CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 5th May 2023 To 31st December 2023

Charity name: Research Schizophrenia

Charity registration number: 1202969

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	**To protect and promote the health of the public by raising funds for research into mental illness and in particular schizophrenia and to increase public awareness and understanding of the condition.**
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	**After achieving registration, the first activity was to undertake the process required to open a Bank Account to administrate the charities finances. The charity's application, submitted in May 2023 to CAF Bank, required extensive interaction and information to the Bank and was finally approved in August 2023 when an initial donation of £5000 was made by the Chair of the Trustees to the research fund.** **Strategies were formulated to build the knowledge base of the charity to enable the organisation to progress its objective of promoting awareness to the general public and attract donations to fund research via a website.**
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	**The trustees have had regard to the Charity Commissions guidance on public benefit when planning and developing the strategies they will be implementing and determining how best to utilise funds raised in the future.** **To date the trustees, have self-funded the provision of all services required to start and administrate the charity. All expenses associated to meetings, events and development have been paid for by the trustees personally. It is the intention of the trustees for all donations received to go directly towards funding research. The charities trustees are building a network of contacts within the scientific community to enable them to engage appropriate pier assessment for the eventual selection of appropriate research funding projects.**
