Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The Association of British Sign Language Teachers and Assessors (ABSLTA) was established in 1989 with the purpose of supporting and enhancing the professional development of British Sign Language (BSL) teachers and assessors throughout the UK. ABSLTA aims to improve the quality of BSL education by providing professional development opportunities, networking, and community support for its members. The charity's work is focused on advancing the education of BSL by empowering Deaf BSL teachers and assessors and promoting the growth of BSL education across the UK. To further support these goals, a new website was launched in October 2023 to provide improved access to resources, information, and member services.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	In line with its charitable purposes, ABSLTA provides a range of activities aimed at supporting BSL education and its practitioners. These include offering professional development resources and opportunities for Deaf BSL teachers and assessors, providing a platform for networking and community building through initiatives such as the ABSLTA Facebook page and private group, and delivering guidance and support to members and the wider public. A key part of the charity's work was its monthly Continuing Professional Development (CPD) sessions, known as BSL Chat, which provided regular opportunities for members to enhance their skills and knowledge. In 2024, BSL Chat evolved into two groups — BSL Teacher's Lounge and BSL TeachHub

		— offering two distinct CPD platforms: one informal and one formal, with each group taking turns to host sessions monthly. In May 2024, ABSLTA reviewed its website and made further amendments to improve access to resources, facilitate member engagement, and support the development of BSL education. Additionally, in April 2024, ABSLTA launched BSL Horizon, a conference held in Manchester. Trustees undertook their first formal trustee governance training in November 2024. The accounts highlight the use of donations and membership fees to fund these activities, including CPD sessions, conferences, and the development of educational resources.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees of ABSLTA confirm that they have had regard to the Charity Commission's guidance on public benefit when carrying out the charity's activities. In all its work, ABSLTA strives to ensure that its support for BSL teachers and assessors contributes to the advancement of BSL education for the public benefit. The update and improvements made to the website in 2024 have further enhanced the charity's ability to promote greater inclusion and access to education for Deaf individuals and those learning BSL. Additionally, the launch of the BSL Horizon conference in April 2024 has provided a significant new platform to support the advancement of BSL education.

Policy on grant making	Para 1.38	Since becoming a registered charity in February 2023, ABSLTA has made progress in its governance and housekeeping, including developing key policies and building relationships with stakeholders and partner organisations. These steps aim to support the future establishment of a formal grant-making policy. Further discussions and development of this policy will continue into 2025 as the charity grows and evolves.
Policy on social investment including program related investment	Para 1.38	ABSLTA does not currently engage in social investment or programme-related investment activities, and therefore no policy exists at this time. This will be considered as part of future strategic discussions.
	Para 1.38	Volunteers continue to play a vital role in ABSLTA's operations throughout 2024. The charity remains reliant on the dedication of its committee members and other volunteers who generously give their time and expertise to support BSL teachers and assessors.

Contribution made by volunteers		All trustees continue to serve on a voluntary basis; however, during 2024, the trustees approved a policy allowing volunteers, including trustees, to claim travel expenses when representing ABSLTA. This ensures fair support for those contributing their time across the UK. Volunteers have been instrumental in managing events, delivering both informal and formal monthly CPD sessions through the BSL Teacher's Lounge and BSL TeachHub platforms, and providing ongoing support to members. Their commitment is essential to the charity's continued growth and success.
Other		Since ABSLTA was newly registered on February 22nd, formal policies are still in development. The charity will continue to evolve its governance and policies in line with its growth and strategic priorities.

We also made further improvements to our website to enhance user engagement and resource accessibility. The BSL Teachers' Lounge and BSL TeachHub continued to run bi-monthly CPD sessions, with amendments made based on member feedback to improve the experience. Additionally, we launched a pilot mentoring project, which has been successfully delivered to support professional development within our community.
Performance of fundraising activities against objectives set	Para 1.41	In 2024, the fundraising sub-committee became active and developed a fundraising handbook pack designed to support members and supporters in their fundraising efforts. Description of charity's trusts:		
Type of governing document (trust deed, royal charter)	Para 1.25	ABSLTA operates under a constitution that serves as its governing document, outlining the purpose, structure, and operational guidelines of the charity.
How is the charity constituted? (e.g unincorporated association, CIO)	Para 1.25	ABSLTA is constituted as an unincorporated association, which allows us to operate as a charity while maintaining flexibility in our governance and decision-making processes.
Trustee selection methods including details of any constitutional provisions e.g. election to post or name of any person or body entitled to appoint one or more trustees	Para 1.25	Trustees are selected through a nomination and election process as outlined in our constitution. Members of ABSLTA have the opportunity to nominate candidates for trustee positions, and the elected members vote during the annual general meeting (AGM). This ensures that the board of trustees is representative of the membership and accountable to them.

You may choose to include further statements where relevant about:

Policies and procedures adopted for the induction and training of trustees	Para 1.51	ABSLTA has established an induction programme for new trustees, which includes an overview of the charity's mission, governance structure, and operational procedures. New trustees receive training on their roles and responsibilities, as well as information about relevant legal and regulatory requirements. Ongoing training opportunities are provided to ensure all trustees remain informed about best practices in charity governance.
The charity's organisational structure and any wider network with which the charity works	Para 1.51	ABSLTA operates with a flat organisational structure, facilitating open communication and collaboration among trustees and members. We engage with a wider network of organisations and stakeholders in the BSL community, including educational institutions, advocacy groups, and professional bodies, to promote the advancement of BSL education and support our members.
Relationship with any related parties	Para 1.51	ABSLTA has established collaborative relationships with various organisations in the Deaf and BSL community. These partnerships are aimed at sharing resources, knowledge, and best practices to enhance the overall impact of our work. We maintain transparency in these relationships to ensure they align with our charitable objectives.
