Activities

Objects: TO PROVIDE OR ASSIST IN THE PROVISION OF FACILITIES, FOR THE INHABITANTS OF POYNTON AND THE SURROUNDING AREAS, IN THE INTERESTS OF SOCIAL WELFARE FOR RECREATION OR OTHER LEISURE TIME OCCUPATION, AND IN PARTICULAR FACILITIES FOR PARTICIPATION IN THE SPORT OF CYCLING, OF INDIVIDUALS WHO HAVE NEED OF SUCH FACILITIES BY REASON OF THEIR AGE, INFIRMITY OR DISABILITY, WITH THE OBJECT OF IMPROVING THEIR CONDITIONS OF LIFE.FOR THE PURPOSES OF THIS CLAUSE, FACILITIES INCLUDE EQUIPMENT AND ORGANISING SPORTING ACTIVITIES.

Activities: Poynton Pedals for All provides people with limited mobility along with their families the chance to enjoy a bike ride on our adapted bikes. We are based at the Boars Head pub in Higher Poynton and ride along The Middlewood Way, a nearby recreational route in Cheshire East. We work with local organisations including the town council and are supported by local businesses and individuals.

Trustee report for year ending 31st March 2025

Registered Charity number 1202654

Legal and Administrative Details

Poynton Pedals for All is a charity whose aims are to promote cycling for our local community and to provide opportunities for all to enjoy cycling. We have fundraised to purchase adapted bikes to enable those who can't access a two wheeled bike. We have also had several bikes donated from local individuals. Our bikes are stored at the Boar's Head pub in Higher Poynton which is easily accessible to the Middlewood Way via a widened gate and ramp.

Governance

We are governed by our constitution submitted 31/3/2023

Trustees

We have three trustees

Fiona Carmichael

We are incredibly proud of our fantastic volunteers without whom we would not be able to function.

Thank you to Andy Shaw, Kate Marsham, Sam Leach, Debbie Pepper, Clare and Mike Jackson, Pamela and Tony Martin , Sarah Roe (joined 2025) Alec Scott (joined 2025)

Some of our previous volunteers, due to personal circumstances, have been unable to continue this year. We are very grateful to Helen, Hilary, Sue, Pete and Shenelle for all they contributed to the project.

Chair report 24-25

Last year, we continued to see the growth of our project, although the weather caused many session cancellations early in the year. We were able to continue to support our riders and their families, our priority as always. It was May before we started to get suitable weather for comfortable riding and then the season kicked off properly and was in full swing. 2024 saw the completing of our first Charity AGM in September 2024 and our first subsequent submission to the charities commission. Thanks to Vivienne for her help.

In 2024, we ran 26 sessions from April through to the end of October. Our wheelchair bike went out 4 times and the side by side was used 28 times. The trikes were used 5 times. The tandem was used once. Our two wheeled bikes were used regularly, accompanying families for those with disabilities.

At the beginning of 2025, the weather was much better and up to the end of March we ran 1 session in February and 5 sessions in March. This included one wheelchair bike session and 5 outings of the side by side bike with family accompanying on the Rock Rider mountain bike.

In addition, the 10th July 2024 saw us take the side by side bike, wheelchair bike and a trike down to the Golden Memories Club in the civic centre where we took out residents around the car park. Great fun was had by all! We also made some good connections and started a link with a couple of Care Homes. Just beforehand we took our bikes to the Vernon for a photo shot, as they have supported us regularly. We trialled sessions with both Adlington Manor and Hope Green Care homes in the autumn with partial success. For them meeting the residents at the Coppice meant easier access to the Middlewood Way. Some issues were faced and lessons learnt but overall the residents enjoyed getting out on the Middlewood Way. We are now looking for opportunities to further these relationships.

We are constantly looking to growing the training for our volunteers. October 2024 saw a helpful adult safeguarding session which was run by Cheshire East, resulting in ten of our volunteers achieving level 1 vulnerable adult safeguarding. This is in addition to those who already have other safeguarding qualifications. On the trainer's advice, we have sought to ensure all of our volunteers are DBS checked. Thanks to Sue T for her help in administration of the DBS renewal.

We ran two training sessions for volunteers in February and March and we produced a volunteer handbook. This contains our operational procedure, policies and risk assessments. It has proved a helpful tool for the volunteers. Martin gave our bikes a thorough check over in March but apart from a few specialist issues, our volunteers have looked after the bikes and they have been regularly checked and maintained in house. (with special thanks to all those involved- Andy S, Andy and Liz W, Tony, Mike J and Alec)

We added two children's trikes this year thanks to kind donations (thanks very much Jane Evans). This was in response to requests from parents to add provision for younger children. This has included a Tom Cat trike which allows a child who is unable to balance on a two wheeled bike to ride. The Tom Cat has been used by a child from a children's home who subsequently came to use our bikes.

Our fundraising has mostly covered our costs this year, especially due to a new manager at the Boar's Head in October 2024, who has kindly allowed us to use the stable block at the Boars Head

without charge, meaning that our resources can go solely to supporting those who are riding our bikes. We were successful in being accepted for the Co-op Community fund which has supplied over £3000 which we are about to use to purchase further bikes. We were also grateful to Pam and Tony who raised nearly £170 by organising a quiz night at the Poachers in Bollington on 9th March. We are grateful to all our bike users who have made donations when using our bikes. The Boar's Head did hold a fundraising event (the Boars Fest) last summer which did include promotion and support for our charity.

December saw a first for Andy and I – a radio interview with Stockport talking radio which supports those who are partially sighted. We were hoping that an interview might raise awareness of our bikes and the adaptability for those who are partially sighted. It aired in April this year, which did lead to a reconnection with one of our partially sighted users and a promotion of our service.

The beginning of 2025 saw trialling of a Van Raam Velo plus electric side by side bike. We obtained quotes to think about purchase of this bike and hope to be successful in purchasing one in the near future.

Thank you so much to our trustees and committee – Sue Taylor for keeping the minutes and meeting organisation in check, Vivienne for organising the finances, Liz for organising the website, and admin for Simply Book. Thanks also go to Fiona for artwork and marketing as well as to Jane for her input and contributions to the committee.

Thank you to Andy Shaw, Kate Marsham, Sam Leach, Debbie Pepper, Clare and Mike, Pamela and Tony Martin, Sarah Roe (joined 2025) Alec Scott (joined 2025)

Some of our previous volunteers, due to personal circumstances, have been unable to continue this year. We are very grateful to Helen, Hilary, Sue Pete and Shenelle for all they contributed to the project last year. Pete and Sue hope to return in the future.

Going forward – the 2025-26 season will hold a further expansion of our provision, with much better weather and opportunities to support special schools and care homes. We hope that we are able to purchase further bikes in the future that means that we are more flexible in our provision for those with different needs. This will mean more rides are able to enjoy our beautiful countryside and fresh air, with all the advantages that brings in physical, mental and emotional well-being. We look forward to further growth in 2025-2026.

Sue Reason

22/9/2025

Financial headlines.

Income and expenditure were lower than the previous financial year, however, income marginally exceeded expenditure. As in previous years, the most significant areas of expenditure are insurance and bike storage. During the year, there was a change of manager at the venue where the bikes are stored and they elected to not charge the charity for storage. Given a recent further change of manager, this may change again.

The balance of funds carried forward is £11,063. This is a marginal increase from £10,881 at the beginning of the financial year and reflects an inflow of funds.

The charity's funds are principally held at the Vernon Building Society, (£9,028) with the balance held in the Natwest account (£1,814) along with a Paypal account (£221).

Future development

During 2025 and early 2026 we will continue to run our sessions but look forward next year to have 3 more bikes to meet further needs. Two of them have now been ordered and we look forward to using them next year. (we have to spend the Co-op money by November 25) One is a Tom Cat trike which is semi recumbent and a bit more stable than ordinary trikes. The other is a hand cycle, which we have been asked for regularly and will make a difference to several of our riders.

We will also look at affiliating to Wheels for All, a national body for disabled cycling. With a bronze affiliation we would have access to many of their resources as well as a booking system called Kinetic+ which will increase our visibility in the inclusive cycling network.

Our volunteers continue to make a massive contribution and we greatly value their input. We will be putting forward some refresher training again next year and will make sure that we meet all current safeguarding guidelines.

Our policy documents are due for a review this year and we will work on those over the winter months.

We look forward to growing our charity's activities further and hope to reach care homes and special school groups in the area.

Chair report 23-24

Today we celebrate the beginning of our charity, and the fact that we have enabled many people to get out on a bike and enjoy the fresh air and great countryside in our area. The initial Poynton Pedals for All idea started in 2019 when we led some Breeze rides in the area around Poynton and one of our members, Elaine Sloane, thought how wonderful it would be for those in a wheelchair could also enjoy a spin along the Middlewood Way. From there, and with the support of the then Mayor, Sarah-Jane Gilmore, and Poynton Town council community officer, Sharon Duke, initially, we looked into the possibility of fundraising to purchase a vastly expensive wheelchair bike. We were one of Sarah-Jane's community groups that she fundraised for that year, which sadly then was cut short by the Covid Pandemic.

For several months we then started further fundraising to help us purchase the wheelchair bike and (also a Roam side by side bike). We also spend the further 18 months of fundraising, as well as visiting several local similar projects, and taking much advise from local cycling experts and the Cheshire East councillor responsible for Cycling and walking. Ian Tiernay, the Director from Wheels for All, and Neil Carmichael, a local cycling consultant and Beth Barrett from British Cycling all were instrumental in helping us set up the project. Liz and I improved our skills as ride leaders/ coach with British Cycling and Sue attended a Wheels for All leadership training day.

We are grateful to the numerous individuals, businesses, and groups who have contributed to help our project get off the ground, as well as funding from the national lottery and Cheshire East Spacehive. We were also Mayor Lee Podmore's charity of the year after Sarah-Jane.

Simon Reeder from the Boar's Head very kindly allowed us to rent out the old stable block there to house our bikes and set up our project. He made and paid for alterations to allow access for the bikes and security at the Boar's Head. He continues to support us, fundraising and being very supportive of our project.

Once we managed to have the bikes delivered, it took several months to find a company who were willing to insure our project. Once successful, we then set about trialling our bikes. This involved Ed the ranger who had to widen the gate opposite the Boars Head, and improve the ramp to allow access of the bikes onto the Middlewood Way. He also has worked tirelessly to improve the surface of the Middlewood Way and access via radar gates as well as later improving the safety of the path round the Coppice Car Park. We also found that Martin from Velotech had much experience of servicing adapted bikes and he has kept them running well. Mike Crewdson also gave us much advice on marketing and fundraising which was invaluable.

Once we had involved several willing guinea pigs to try out the bikes, had thoroughly risk assessed the project, and also had written many policies to ensure we were compliant with other similar organisations, we set about launching our project in September 2022. This was an amazing event launched by Ruth and supported by Wheels for All, who brought along several different bikes for us to try. Manchester's active transport commissioner Sarah Storey was unfortunately unable to attend but sent her deputy! Suzie Akers-Smith, who was a Cheshire East councillor at the time also attended as well as several volunteers and committee. Martin from Velotech was also on hand to sort out any mechanical issues. It was a great success.

Throughout summer 2022 we had enlisted and trained several volunteers. We then ran a few sessions throughout October and the start of November when the weather turned and it was then too cold and wet to continue. We also set about writing our constitution and our charity application through the winter, ready to submit in March 2023. Our charity application was then approved very quickly, a week later.

2023 saw a reasonable February which meant that we were able to start running sessions. We also ran training sessions for our volunteers to refresh their skills particularly with loading and unloading the wheelchair bike. We included aspects of risk assessment and normal operating procedure, as well as safeguarding. Several of our volunteers have been DBS checked and we are looking into getting everyone checked in the coming year.

At the beginning of 2023 we were able to purchase two Pashley trikes and we also had one donated later on in the year. We were also able to purchase a Rock rider mountain bike and had several hybrid bikes donated. We now have a total of 5 two wheeled bikes, enabling family groups to ride together.

We ran forty sessions throughout 2023 and two at the beginning of 2024 until 31st March. Our most popular bike was undoubtedly the side by side bike. This bike enables an able-bodied rider to control the brakes and steering but also to enable the less able rider to rest when needed. It is a very sociable bike, allowing great chatting to go on alongside cycling. Our project is very weather dependent and several cold and wet Saturdays at the beginning of 2024 meant that the season had a slow start and took a while to get going. In 2023 the side by side bike was out thirty-nine times and the wheelchair bike out four times (twice with Warwick Mews) The tandem was out seven times (Peter with Andy as well as George on the guide riding) We had several trikes used in addition to the wheelchair and side by side bikes, when we were visited by a large group from Warwick Mews care home from Macclesfield. Our two wheeled bikes are also regularly used for accompanying family with our adapted bikes,

Our major highlight last April was the registration of our charity. This was amazing news and many thanks to Ruth for her very hard work in preparing us for the application. Being a charity has the advantage that we can apply for certain funds that are only open to charities and also raises our profile in the community.

Other highlights – In April 2023 we were part of the Vernon Building Society Community Stars fundraising which saw us receive a generous donation in September. We greatly appreciate their continued support. The Poynton Women's Institute had made us their cause for the 22-23 year and I went along to receive a very generous cheque at one of their meetings also. As well as making a generous donation to our Charity, Dan Brownhill from Agency UK made a short promotional video which went out on the local social media. Alison Darby joined our Committee for a while and encouraged several local businesses to support us. Thanks to Acacia Homecare Stockport, Able2Physio, Slimming World, Stratford Solicitors and Alpha Mortgages. Wear to Work sponsored us by printing T-Shirts for our Poynton Show appearance- our competition to name that bike attracted attention and our bikes now proudly display their names! We were also selected by the local Co-op to receive one of their community fund grants, the first payment was made in February 2024.

Our website was launched in 2023 –Ruth set up the domain and thanks to Liz for producing an early version and to Jason Walker for developing and improving the website. He donated his time this year as a donation to our charity. After a few attempts to sort out booking systems, we managed to get a program called Simply Book which has been very good and helpful when booking.

Poynton Show was a great opportunity to showcase our side by side bike and we had several displays and a game to attract attention. Alison and I managed to cycle down and Helen with husband Rik showed their cycling skill by making it up the Anson Road to

head back to the Boar's Head. We chatted to many local residents, several of whom have since been up to visit us.

Ed was busy on the Middlewood Way last summer and adjusted the gate at the end of the platform to make it radar key controlled. Later on, in the year he also took a group from Astra Zeneca to improve the path round the Coppice to make it safer. We have had continued fantastic support from Ed and the ranger team throughout and often meet them on the Middlewood Way.

The end of 2023 saw us run a Hotpot Supper night; this was partly as a fundraiser, but also was a celebration for the end of our first full year and an opportunity to celebrate the fantastic volunteers that we have, without whom we could not possibly run our Charity. The beginning of 2024 saw Martin from Velotech come and safety check all of the bikes so that they were in tip top condition for the season. We also had a rolling system to refresh the skills and the knowledge of our volunteers, particularly with loading and unloading the wheelchair bike. Sue H added to our safeguarding knowledge and qualified with level 2 and is our safeguarding lead.

I would like to thank all the amazing volunteers that we have - Andy (Shaw) in particular for his work in maintaining the bikes, as well as leading rides for us. Also, Liz (often assisted by Andy W and Suzy) for leading sessions and managing the website and Simply Book, Fiona for her media and marketing input, and thanks to Vivienne for preparing the accounts. Thanks to Sue Taylor for keeping our committee in order and preparing minutes, agenda etc. I also appreciate continued advice from Neil Carmichael and Ian Tierney from Wheels for All as well as chats with Mike Crewdson on our marketing strategy. Thanks to all the volunteers for bearing with us and being willing to be adaptable when we have to cancel due to bad weather etc. and for being willing to step in when we get a last minute booking and need extra help.

Thanks for last year's volunteers – Ruth who put in so much work to set our charity up, Shenelle, George and Stef who have been unable to continue this year, and for this year to Andy ,Liz, Fiona, Sue T, Jane H, Sam ,Kate, Debbie, Helen, Hilary, Gill, Sue and Pete, Clare, Pamela and Tony for helping us run sessions. (I hope I haven't missed anyone!) Without your help and encouragement, we would not have been able to make this project possible and enable all of the lovely families to get out and enjoying cycling in Poynton! We look forward to being able to expand our provision in the future to help more families which would need us also to expand our volunteer base, but we look forward to growing our project next year. .

We are always looking for anyone who could help with some of the admin tasks- eg sending emails out, organising volunteers and the rota etc and if anyone feels they can help in this way, please contact me.

Sue Reason

25/9/24

Treasurer's Report

The charity received monies, primarily through donations, of just under **£9,464**.

- £4,489 was spent during the year.

As in previous years, the two largest items of expenditure - totalling just over £3,000 (£3,049.23) - are i) rent to the Boars Head for storing the bikes (£2,160) and ii) insurance (£889.23)

Within the monies paid out, as mentioned of £4,489, is one **asset** addition of £262 (£261.96) for an adult bike.

Therefore, the **net inflow** of funds during the financial year was **£4,975**

- When added to the balance of funds carried forward from 2022/23 of **£5,907** (£5,906.79) the charity has a **balance of £10,881.31** as at 31 March 2024.

Should anyone be interested, I'm happy to provide further details on the accounts.
