Chair's Statement

The International Iraqi Women's Assembly strives to promote the values of solidarity and social inclusion within British society by supporting those most in need and empowering women and families to build more stable and dignified lives. The organization believes that every individual is entitled to equal opportunities in education, employment, and community participation, regardless of their background or social circumstances.

The organization continues its dedicated efforts to support Arabic-speaking women, refugees, and all those facing challenges in integrating into society. It provides English language education programs, vocational training, social and psychological support, as well as guidance and counseling services that help individuals regain confidence and engage positively within British society.

Driven by its humanitarian mission, the organization continues to provide assistance and support to low-income families and individuals affected by poverty or social isolation, both within the United Kingdom and through humanitarian initiatives supporting refugees and those in need. Human dignity and the right to a decent life remain at the core of its priorities.

The International Assembly of Iraqi Women moves forward with determination and commitment in fulfilling its humanitarian mission, placing community service and the empowerment of vulnerable groups at the heart of its work, and believing that strong societies are built on cooperation, compassion, and equal opportunities for all.

Objects

1. To promote social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded, in particular but not exclusively Iraqi and Arabic speaking women, and assisting them to integrate into society, by providing:
 - education and training in the English language and in vocational skills;
 - advocacy, advice and support;
 - social and recreational facilities and events involving the local community.

For the purpose of this clause 'socially excluded' means being excluded from society, or parts of society, as a result of one or more of the following factors: unemployment; financial hardship; youth or old age; ill health (physical or mental); substance abuse or dependency including alcohol and drugs; discrimination on the grounds of sex, race, disability, ethnic origin, religion, belief, creed, sexual orientation or gender re-assignment; poor educational or skills attainment; relationship and family breakdown; poor housing (that is housing that does not meet basic habitable standards; crime (either as a victim of crime or as an offender rehabilitating into society).

2. The prevention or relief of poverty among refugees in Iraq by providing items to individuals in need and/or charities, or other organisations working to prevent or relieve poverty.

Activities

Our activities during this period have included:

Bazaar @ Sound Bazar

Bazaar

Over the past year, we organized a community Bazaar focused on supporting **women-led small businesses and handmade goods**. The event provided a vibrant platform for women entrepreneurs to showcase and sell their products, helping to promote local talent, economic empowerment, and community connection. It also contributed to raising funds for our ongoing charitable programs.

We organised the "Sound Bazar," an innovative marketplace for women with small businesses. This vibrant event gave local women a unique platform to showcase and sell their products. At the Sound Bazar, participants could connect directly with potential customers, network with other entrepreneurs, and gain valuable business insights, which fostered growth and sustainability in their enterprises.

Translation and Interpretation Services

Recognising the challenges faced by refugee families, we offered translation and interpretation services. These services enabled refugees to navigate crucial systems, helping them access healthcare, education, legal assistance, and other vital services essential for their integration and well-being. The broader impact of this was felt by those we supported, as well as the services such as the NHS and schools.

Food Parcel Distribution

To address food insecurity, we launched a food parcel distribution programme for individuals and families facing financial difficulties.

International Humanitarian Aid

We extended humanitarian aid to people in crisis across several countries, including:

- Refugee camps in Gaza, Cameroon, and Mosul (Iraq).
- Communities affected by conflict and poverty in Yemen.

Our international aid efforts focused on delivering food, basic supplies, and emergency assistance to those in need, using our charity partners in each area.

Summary

These activities reflect our ongoing commitment to compassion, inclusion, and global solidarity. Whether through our local empowerment projects or international relief efforts, we aim to create a meaningful impact in the lives of those we serve.

We sincerely thank all our dedicated volunteers, generous donors, and committed partners for their continued support, which is vital in making this important work possible.
