Trustees' Report for the period 30 March 2024 to 30 April 2025

The trustees present the annual report together with the financial statements of the charity for the period ended 30 April 2025. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) "Accounting and Reporting by Charities" (FRS 102) in preparing the annual report and financial statements of the charity.

The financial statements have been prepared in accordance with the accounting policies set out in notes to the accounts and comply with the charity's governing document, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019.

Structure, governance and management

Steps Rehabilitation Foundation is a registered charity (No. 1202566).

The charity was first registered with the Charities Commission during the period, on 30 March 2023.

A board of trustees administers the charity. The day-to-day management of the charity is delegated to the employees of Steps Rehabilitation Limited.

A quorum of 4 trustees present is required in any meetings where decisions are required. Trustees will have the power to appoint new trustees based on skill and experience.

Objectives and activities

The objects of the CIO are, for the public benefit, the relief of sickness and suffering amongst persons who have experienced brain, spinal or other complex trauma injury, or serious neurological conditions such as stroke, in particular but not exclusively by facilitating access to specialist treatment, equipment and other resources to assist in their recovery and rehabilitation. To relieve the needs of persons who have experienced brain, spinal or other complex trauma injury, or serious neurological conditions such as stroke, and by extension their families and carers, in particular by the provision of respite, short breaks and trips and experiences to complement and assist in recovery and treatment pathways.

Achievements and performance

During the period, the charity moved from its initial establishment phase into active delivery of its charitable objectives. Trustees met regularly to provide oversight, ensure compliance with regulatory requirements, and guide the strategic development of the charity.

Key achievements during the year included:

- Continued development of governance structures, policies and trustee processes to support the charity's long-term sustainability.
- Increased awareness of the charity's purpose and activities through engagement with supporters, partners and the wider community.
- The careful introduction of beneficiary support activity, ensuring that all assistance provided aligned with the charity's objects and available resources.
- Strengthened working arrangements with the charity's principal supporter, **Steps Rehabilitation Limited**, enabling effective operational support while maintaining appropriate trustee oversight.
- Brought on board 3 new trustees

Throughout the year, trustees remained mindful of the charity's early-stage status and adopted a measured approach to growth, prioritising good governance, financial stability and responsible delivery over rapid expansion.

Financial review

During the period, the charity generated income primarily through donations and support from its principal supporter. Expenditure remained tightly controlled, reflecting the charity's low operating cost base and its focus on building reserves before significantly increasing beneficiary activity.

The charity recorded a surplus for the period, resulting in an increase in unrestricted funds. At the period end, unrestricted reserves were held to support future charitable activity and to provide financial resilience.

Trustees reviewed financial performance regularly during the year and are satisfied that the charity's finances have been managed prudently, in line with its charitable objectives and risk profile.

During the period, income of £48,910 was generated and a surplus on unrestricted activities of £45,910 was made. At the period end, the charity held unrestricted reserves of £45,910.

Reserves policy

The trustees have reviewed the reserves policy during the year and consider it appropriate given the nature, scale and stage of development of the charity.

It is the trustees' objective to maintain sufficient unrestricted reserves to:

- Ensure the charity can meet its ongoing commitments and operating costs.
- Enable the charity to support beneficiaries responsibly and sustainably.
- Provide a buffer against unforeseen reductions in income or increases in demand.

Due to the charity's low fixed cost base and its reliance on available funds to deliver support, trustees consider it essential that adequate reserves are maintained before committing to new or expanded activities.

Ongoing support from the charity's principal supporter, while not legally binding, continues to provide additional confidence to the trustees when assessing the adequacy of reserves.

Free reserves currently stand at £45,910.

Going concern

After reviewing the charity's financial position, forecast income and expenditure, and the level of unrestricted reserves, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future.

The trustees therefore consider it appropriate to prepare the financial statements on a going concern basis.

The annual report was approved by the trustees of the charity on 30.01.26 and signed on its behalf by:

A handwritten signature in black ink that reads "N Rodgers". The signature is written in a cursive style with a large, stylized 'N' and 'R'.

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Going concern

After due consideration of all relevant factors, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the Charity and which have not been designated for other purposes. Restricted funds are fund which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for particular purposes. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.
