## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

For the public benefit, to relieve the needs of parents to be and parents of infants, toddlers and young children in need of support in North East Lincolnshire by the provision accessible antenatal and postnatal education courses, workshops and outreach groups

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

When planning the activities started as Nurture Village CIO, the trustees have considered the Commission's guidance on public benefit and taken on the running of an outreach group based at the Kings Baptist Church Cleethorpes. This group provides support to parents-to-be and new parents in our area through the provision of a relaxed, safe space, a range of suitable toys, infant feeding support from a qualified breastfeeding counsellor, healthy refreshments and peer support.

The trustees have also successfully applied for funding via a Start for Life grant from the local council to facilitate the ongoing provision of the group and accessible, free antenatal classes, as there is limited antenatal education available in North East Lincolnshire. Covid's enforced separation and social isolation increased instances of birth trauma, therefore unmet needs are greater than ever. The way to positively impact birth trauma and reduce depression in the perinatal and postnatal period is to provide empowering education pre-birth and enabling support postnatally. By securing this funding Nurture Village CIO will support pregnant and new parents to form friendships with new parents and parents to be in similar positions by providing accessible antenatal workshops and antenatal/postnatal support in our community group. This will result in reducing feelings of isolation, will improve wellbeing and mental health and provide much valued peer support amongst the attendees. The funding is for the financial year 2024-2025.

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

There has been an increase in attendance at the weekly group and plenty of positive feedback about the support offered and the welcome improvement to their sense of wellbeing and reduction in loneliness.

Our main achievement was securing the Start for Life grant so we are in a financially secure position to provide both antenatal education and the support group that we know will benefit families in our area.
