<i>Catherine Parker</i>	<i>Trustee</i>

Section B, Structure, governance and management

CIO

For the advancement of health or saving of lives

The charity makes grants to individuals and organisations and provides advocacy and advice. The charity sponsors research into genetic cardiac conditions.

Trustee Selection Methods:

Appointed by existing trustees

Aims and objectives of the charity:

- To relieve sickness and to preserve life by funding research into the causes, diagnosis, treatment and or management of illness, primarily for the benefit of those affected by congenital heart defects.*
- To provide automated external defibrillators in Hertfordshire and the surrounding area*
- To provide relief of need among carers and for those suffering from congenital heard defects*
- To provide support to those suffering from child loss, or those with sick children.*

Summary of main activities undertaken in relation to the objectives:

Team Macy is a registered charity set up following the devastating death of our daughter Macy. Within this financial year we have been focused on ensuring the charity has enough funds to provide potentially lifesaving equipment to local schools, clubs and places of worship.

We continue to write to local groups to offer Automated External Defibrillators (AED's). We have been in discussion with The Royal Brompton Hospital about where our grant funding can be of most use to meet our objectives. We are currently looking to provide play equipment on the high dependency childrens ward and also to fund vital equipment.

Our website is now more user-friendly to ensure those requiring our grant funding can contact us directly and easily.

Financial Review:

*We do not have a reserves policy
We have no material deficit*

Main source of funds:

It has been a financially difficult year and thus our fundraising has shown a reduction in amounts received. We continue to fundraise with our main events including our annual Christmas light display, fetes and fairs, sponsored events and local community activities.

Our Annual charity Christmas display saw our largest ever crowd including a choir and local DJ.

The Trustees declare that they have approved the trustees report.
