I've raised £10000 to build a reservoir and borehole for a local community in Owu-Ikosi, Lagos State, Nigeria

Organised by Prince Akeem Adenuga
Owu-Ikosi, Lagos State, Nigeria·International aid

Story

Merry-Gold Water Charity is a non-profit charity, registered in Nigeria with the CAC (Corporate Affairs Commission), and with the United Kingdom's Charity Commission (UK. Registered Charity Number: 1203569). The idea of our charity is to address the perennial water inequity in Nigeria, which was inspired by several visits to Lagos by our founder and principal trustee – Prince Akeem Adenuga who observed firsthand, the dire and untold difficulties being experienced daily by locals in their desperate search for water. This sad state of affairs which is a direct consequence of inadequate, inefficient, and unsanitary public water supply is what

we are intent on bridging via the provision of safe water to households in some of the most affected communities in Lagos and, eventually, beyond Lagos State. Our primary mission is to alleviate the water needs in the rural and vulnerable communities in Lagos State, particularly in Odo-Ayandelu/Agbowa-Ikosi/Epe/Ikorodu Local Government Areas, among others. We intend to achieve this by providing modern water borehole systems with adequate reservoirs for them.

To achieve our purpose, we work with integrity, transparency, and accountability. We will focus our efforts on those communities without access to clean water, and work with carefully selected local partners and individuals to provide clean water through low-cost boreholes that we will construct. For our projects, we rely on the goodwill of individual donations, grants, corporate sponsorships, and in-kind donations. We monitor, maintain, and evaluate our project facilities to ensure sustainability of the projects. We will empower local leaders, deploy strong operations and maintenance units that will gather data on specific measurable indicators. Merry-Gold Water Charity is dedicated to empowering communities. We are always striving to make a difference and invite you to learn more about us and lend your support.

We were able to achieve our 2023 objective when we built our first water project in July 2023 and was commissioned for public use in August 2023 at Odo-Ayandelu in Lagos State. This is a modern borehole water project with two big tanks that supply circa 4,000 individuals on a daily basis with clean drinking water. Suffice to mention here that our second project is coming up in July 2024 at Owu-Ikosi (Lagos State) where we have already erected the Merry-gold Water Charity sign on the proposed land allocated to us by Oba Nelson Ogunlari (The Olowu of Owu-Agbowa Ikosi).

Succour for Lagos community, as Merry Gold builds borehole for Owu-Ikosi residents

12th April 2025

City Beats

April 5, 2025 by Alao Abiodun | Senior Reporter

NGO donates borehole to Owu-Ikosi community

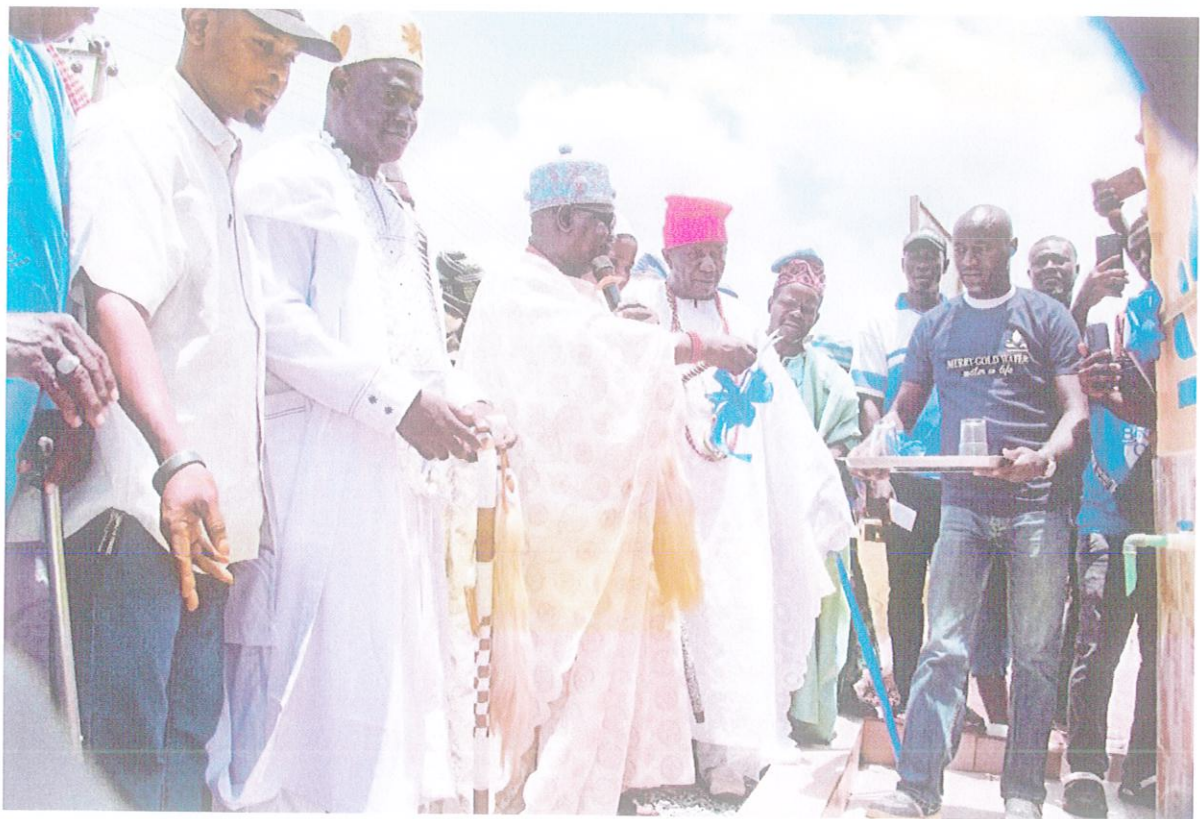

South Staffordshire Plc

Congratulations

This certificate is presented to

Akeem Adenuga

Thank you for demonstrating the community focused value

You were recognised for:

being an exceptional field team leader. You are a supportive role model for your team and an ambassador for Hydrosave. You have raised an amazing £14,000 for your charity Merry-gold Water, and have commissioned and led the construction of two water sources in Lagos State, Nigeria. Congratulations on being shortlisted and winning the *Future Water Awards* and *Rainbow Talent Award!*

**BILL OF QUANTITY FOR DRILLING A 5.5' DIAMETER INDUSTRIAL BOREHOLE AT
OPPOSITE THE TOWN HALL, ODO-AYANDELU, LAGOS STATE, NIGERIA**

S/N	DESCRIPTION	QTY	UNIT	RATE	AMOUNT N
1.	Mobilization And Demobilization Of Equipment, Materials	Lot	Lot	350,000	350,000.00
2.	Setting Up Equipment, site preparations and digging of Mud pit	Lot	Lot	70,000	70,000.00
3.	Drilling Of 12 Diameter Hole using Rotary mud drilling and installation of overburden casing to stabilize the hole during hammering drilling.	60	M	40,000	2,400,000.00
4.	4 Drilling Of 6" Diameter Hole through a basement formation of different types of rocks to Appropriate Depth using Air compressor by hammering.	50	M	20,000	1,000,000
5.	Supply and installation of Supply and installation of 5.5" diameter UPVC Casing	110	M	12,800	1,408,000.00
6.	Supply of Water, Chemical & Gravel for Gravel pack.	Lot	Lot	350,000	350,000.00
7.	7 Development of the borehole by Air compressor & Pump Testing untill the water is clean and sand free.	Lot	Lot	150,000	150,000.00
8.	Supply and installation of 3HP Submersible Pump (Interdap or Equivalent) with electrical cable, Control panel with installation accessories like 1 1/4" tiger riser pipes, Rope, borehole cover and other accessories	Lot	Lot	850,000	850,000.00
	TOTAL				N6,578,000.00

Six Million, Five Hundred and Seventy Eight Thousand Naira Only.
