Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>To preserve and protect for the public benefit the registered byways and bridleways in Haworth and Oxenhope (West Yorkshire) by:</p> <ol style="list-style-type: none">1) ensuring that byways and bridleways are correctly defined on the Definitive Map;2) locating lost byways and bridleways, where possible, or negotiating alternative routes;3) liaising with relevant local authorities and encouraging them to carry out their statutory duties in relation to byway and bridleway;4) promoting good relations with landowners and farmers;5) liaising and cooperating with other bridleways groups to share best practice. <p>To promote community participation in healthy recreation in Haworth and Oxenhope (West Yorkshire) and the surrounding area by the provision of facilities for horse riding and other outdoor youth and community activities.</p> <p>Promoting shared use of the facilities with a variety of local community groups. <i>This now includes a totally refurbished clubhouse, with disabled access.</i> This is available to all local groups – particularly sporting and youth groups – to further extend the scope of their activities.</p>

Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Monitoring the condition and use of local bridleways</p> <p>A varied programme of meetings, training, games, demonstrations and competitions with a strong focus on the involvement of junior members .</p> <p>These activities enable all participants to develop both their physical and mental skills, growing in confidence and social skills, as well as offering the proven benefits of closeness to animals and the outdoor environment. There is a strong emphasis on cooperation and family time.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees are confident that they have had due regard to the guidance issued.

Policy on grant making	Para 1.38	N/A
Policy on social investment including program related investment	Para 1.38	Social investment embedded in the charity's aims and objectives (see above)
Contribution made by volunteers	Para 1.38	The charity is run wholly by volunteers who organise and lead on all of its activities. The trustees were appointed by the committee, which itself is elected annually at the AGM. We rely heavily on this relatively small group of people, without whose time, energy and expertise it would not be possible to provide the variety of activities we aim for, or indeed to monitor and facilitate the use of other local groups. It is also a pleasure to note the increasing involvement and preparedness of Junior members to offer their time voluntarily.

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>The Charity continues to monitor the condition of local bridleways, and seek remedial action from landowners where necessary, for the benefit of horse riders, cyclists and walkers.</p> <p>We work alongside the local council Rights of Way Officer and the British Horse Society Access Manager to try to ensure that access to bridleways is not lost. We provide a wide range of inclusive, open-air activities (rides, demonstrations, accessible Fun Shows) supporting physical and mental health.</p> <p>We have a programme of speakers, providing enjoyable and informative insights into a variety of topics related to our core purpose.</p> <p>We also rely on support from local running groups, the Scouting Association, The Manorlands (Oxenhope) hospice, dog walkers and other community groups who share our vision and values.</p> <p>One especially enjoyable local activity in July 2025 was on Wuthering Heights Day, when over 200 dancers from all over the country graced our field and we were able to celebrate the ongoing refurbishments and extend our local support. This even featured on BBC 4!</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	As reported last year, the purchase of premises and land in December 2023 reflected a large difference between income and expenditure in the 2023-2024 year. The fundraising described above reflects the opposite effect shown in the financial return for 2025! Please also note that the trustees, supported by the committee, decided to change the accounting period (historically November to October) to the more logical January to December, so the return submitted is actually for 14 months. As a result of this, and the huge fund-raising drive, the charity's income has been inflated. We are more than happy to have these accounts audited if you feel this brings us into that necessary income band; the trustees felt, however, that this was a one-off occurrence and that filing the spreadsheet of income/expenditure for the building project might be sufficient.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	N/A
Amount of reserves held	Para 1.22	None
Reasons for holding zero reserves	Para 1.22	We are a small local charity dependent on membership fees and profits from activities, plus some sponsorship from local businesses. We are still relatively new to managing the upkeep of our building and land. Until we have established the pattern of expenses, etc. we do not feel secure in transferring income to a reserve. Hopefully, this will be possible in time.
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	None

Additional information (optional)

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	Membership fees Charges for activities and services Rental of facilities to local community groups Fundraising activities, eg sponsored events, social evenings, raffles, etc.
Investment policy and objectives including any social investment policy adopted	Para 1.46	None

A description of the principal risks facing the charity	Para 1.46	No serious perceived risks, but charity does face the challenges of building/land ownership. We have had to get to grips with insurance, utilities, etc. (some of which have built up significant arrears during the extended purchase period when it was not possible to ascertain responsibility for these bills). The building repairs and development detailed in the 2025 report and the massive fund-raising effort have already been discussed. We are now moving into a period when we can enjoy the fruits of this and, so long as we continue to attract members and local supporters (which our wonderful new building will do) I do not foresee any major risks

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The purchase of premises and land in December 2023 is reflected in the large difference between income and expenditure in the 2023-2024 year and the fact that assets at the end of this period are significantly lower than in the previous year. The money had been set aside for this purpose which fulfilled a long-term aim and has enabled the charity to expand its fundraising activities with a few to refurbishment of the property
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	N/A
Amount of reserves held	Para 1.22	None
Reasons for holding zero reserves	Para 1.22	Purchase of own premises (December 2023) fulfilled a long-term aim, for which reserve had been accumulated over many years. This was moved from the reserve account in 2021 in anticipation of this and the 2023/24 account reflects this considerable drop in capital.
