16, and Tom Mathison's (Trustee) young daughter Darcie who also tragically passed away at just 8 years old. Both children fought so hard and both were given some happiness when they had wishes granted. For John it was a visit from his beloved football team Sheffield Wednesday and for Darcie a video call from Little Mix (during covid). It was the smiles on their faces that set the seed for Granting Wishes.

### Our Aims

To raise money through charity events and our charity shop to enable us to grant wishes to children with life limiting illnesses/injuries in South Yorkshire.

### Our charity shop.

Our charity shop opened in April 2023. It is run and managed by Lesley Hudd and part time volunteers. Our volunteers work anything from 3 hours a week to 3 days a week. We are based in a small village and almost all customers are local to the area. We have very little passing trade. The area is mainly low income and almost all customers are regular. We are based in a prominent position on a bus route, however there aren't many other shops that draw people to the area; a few other charity shops, a supermarket, cafe, nail bar. The post office closed recently which has effected our custom as people no longer pass by on route to the post office.

We are open 6 days a week, from 9am until 4pm. We did trial Sundays but found that it wasn't viable (after electricity/travel costs). Our shop receives donations from the public such as bric a brac, toys, books and puzzles, clothing, household items and small pieces of furniture. We are the only local charity shop that collects from people's homes giving us a slight advantage for those who can't drop off.

Our rent is high for the area, however, we are currently under a 3 years lease so not yet in a position to negotiate or move elsewhere. As with all shops, we have quieter periods and then busier periods throughout the year. We attract customers by offering reasonable prices ensuring we are not only raising money for our charity but also helping the community. We have sale events, regularly change stock and have a page where we have around 800 local

followers which is updated a few times a week. We also offer delivery to ensure maximum sales. Every so often we have a fill a bag day where customers can fill a huge sack with any clothes and shoes for just £10. This helps both our charity and the community. Our rag man collects every fortnight and we used to receive around £90 for our rags but regionally it has reduced massively and we now only receive around £20 for the same amount. The fill a bag is usually stock that was almost near rag date so this is more beneficial.

We hold raffles at Easter and Christmas and ask for donations to ensure maximum profit for the charity.

### Advertising

We advertise our charity with leaflets that are distributed to local shops and other community areas such as libraries, and we also have a webpage and a facebook page which is updated regularly. We also hand leaflets out at local events such as car boot sales.

### Wishes granted

So far we have granted 5 wishes. Our wishes are up to £700 and have been granted after ensuring candidates meet the criteria on our charity statement. Mainly that they live in South Yorkshire, have a life limiting illness or injury and are aged under 18.

We have given money towards a wet room.

We have given money for a family to stay overnight at Legoland.

We have granted a wish for a family day at the zoo.

We have paid for a laptop for a little boy who was having a bone marrow transplant and needed to be in isolation ensuring he could remain in contact with his family.

We have granted a wish for a huge lego bundle for a young boy who wanted to share it with his youth club.

All of the above contacted our charity either by phone or email. The trustees discussed what was possible financially (after the families provided medical evidence). We granted the wish within 2 weeks for all of the above wishes. The families then provided receipts after booking the trip or we used Amazon to purchase goods.

### Other events

We have also held charity events where we have sold tickets (usually around 60) to a local organised event. We have had a disco where we served pie and peas and a raffle during an evening. All profits went to granting wishes. We also held a race night where we put on a buffet and disco also.

The events are not only enjoyable and raise money for the charity but they are also informative as we are able to update on our achievements and also spread the word.

### Future plans

Continue to raise awareness of our charity throughout South Yorkshire through leaflets, website and social media.

Continue boosting shop profit by changing stock regularly, vibrant displays, sales, offers and providing good friendly service.

Continue to have 2 events a year - ticket events.

Hold car boot sales where possible - also to advertise our charity with large banner at the event.

Negotiate rent as soon as possible so that it is in line with other businesses who currently pay half of what we pay and are like for like using same property company.

Continue to use local businesses to help us when holding raffles and promoting our charity - in return promoting theirs.

## Accounts for Granting Wishes April 2023 to April 2024

### Outgoings
