Autism's Hidden voices Trustees' Annual Report

The Trustees confirm that the Charity has complied with its obligations under the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018 during the reporting period.

The Charity processes only a very limited amount of personal data. This is restricted to personal data relating to the Charity's four trustees and, where necessary, basic contact details for individuals within other charities or clubs with whom the Charity works. The Charity has no employees or volunteers and does not process any special category (sensitive) personal data.

Personal data is held and processed solely for the purposes of governance, administration, and compliance with legal and regulatory requirements. The Trustees ensure that personal data is processed lawfully, fairly, and transparently, and only where there is an appropriate lawful basis for doing so.

All charitable activities are delivered by independent third-party charities or clubs. These organisations are separate data controllers and are responsible for their own compliance with data protection legislation. The Charity does not collect, receive, or retain personal data relating to beneficiaries of those activities.

Given the limited nature and volume of personal data processed, the Trustees consider data protection risks to be low. Appropriate and proportionate measures are in place to protect personal data, and access is restricted to trustees only and limited to what is necessary for the effective administration of the Charity.

Personal data is retained only for as long as required to meet legal, regulatory, and governance obligations and is securely disposed of when no longer needed.

The Trustees review data protection arrangements as part of their ongoing governance responsibilities and confirm that no personal data breaches occurred during the year.

From 6th April 2023 Period start date to 5th April 2024 Period end date

Charity name: Autism's Hidden Voices

Charity registration number: 1203121

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	Our activities this year have been aligned with our overall charity objective which is 'to relieve the needs of individuals in Wales (and surrounding counties) with a formal diagnosis of autism spectrum disorder, and their family carers, by the provision of information and support'.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We believe we can achieve this objective by conducting activities related to the following goals: • To provide support for autistic people and/or their family carers living in Wales or surrounding counties • To promote social inclusion of autistic people and family carers. • To promote social awareness and acceptance of autism and to reduce autism stigma and discrimination • To advance the mental and physical health and wellbeing of autistic people and family carers
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees have adhered and been mindful of the guidance issued by the Charity Commission on public benefit.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The major objective of the Funding was to create activities for Autistic individuals (children and adults) and their families. The funding has been very helpful in educating and building relationships between the families, the social services, and third-party providers.</p> <p>A social network between families has been created and is continuously expanding. We have a private Facebook group page of 381 members and an active WhatsApp group of 47 members as well. Some of our members are not on social media and prefer text or word of mouth so it's important to make sure we are able to capture these families and help them get all information that they would not normally get and not miss out on our activities and support in the community.</p> <p>We executed and delivered a majority of the planned activities (taking into account the impact of the Covid-19 pandemic and the closure of some providers for our program especially for the autistic adult programme) Activities completed so far are listed below.</p> <ul style="list-style-type: none"> • Interactive workshops [via Zoom] covering topics such as Educational Placements, Social Benefits, and entitlements and how to apply for their specific needs, Health and Dietary suggestions, Autism and its related challenges and social issues. • Day Trips for the Families (Hired the 53-seater bus) to Themed Parks e.g. Folly Farm and Oakwood Theme Park [Pembrokeshire]. This is a family favourite as these places are very expensive for families to afford on their own. • Cycling sessions with Pedal Power Cycling Charity [Cardiff]; this activity covers 1 year-membership with an assessment [in order to adapt the Bike to the individual's specific needs] including 10 paid cycling sessions. The 1-year membership serves as an incentive for the families to continue using the Pedal

		<p>Power service after the paid sessions end.</p> <ul style="list-style-type: none"> • Music Therapy sessions with Gwent Music School, Newport. This activity helps to improve self-expression, spontaneous play and stimulate language development and creativity through songs and turn-taking. • Swimming sessions: All attempts to get a place at the leisure centres has proved very difficult due to the backload of activities at the centres and with most pools still shut was almost not going to happen. We managed to get a cancelled slot at a school in Cardiff which hires their place to organisations. <p>Provision of office communication equipment replaces the original plan to hire venues, projector equipment, refreshment for workshops that would have been faced to face. We've had very active and successful workshops with invited experts to talk about sought after topics that have been a source of difficulty with families. During the covid period, we had families reaching us from outside our catchment area and asking for help and advice. We had to organise and adapt our information to comply to what applies in Wales, England, Scotland and Ireland. This created new relationships with groups in these areas so we could signpost such families to their area Service providers, and we got people sent over to us as well.</p>

<p>Achievements against objectives set</p>	<p>Para 1.41</p>	<p>The funding has increased awareness and highlighted the challenges facing especially the ethnic and smaller culturally based families e.g. the African, Asian families and the service providers in accessing the essential needed support. These include and are not limited to lack of finances, language barrier and lack of education. There is still a lot of work to be done in the community as information is not that readily available. It has enabled us to create social interaction and engagement between families and their communities dealing with similar challenges.</p>
<p>Performance of fundraising activities against objectives set</p>	<p>Para 1.41</p>	<p>The funding has expanded and improved our organisational capacity to handle the needs of our community though improved interaction and better communication with Service providers, local authority and other organizations to provide specific activities which cater to our families and their needs e.g., Music Therapy was seen by families as just playing music and a waste of time. A</p>

		<p>workshop was held to explain what Music Therapy is and the benefits e.g., communication, creativity, and self-regulation. The Service provider was able to adapt the program to include some cultural instruments like African Drums and songs to the session to make it relatable to the audience they were presenting to.</p> <p>In the long run there will be the need to expand the workforce to better deal with the high number of calls and emails from members of our community- as well as to offer better, holistic signposting services for the community.</p>
