- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Health and Safety, Fire and Manual Handling policies are in place and provided to all staff and volunteers, along with the appropriate training, guidance and induction programme.

The Charities organisation structure comprises of:

- 3 Trustees,
- Staff: 1 Full Time & 4 Part Time
- 6 Volunteers

In addition to the objectives set out in the Charity Commission, the three trustees oversee the day to day running of the charity and supporting the kennels.

The charity offers a project, which enables volunteers to support our staff in caring for resident dogs.

Training and handling of all dogs is discussed in detail and daily summaries are shared between staff and volunteers to enable continuation of quality care.

We have links with on-site trainers and sign posting options with trainers for continuation of our work.

We also have links with canine nutritionists for advice surrounding health and well being for each dog. Trustee, Denise Akbani is a member of the Raw Pet Medics group.

Wider networks – we have connections in Romania with one rescue correspondent. We have a UK rescue Vet that refers dogs to us that are possibly adoptable.

All trustees give their time voluntarily and received no remuneration or other benefits.

Summary of the objects of the charity set out in its governing document

To promote humane behaviour towards dogs, both in the UK and Romania, by providing appropriate care, protection, treatment, safe shelter & security for dogs in need of care by reason of mistreatment, abandonment, poor circumstances or ill use.

To actively seek homes for rescued dogs and advance public understanding of dog welfare by providing training and support to adopters.

In planning our activities for the year we kept in mind the Charity Commissions guidance on public benefit at our trustee meetings.

In the current climate we are being approached daily with dogs that are unwanted for various reasons. We have seen an increase in dogs left from bereavement, financial restraints on families, training ignorance and lack of understanding of dogs needs.

Whilst we have taken many of these dogs into our rescue for rehoming, a lot of them have gone on to remain in their homes with our support and education. We are providing an advisory role to the community dog owners. We also have referred dog owners to engage with local food banks for dogs.

We have been a point of contact for not only vets in the area with dogs presenting for euthanasia but also have had referrals from the bigger rescues namely Jerry Green / RSPCA who very often supply our details to dog owners wanting to surrender their dogs .

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The main activities undertaken are as follows:

- A more detailed application form is now used, along with detailed home checking for potential adopters;
- A full training programme has been written with the help of our trainers, which provides further information regarding rescuing a dog;
- Providing the opportunity to engage with our trainers on a 1-2-1 basis soon after adoption;
- Pre-adoption screening has become more in-depth and intense discussions surrounding possible scenarios are discussed prior to adoption;
- Full support to adopters is always provided on an ongoing basis; and
- A dual microchipping service is always implemented to keep track of all the dogs with an admin support check in service which is gradually reduced to annually at an appropriate timescale.

These activities benefit the public by developing their knowledge and understanding of dog welfare and provides them with the skills, knowledge and confidence to train their dogs, who also provide them with companionship.

These activities also benefit our staff and volunteers by developing their skills, self confidence and knowledge; dealing with members of the public, social media and attending fundraising events.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Volunteers are vital to our rescue, not only for the smooth running of our back up kennels but also continuing the cycle of rescue and support.

We are grateful for the many hours volunteers have spent working for the rescue. Without this valuable contribution of time, energy and expertise we would not have been able to achieve so much.

Summary of the main achievements of the charity during the year

This is the second year our charity has been operational and during this time we have re-homed 96 dogs and raised £63.6k in donations – which has enabled us to achieve the following:

The main activities achieved during this year are as follows:

- Our Database has been upgraded, making it more accessible and easier to manage and update
- Provide full support to adopters is provided on an ongoing basis

At 31.3.25 the bank balance was £20.5k in unrestricted funds

The funds are held to cover 2 months of operational costs in the event of a loss of income and to meet any unforeseen expenditure that may arise.

The main financial risk / concern to the charity is the reduction in donations, as these are the only form of funding received.

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The main source of funding comes from adoption fees and voluntary contributions boosted by Gift Aid, which has provided much needed financial support.

Summary of the main achievements of the charity during the year

During this first year of becoming a charity we have successfully continued to re-home over 500+ dogs which includes those from overseas and the UK, with one dog becoming an assistance dog and another being accepted into the Prison service as a scent working dog.

This is the first year the Charity has been operational and during this time we have raised £39.5k in donations which has enabled us to achieve the following:

- Recruit 1 full time and 2 part time members of staff.
- Improvements to the kennels have been made including installing heating; electrics upgraded; roof repairs and new doors fitted
- concrete slabs have been laid to the outside runs, which ensures more usability in all weathers
- Outdoor living areas created for long term resident dogs
- A cabin has been erected to create a living space for transition to adoption
- Play area upgraded to enhance mental stimulation for all the dogs
- Improved the pre-adoption criteria and screening has been implemented
- We run social media campaigns
- An online merchandise store has been created to promote National awareness of our charity
- We have set up quick PayPal donations account
- Local Press releases to promote our work have been published.

The funding has also enabled us to create two outdoor areas:

- Billy's Bungalow and
- Syds Chalet

These are for the longer resident stays and provide a sanctuary life style for those dogs that are a little more challenging to rehome.

Fundraising Events

We have attended several fundraising events to promote local awareness of the charity, to enlist support and recognition. We also run monthly auctions on our website generating valuable funding.
