**Independent Examiner's Report to the Members of
Community VISION (Voluntary Infrastructure Support Involving Organisations and
Networks) CIO**

I report to the Trustees on my examination of the accounts of Community VISION (Voluntary Infrastructure Support Involving Organisations and Networks) CIO for the period ended 31 March 2025, which are set out on pages 40 to 79.

Respective responsibilities of trustees and examiner

The trustees are responsible for the preparation of the accounts in accordance with the Charities Act 2011. The charity's trustees consider that an audit is not required for this financial period under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is required. The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of the Association of Chartered Certified Accountants.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

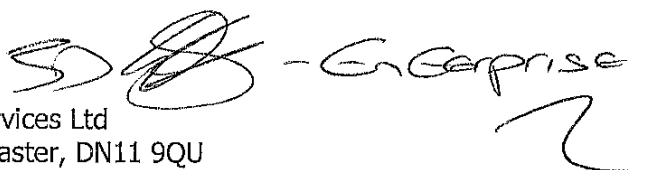

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view, and the report is limited to those matters set out in the statement below.

Independent Examiner's statement

In connection with my examination, no matter has come to my attention to indicate that:

- accounting records have not been kept in accordance with section 130 and 131 of the Charities Act;
- the accounts do not accord with such records;
- where accounts are prepared on an accruals basis, whether they fail to comply with relevant accounting requirements of the Charities Act, or are not consistent with the Charities SORP (FRS102);
- any matter which the examiner believes should be drawn to the attention of the reader to gain a proper understanding of the accounts.

Report of the Board of Trustees For the period ended 31 March 2025

Structure, Governance and Management

Governing Document

Community VISION is a registered Charitable Incorporated Organisation (CIO) governed by its Constitution (Association model) registered on the 18th May 2023.

If the CIO is wound up, the members of the CIO have no liability to contribute to its assets and no personal responsibility for settling its debts and liabilities.

The Charity is the result of a merger of East Riding Voluntary Action Services (ERVAS) Limited and Voluntary Action North Lincolnshire Limited, however at this time the merger has not been fully completed and the respective organisations are working through the steps to complete this process. As a result, each organisation has prepared an individual Trustees Annual report and set of accounts for this financial period.

Recruitment and appointment of Trustees

The Trustees form the Executive Committee of the charity. The current Trustees are the first Trustees of the Charity and were the Trustees of the charities involved in the merger.

The members of the Executive Committee are elected at the Annual General Meeting by the members of the Charity, and usually serve for a three-year term. At the end of this term, they can stand for re-election. All members are circulated with invitations to nominate Trustees in advance of the AGM. There is a provision for the co-option of additional Trustees if required.

The Constitution states that the number of Trustees must not be less than three but shall not be subject to any maximum.

Trustee Induction and Training

New Trustees undergo induction training, provided by the Chief Executive and Deputy Chief Executive. The induction includes a discussion about the role and responsibilities of Trustees, the activities, aims and objectives of the Charity, the structure of the organisation, Board of Trustees, general procedures of the organisation. New Trustees are introduced to members of staff and other Trustees and are provided with the Charity Commissions 'Roles and Responsibilities of Trustees', the Constitution, the business plan, the latest statutory financial statements, Annual Report, and financial reports provided to the Board of Trustees. Any additional training required by new Trustees will be identified during induction and may be requested at any point by new and existing Trustees, where it is considered useful to their role as Trustee. Trustees are also invited to attend staff events and activities in order to develop a better all-round understanding of the organisation.

Report of the Board of Trustees For the period ended 31 March 2025

Organisational Structure

The Board of Trustees manages the Charity but generally aims to consider only strategic decisions at its meetings. Trustees are aware that any conflicts of interest are declared and minuted. The Board meets quarterly. The Chief Executive is appointed by the Trustees to manage the day-to-day operations of the Charity, and also has authority to delegate as appropriate to other staff members. Ad-hoc committees are set up when the need arises.

Risk Management

The major risks to which the Company is exposed, as identified by the Trustees, have been reviewed and systems have been established to mitigate those risks. The climate within the Voluntary and Community Sector is such, that risks include a dependence on a mixture of income sources including earned income, Service Level Agreements, contracts and grants – a percentage of which covers the core costs of the organisation.

It is the aim of the Trustees to retain within designated reserves sufficient reserves to cover the expenditure of the budgeted core functions for at least six months if funding became unavailable.

Objectives and Activities

As set out in the Constitution, the Charity's objects are:

"The promotion of the voluntary sector in North Lincolnshire and the East Riding of Yorkshire (hereinafter called 'the area of benefit') in particular by:

- (i) Building the capacity of charitable and voluntary organisations operating within the area of benefit and providing them with the necessary support, information and services to enable them to pursue or contribute to the furtherance of any charitable purpose within the laws of England and Wales and strengthen the communities in which they operate; and*
- (ii) Promoting, organising and facilitating co-operation and partnership working between charitable and voluntary organisations and statutory and other relevant bodies within the area of benefit.*

Report of the Board of Trustees For the period ended 31 March 2025

Objectives and Activities (Continued)

For the purposes of this clause, 'the voluntary sector' means charities and voluntary organisations defined as follows:

- Charities are organisations, which are established for exclusively charitable purposes in accordance with the law of England and Wales.*
- Voluntary Organisations are independent organisations, which are established for purposes that add value to the community as a whole, or a significant section of the community, and which are not permitted by their constitution to make a profit for private distribution. Voluntary organisations do not include local government or other statutory authorities.*

This means that the main objects of the charity are promoting, developing and supporting voluntary activity within the community. The principal activities, carried out to achieve these objectives, are the provision of services to the voluntary/community sector, liaison with statutory, national and major voluntary organisations, representation of local views about service provision and the development of new services.

Main objectives for the following year:

In developing the main objectives for the following year, the Trustees have given regard to the Charity Commission guidance on public benefit.

Following on from the merger investigations and closer partnership working between East Riding Voluntary Action Services (ERVAS) Limited (Company No: 5894388, Charity No: 1121190) and Voluntary Action North Lincolnshire (Company No: 3346067, Charity No: 1063019), at their respective AGM's a resolution to merge was provided to both organisations memberships which could be voted on in person and electronically. This was agreed unanimously by all voting members. We registered the new Charitable Incorporated Organisation for this purpose, Community VISION (Voluntary Infrastructure Support Involving Organisations and Networks) CIO (Charity No: 1203129) and new bank accounts were set up for the new Charity. The majority of permissions have been received to finalise the merger, the Charity Commission have provided orders to authorise the conflict of interests between Community VISION, ERVAS and Voluntary Action North Lincolnshire Limited so that the Trustees could make decisions regarding the proposed transfer of assets and liabilities and to authorise the trustees to grant an indemnity under S105 of the Charities Act 2011. VANL has also received the S201 consent to transfer the premises to Community VISION, we are working with Rollits Solicitors on the conveyancing in relation to this. During the year the majority of the remaining activities within ERVAS and VANL transferred to Community VISION.

Report of the Board of Trustees For the period ended 31 March 2025

Objectives and Activities (Continued)

This will complete in the next financial year as the remaining relevant permissions are received.

This brings new opportunities and fresh challenges, which we are very well placed to meet through our strong partnerships and the skills and dedication of the respective staff teams working together to strengthen the support offered to the Voluntary, Community Faith and Social Enterprise Sectors (VCFSE) across both East Riding and North Lincolnshire.

In the interim, Community VISION, Voluntary Action North Lincolnshire Limited and East Riding Voluntary Action Services (ERVAS) Ltd are operating in tandem with partnership arrangements in place.

The Board of Trustees is committed to investigating ways of diversifying income to ensure the sustainability of support to the VCFSE.

Strategies for and significant activities that contribute to achieving stated objectives

The organisation continually seeks to enhance existing partnerships and develop new ones as well as exploring all appropriate funding opportunities and income streams which help achieve the Charity's stated objectives to strengthen the VCFSE and communities across primarily the East Riding of Yorkshire and North Lincolnshire.

Statement of grant making policy

Grants are only made by the organisation within the criteria laid down by the funding bodies providing the grant money. The grants are administered by an independent grant review panel which comprises of representatives from Community VISION and other appropriate VCFSE or statutory organisations and individuals from the community where appropriate.

Due diligence is undertaken on all organisations and individuals applying for grants from the organisation. We also comply with our requirements and procedures in relation to anti-money laundering legislation.

In addition, an in-depth induction and appropriate training are sought to ensure that our employees are highly skilled and adaptable to the challenges within the VCFSE sector.

Contribution of Volunteers

As a charitable organisation our Board of Trustees provide their time and expertise in governance, strategic planning and overseeing the activities of the organisation on a voluntary basis.

During the financial period, the Community VISION group had volunteers providing additional capacity to the activities of the organisations making up the Community VISION group.

In addition, we have supported many volunteers via the Volunteer Centre and the Volunteer Projects to volunteer within VCFSE organisations and their local communities.

The Trustees and staff would like to thank all volunteers for their contribution to Community VISION, ERVAS, VANL and the wider VCFSE and their communities during the financial period. Volunteers give their time freely to provide support and are a much needed and valued resource.

Review of Activities 2024-25

The Community VISION Board of Trustees is satisfied that in our 2nd period of operation, 2024-2025:

- Our work reflected our aims.
- Our resources were well managed.
- Members were satisfied with the service they received.
- A balance was achieved between core service provision and new developments.

The Community VISION group maintains its aim of being a one stop shop for VCFSE organisations, as well as being able to continue to support communities and individuals. During the financial period we have received continued support from our members, the community and developed new/additional funding streams which have supported the Community VISION group to remain sustainable and to grow our service offer for VCFSE organisations, communities and individuals. We are extremely proud of our achievements and the way the organisation has developed and have plans to continue this development into the future. This could not have been done without our dedicated staff, volunteers and Trustees, the support from the community, our members and our funders.

Community VISION General Activities

- **Funding**

Community VISION provided general funding advice and support, this is provided through online information, webinars, events and one to one support to voluntary sector organisations. In North Lincolnshire we have partnered with North Lincolnshire Council and Open 4 Community to provide access to a funding portal for VCFSE groups to access. This portal was already available in East Riding through East Riding of Yorkshire Council.

Community VISION administered the following grant funds during the period:

- Roos Wind Farm Community Benefit Fund, a fund provided by RES which is available for VCFSE organisations within 5 miles of Roos Post Office. All activities of the Roos Wind Farm Community Benefit Fund are accounted for separately through Roos and District CIC, company no: 09196906.
- The Boynton Almshouses Fund which was created from the residual assets of a charity which dissolved (Charity No: 240133). This fund is to support individuals in poverty living in Boynton, Rudston and Barmston.
- The East Riding Emergency Food and Essential Items Fund which was funded by East Riding of Yorkshire Council, this is open to VCFSE organisations that are members of the East Riding Food Poverty Alliance.
- The Heat the Person Grant fund which was funded by East Riding of Yorkshire Council.
- The Cadent Centres for Warmth Fund which was funded by Cadent Gas Ltd and is open to applications from community venues.

- **Asset Based Community Development and Governance**

Community VISION provided asset-based community development and governance support through online information, events and one to one support to VCFSE organisations with all aspects of setting-up, organisational management, governance, policy development, safeguarding etc. As part of this work, we also supported VCFSE organisations to close down in the most appropriate way at the end of their life.

This has been funded by North Lincolnshire Council in North Lincolnshire and through a range of small funders and project recharges in the East Riding.

In addition, we are a member of the East Riding Collaborative and North Lincolnshire VCFSE Alliance. We received funding from the North Lincolnshire VCFSE Alliance via Humber and Wolds Rural Action to employ the Alliance Co-ordinator and are actively recruiting new members. Additional funding has been received from North Lincolnshire Council from the Community Cohesion Fund to develop a Community Mediation service – 3 members of staff, one from Community VISION, one from Humber and Wolds Rural Action and one from Westcliff Community Drop-in Centre have attended Mediation training and will start developing this in the next financial year.

During the year we received additional funding for the partnership Cadent Centre for Warmth North Lincolnshire project from Cadent Gas Limited. Community VISION is the lead partner on this project working with Citizens Advice North Lincolnshire, Oasis Academy Hub, the Iron Foundation, The Forge Project Limited and Age UK Lindsey as well as a variety of VCFSE community venues. The main outcomes of the project are:

- to develop volunteer energy champions within communities
- increase the awareness of the dangers of Carbon Monoxide
- support vulnerable individuals to sign up to the Priority Services Register
- support people to reduce their energy consumption through raising awareness about energy efficiency
- provide advice to support people to maximise their income, reduce their debt and learn to budget
- provide activities to combat loneliness and isolation
- provide slow cookers and carbon monoxide alarms.

We also received additional funding from East Riding of Yorkshire Council to develop the Digital Inclusion for All project which will build capacity and increase digital inclusion within local communities and community venues to provide the skills, devices and connectivity to support East Riding residents to safely go online and create confidence, capacity and resilience within communities.

- **East Riding Volunteer Centre**

Community VISION provided a brokerage service to volunteers and supports VCFSE organisations to enable them to effectively recruit and manage volunteers within their organisations.

In North Lincolnshire we work closely with Humber and Wolds Rural Action as part of the Alliance Volunteering Hub. During the year we were successful in a partnership application to the Shared Prosperity Fund administered by North Lincolnshire Council working with the North Lincolnshire Council Community Enablement Team and Humber and Wolds Rural Action to enhance the LiveWell North Lincolnshire website by improving the digital offer for Capacity Building and Volunteering, integrating the Team Kinetic volunteering portal, providing face to face and online training, volunteer brokerage and a volunteering event.

We are part of the Time to Volunteer Steering group in East Riding which provides information on volunteering opportunities and is a network of like-minded people who wish to enhance volunteering further. The network partnership is made up of Voluntary and Community Sector and Business representatives. This partnership has facilitated the development of the website "Time2Vounteer", where information can be found on a range of volunteering related topics and opportunities to assist them with their volunteering journey.

- **Safeguarding**

Through the contract with East Riding of Yorkshire Council, we have developed the Safeguarding Support Service employing specialist staff to support VCFSE organisations in East Riding with their responsibilities around Safeguarding Children and Adults with care and support needs. This has enabled us to increase the support and training available and increase partnership working with the Safeguarding Adults and Children's Boards.

In addition, through the Capacity Building Contracts with North Lincolnshire Council we have been able to develop a quarterly safeguarding forum and provide support to VCFSE groups in North Lincolnshire.

We have continued to provide representation on the Safeguarding Adults Board and Safeguarding Children's Boards.

In addition, the contract to act as the VCFSE Domestic Abuse representative and support VCFSE organisations with regards domestic abuse training, information and resources, along with developing effective partnerships to tackle domestic abuse in the East Riding is ongoing. As such we have increased partnership working with the Domestic Abuse Board, strategic working with the Violence Against Women and Girls Board and accessed additional funding to support a range of VCFSE organisations to become White Ribbon Supporter organisations.

We have also continued to provide Disclosure and Barring Service checks.

- **Directories and Networking**

We continued to administer the Local-Links community website and database of VCFSE organisations which provides information and promotes voluntary sector activity across the East Riding and provided support to VCFSE organisations to use the self service LiveWell portal in North Lincolnshire.

The Local Links networks were held both face to face and online during the year to enable wider attendance.

In North Lincolnshire we support organisations to add their information to the LiveWell North Lincolnshire portal.

Volunteer

The Volunteer Project provides a range of volunteering opportunities for young people aged 11 to 25 including the Volunteering for young people (VYP) schemes. This improves their prospects of future employability, as well as increasing other outcomes such as self-esteem, confidence, skills, knowledge, accreditations and the chance to try new things and make new friends. There were several different funding streams each providing various levels of support as outlined below:

- **Volunteer Voice (East Riding)**

At the start of the year the Volunteer Voice project which supports young people across East Riding to participate in youth voice and influence activities ensuring that young people's voices are embedded within all the strategic priorities and action plans being developed across the area remained under ERVAS, funded by the National Lottery Community Fund. The bulk of this funding ceased at the end of June and the project was transferred to Community VISION and additional funding was received from East Riding of Yorkshire Council to enable this work to continue.

During the year, we continued to support the two East Riding members of the National UK Youth Parliament (MYP), along with the two deputies and worked with young people and senior schools across the area for the new elections which were held in 2024.

In addition, we continued to support the East Riding Youth Council as well as wider youth voice work supporting young people to influence policy and practice.

- **VCFSE Training & Events**

We have continued to provide face to face training to the VCFSE sector on a wide range of topics including, finance, volunteering, governance, business planning, health and safety, safeguarding and first aid. In North Lincolnshire, we received funding from the Shared Prosperity Fund administered by North Lincolnshire Council to deliver this.

This was delivered face to face and online. In addition, the training session was developed into online webinars.

During this period, we have engaged with 714 individuals over the course of 112 training/event sessions.

- **VideoTile Online Learning Portal**

This year we have partnered with VideoTile to enhance access to high-quality Continuing Professional Development (CPD) opportunities for individuals, volunteers, and organisations.

Through this partnership, we can now offer fully approved, interactive video-based eLearning courses that can be accessed at any time, in any place, and on any device. The courses are designed to be engaging, flexible, and cost-effective, supporting skills development, compliance, and workforce growth across the voluntary, community, and social enterprise sector. This collaboration allows us to broaden our existing face to face training offer and provide practical, accessible learning solutions that support organisational resilience and long-term sustainability.

The portal allows us to brand the courses as our own and also offers other voluntary sector groups the opportunity to manage their own learning and development processes within the system too. This year 28 learners have accessed this system to support their own CPD aims.

A core element of the project is direct victim support. Over the year, FraudWatch supported 1,834 victims of fraud, helping them to report incidents to Action Fraud and ensuring they were signposted to Victim Support, the police and other relevant agencies. Victims supported ranged across all adult age groups, demonstrating the wide and indiscriminate nature of fraud.

Financial Review

Reserves Policy

The Executive Committee regularly review the Reserves policy of the charity to ensure it meets the needs of the Charity. A minimum requirement of the reserves policy is that at least six months' core running costs, and the value of any core redundancy is retained in the unrestricted designated fund to ensure a sufficient buffer to enable effective financial decision-making, rather than short term decisions and to ensure effective financial stewardship of the Charity. Additional funds may be maintained as part of this reserve to support projects where funding is received in arrears, unrestricted contracted projects or it is decided to be financially prudent by the Executive Committee. Once all operations and funds have been transferred from ERVAS and VANL, Community VISION will transfer the amounts required into designated funds in line with the reserves policy.

General funds are to be retained and reinvested in accordance with the Constitution of the Charity and the Charity's objects contained therein.

Designated Fund – Core Functions

The costs in respect of the core functions in the year under review were £161,313.

Our core designated funds within Community VISION at 31 March 2025 are £164,341. In line with the reserves policy the current amount needed in this reserve is £202,388. As the merger has not fully completed there are still some designated reserves held within Voluntary Action North Lincolnshire Limited. Once these have been transferred the designated funds will be at the amount required as per the policy.

Treasury policy

Community VISION's main banking facilities continue to be with Charity Aid Foundation Bank who make investments into the Social Enterprise & Voluntary sector to produce an acceptable rate of return that is consistent with the Charity's stated charitable objects and ethical standpoint.

Community VISION is required to have its funds readily accessible and so retains its bank account deposits in risk free instant access deposit accounts.

Report of the Board of Trustees For the year ended 31 March 2025

Financial Review (continued)

Principal Funding Sources

See note 14 of the notes to the accounts for a detailed explanation of the Charity's restricted funds. The main income source to the 'core' unrestricted funds was through grants, contracts, charged for services and recharges from the restricted funds of East Riding Voluntary Action Services Ltd and Voluntary Action North Lincolnshire Limited. During the year all expenditure has been concentrated on the key objectives of the charity.

Plans for future periods

Please see Trustees Annual Report section "Main objectives for the following year" on page 9.

Audit/Independent Examination

As the income of the Charity is below £1 million, Community VISION has opted for a Charity Independent Examination for the period ending 31 March 2025 in line with the Charities Act 2011.

Statement of disclosure of information to Independent Examiner

We, the Trustees of the CIO who held office at the date of approval of these financial statements, each confirm so far as we are aware, that:

- there is no relevant information of which the Company's Independent Examiner is unaware; and
- we have taken all the steps that we ought to have taken as Trustees in order to make ourselves aware of any relevant information and to establish that the Company's Independent Examiner is aware of that information.

Report of the Board of Trustees For the period ended 31 March 2025

Statement of Trustee's responsibilities

The Charity Trustees are responsible for preparing a Trustees' Annual Report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law requires the charity Trustees to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the CIO and of the incoming resources and application of resources, including the income and expenditure, of the CIO for that period. In preparing the financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

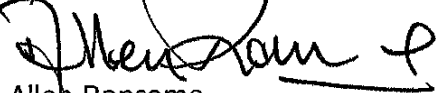

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with applicable accounting standards. They are also responsible for safeguarding the assets of the charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the CIO's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Notes to the financial statements for the period ended 31 March 2025

1. Accounting policies

1.1. Accounting convention

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2019) – (Charities SORP (FRS102)) and the financial reporting standard applicable in the UK and Republic of Ireland (FRS102) except in respect of deferred income where adherence would not give a true and fair view as explained in Note 1.4.

Community VISION (Voluntary Infrastructure Support Involving Organisations and Networks) CIO meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

1.2. Charity status

The Charity is a Charitable Incorporated Organisation. The members of the Charity are the Trustees named on page 3. The Charity was registered on 18th May 2023. This is the second period of operation of the Charity, the comparative figures relate to the financial period 18 May 2023 to 31 March 2025, however as the charity was created through a merger with East Riding Voluntary Action Services (ERVAS) Limited and Voluntary Action North Lincolnshire Limited all activities will not be accounted for through Community VISION until this is completed and therefore the accounts should be read in conjunction with the accounts of Voluntary Action North Lincolnshire and East Riding Voluntary Action Services (ERVAS) Ltd.

The Company is actively engaging in the recruitment of its wider membership.

1.3. Going Concern

The Trustees consider the Charity to be a going concern. The accounts have been prepared on this basis.

Notes to the financial statements for the period ended 31 March 2025

1. Accounting policies (continued)

1.4. Incoming resources

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Services provided, investment income and rents are accounted for on the accrual's basis. Other income is accounted for when received. All income is shown gross with associated costs included in expenditure.

Grants received to fund the purchase of fixed assets are credited to the Statement of Financial Activities when the Company is legally entitled to the income. The related expenditure is charged to Fixed Assets in the Balance Sheet.

Grants received of a revenue nature are accounted for on the accruals basis and credited to Incoming Resources in the Statement of Financial Activities when the charity is legally entitled to the income, the amount can be quantified with reasonable accuracy and the grant relates to the relevant time period. Therefore, grants received in advance may be deferred to future time periods. This is a departure from the Charities SORP (FRS102) in order to ensure that the accounts of the Charity provide a "True and Fair" view. The Trustees considered the requirement to recognise income when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably. Due to the payment of some grants received in advance this would distort the Net Surplus/(Deficit) figures which could jeopardise the Charity's position when applying for contracts.

Grants received and held by the Charity prior to making grants to other charitable concerns are treated as deferred income. The Trustees considered the requirement to recognise income when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably. Due to the payment of some grants received in advance this would distort the Net Surplus/(Deficit) figures which could jeopardise the Charity's position when applying for contracts.

All deferred income is shown in Note 13. (b).

**Notes to the financial statements
for the period ended 31 March 2025**

1. Accounting policies (continued)

1.4. Interest Receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

1.5. Fund accounting

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors. Restricted funds are accounted for separately to each other and to the core funding of the Charity.

General funds are unrestricted funds which are available for use at the discretion of the Trustees in the furtherance of the general objectives of the charity and which have not been designated for other purposes.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

1.6. Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure has been classified under headings that aggregate costs related to the category.

All expenditure undertaken is in line with our charitable and is undertaken to further the purposes of the charity and the associated support costs.

The Charity is not VAT registered and irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

Notes to the financial statements for the period ended 31 March 2025

1. Accounting policies (continued)

1.7. Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back-office costs, finance, personnel, payroll and governance costs which support the Charities activities.

All activities undertaken by the Charity are in furtherance of the Charitable objects therefore all support costs have been allocated to charitable activities. A full breakdown of all costs related to Charitable Activities has been provided in Note 4.

1.8. Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life (except as detailed below) as follows:

Computer Equipment	33% on the straight-line basis
Furniture and Fixtures	25% on the straight-line basis
Office Equipment	25% on the straight-line basis

**Notes to the financial statements
for the period ended 31 March 2025**

1. Accounting policies (continued)

1.9. Operating leases

Rentals applicable to operating leases are charged to the SOFA over the period in which the cost is incurred.

1.10. Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.11. Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.12. Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
