Activities & Achievements

Since its inception in 2023, Rehmat Education Foundation's focus has remained on empowering street children and those involved in child labour by providing them with educational opportunities at Rehmat School, a charitable institution located in Ahmed Pur East, Pakistan. In the past year, Rehmat Educational Foundation has continued its mission to support the educational and overall well-being of underprivileged children through Rehmat School. This report outlines the key initiatives undertaken in 2024-25. Key achievements include offering more out of school children the opportunity for education, establishing an IT Learning Centre, forming an international partnership with Caistor Grammar School in the UK, providing essential school supplies, implementing a comprehensive free school meal programme, safeguarding health, nurturing joy through special celebrations, and emphasising our dedication to keeping children in school by providing financial support to prevent their engagement in child labour.

Educational Opportunities

In the past year, Rehmat School has continued to facilitate access to education for street children and those engaged in child labour. We are pleased to announce that 25 additional children have been enrolled, increasing our total student body to 87. This growth highlights our commitment to offering these children a chance to attend school and step towards a promising future.

Rehmat School's comprehensive educational programmes emphasise literacy, numeracy, and critical thinking skills. These programmes serve as a foundation for lifelong learning, enabling students to gain the knowledge and skills needed to improve their life circumstances significantly.

IT Learning Centre

In December 2024, we made significant strides by inaugurating the IT Learning Centre as part of our mission to provide quality computer education. Our centre is equipped with eight state-of-the-art computers, allowing students to embrace technology and develop essential digital skills.

The IT Learning Centre is a transformative initiative, aimed at equipping students with skills relevant for future employment. By learning computer skills, our students can access new job opportunities, creating a pathway out of poverty.

Rehmat Educational Foundation Report of the Trustees for the year ended 5th April 2025

Our commitment extends beyond basic education; we are continuously working to upgrade our facilities and resources. The IT Learning Centre will soon offer advanced courses and certifications, ensuring alignment with technological advancements and providing our students with up-to-date competences needed in today's digital world.

Development of the foundation's website

Over the past year, the Rehmat Educational Foundation has launched a new website, rehmatfoundation.org.uk, aiming to enhance transparency, accessibility, and engagement. The site offers easy navigation to communicate our mission, share updates, and provide resources to supporters and partners. It includes sections on programs, impact stories, and our foundation's history, helping visitors to understand our goals and achievements. Additionally, we provide secure and straightforward online options for making donations and signing up as volunteers, making participation easier.

This website is a crucial step in creating a connected community supportive of educational opportunities for street children and those involved in child labour.

New International Partnership: Enhancing Literacy and Cultural Exchange

This year marked the initiation of a groundbreaking collaboration between Rehmat School in Pakistan and Caistor Grammar School in the UK. This partnership focuses on enhancing English language skills and promoting cultural exchange.

- **Online Sessions:** These sessions are designed to improve literacy by encouraging students from both institutions to engage in discussions. By sharing unique experiences, the students broaden their global perspectives and understanding of diversity.

- **Cultural and Educational Enrichment:** Rehmat School's street children benefit from exposure to diverse global cultures, enhancing their English proficiency and worldview. Meanwhile, Caistor students develop empathy, leadership skills, and a deeper understanding of global issues.

- **Mutual Benefits:** This initiative is building bridges between the schools, fostering understanding, and creating positive impacts for students. It lays a foundation for a brighter future through empathy and global awareness.

Library Enrichment Programme

The Rehmat School Library saw a significant addition over 2,000 books, ranging in diverse subjects and genres. These books were donated by different schools in Lincolnshire (UK) and were collected by our volunteers to be shipped to Rehmat School in Pakistan. This enrichment program was designed to stimulate intellectual curiosity and foster a passion for reading amongst students.

Achievements:

- The library now hosts over 2,500 books.
- Student engagement with the library increased by 30%.
- Reading comprehension of the students improved

Free School Supplies

Rehmat School has taken proactive steps to remove financial barriers to education by providing essential school supplies to every student.

- **Comprehensive Support:** Stationery, school bags, uniforms, and shoes are provided at no cost. This fosters a sense of equality and ensures that all children have the necessary tools to participate fully in their education.

In the upcoming year, we plan to broaden our initiatives, emphasising technology integration in education, increasing health awareness programmes, and launching a mental health support initiative. By doing so, we aim to contribute to individual growth and broader community development.
