## Important Information

The charity is registered as a Charitable Incorporated Organisation (CIO) with the Charity Commission for England and Wales. The charity's governing document is a foundation model constitution. The charity registration number is 1203710. The organisation was founded on May 6th 2015 and gained charitable registration on the 23rd June 2023. The objective of the charity is to 'relieve the needs of people and their families, primarily in the UK but also in other countries, suffering from mental or physical illness or injury of any description (or in need of emotional support as a result of such illness or hospitalisation) in particular but not exclusively through the provision and delivery of small gifts, messages, greetings cards, activity packs, and other similar items and activities as the trustees may see fit.

### Method of appointment/election of trustees

The charity trustees shall manage the affairs of the CIO and may for that purpose exercise all the powers of the CIO. Other than the first appointed trustees, every trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the charity trustees.

### Organisation structure and decision making

The trustees meet once every two months, and at additional times where necessary, to direct the activities of the charity. The charity trustees shall manage the affairs of the CIO and may for that purpose exercise all the powers of the CIO.

### Risk management

The trustees have assessed and annually reviewed the major risks to which the charity is exposed, and are satisfied that systems and procedures are in place to mitigate the charity's exposure to those risks.

# Message from our Trustees

As we look back on 2024, we feel incredibly grateful for all that has been achieved at Cards for Bravery. It has been a year of growth, new partnerships, and opportunities to support more children and families than ever before.

Every card, activity pack, and bravery package we send is more than just a kind gesture. For a child or young person in hospital, it is a reminder that they are not forgotten and that someone is thinking of them. We have seen first-hand how even small acts of kindness can bring comfort and encouragement during the most difficult times.

This year we expanded our hospital partnerships, delivered our largest Christmas appeal to date, and were able to respond quickly when unexpected needs arose by providing care packages to those affected by the Southport attack. These milestones remind us why our work is so important and why we remain committed to reaching even more young people in the future.

2024 was also a year of recognition for both the charity and its leadership. Our founder and Chair of Trustees, Katie, was awarded a British Citizen Award for her voluntary services, and later invited to Buckingham Palace for a Royal Garden Party in recognition of the charity's work. Katie was additionally presented with a Points of Light Award by the Prime Minister, highlighting the positive impact Cards for Bravery has on children and families across the UK. These recognitions have helped raise awareness of our work and reinforce the importance of the support we provide to children and families.

None of this would have been possible without our volunteers, supporters, and partners. From those who make cards, to those who fundraise, to those who help us pack and deliver parcels, every contribution plays a part in the difference we make together.

We look forward to building on the progress of this past year and continuing to stand alongside children and families who need us most.

## About us

Cards for Bravery is a charity dedicated to **brightening the days** and **improving the emotional wellbeing** of **hospitalised and seriously ill children** and their **families**. These children and young people tend to be admitted to hospitals, hospices, CAMHS units or being cared for at home. We provide a range of services such as the distribution of **positive handmade cards**, **bravery packages** and **activity packs**.

Katie Callaghan founded Cards for Bravery at 13 years old in 2015 during a 4 month long hospital admission after her best friend gave her a card that brightened her day. This **sparked** the idea to **create handmade cards** for the other patients in her ward. Beginning with distribution in one hospital, Cards for Bravery has since **grown** to working with over **40** hospitals, CAMHS Units and hospices to deliver a range of services to children across the UK. The charity has **expanded** over the years and is **maintained** by a group of **dedicated volunteers**, many who are chronically ill themselves—relating to the charity's aims and ethos.

## Activity Packs

Our activity packs are a way for hospitalised children to have a form of entertainment while they are enduring hospital stays. This year, we distributed **1,200** activity packs to over **30 hospitals** and **4 hospices** across the UK, representing a **140% increase** compared to 2023.

## Bravery Packages

We delivered **8** tailored bravery packages to children and young people living with chronic health conditions, **double the amount from 2023**. Each package was individually personalised to reflect the recipient's interests, offering **encouragement** during particularly challenging times. These packages go beyond providing gifts, they are a **reminder** to young people that their **bravery is recognised** and that they are **not facing their journey alone**.

## Card Distribution

This year we expanded our reach by forming 10 new partnerships with hospitals and hospices across the UK, bringing our total partners to over 40. Through these partnerships, we distributed around 6,000 cards, including both general and birthday cards, to hospitalised children and young people. Each card was designed to brighten a difficult day and remind recipients that someone is thinking of them.

## Events

We hosted **13** events that brought our community together in different ways. These included **seven** fundraising events, **two** card-making workshops, a Christmas gift-bag packing day, and collaborative events with other charities such as **CamRARE**. Each event not only **raised vital funds** or **created resources** but also helped strengthen connections between **volunteers, supporters, and partners**.

## Volunteers

As a volunteer run charity, volunteers are integral to our charitable activities. We welcomed **5 new volunteers** to our central team including admin volunteer, social media volunteers and activity pack volunteers and engaged over **40 new card-making volunteers**. We continue to value volunteers with lived experience, with **over 73%** of our main team having either **direct or indirect lived experience** of hospitalisation or chronic illness as a young person.

## Other Projects

We delivered **10 care packages** to children and families affected by the tragic **Southport attack**, admitted to Alder Hey Children's Hospital. Our annual Christmas appeal resulted in the distribution of over **3,250 Christmas cards**, including **1,500 cards distributed in partnership with Christmas for CAMHS**.

In addition, **200 Christmas packages** were delivered to children and parents spending the holidays in hospital as well as families supported by hospice. A further **30 packages** were distributed to young people living with chronic conditions in the community in collaboration with Chronic Youth CIC.

# Financial Review

## Review of charities financial position year ending 2024

2024 marked a year of financial growth with a notable increase in income compared to the previous year. This growth reflects the continued generosity of our supporters, successful fundraising efforts, and increased access to grant funding. We maintained a careful balance between income and expenditure throughout the year, ensuring that we remained financially responsible while continuing to invest directly in our charitable activities. As a result, we ended the year in a stable and comfortable financial position.

Looking ahead, our focus will be on diversifying our income streams to further strengthen the sustainability of the charity. We remain committed to careful financial planning, ensuring we can continue to meet demand, respond to emerging needs, and grow our impact in a sustainable and responsible way.

## Reserves policy statement

The trustees aim for the charity to hold free reserves equivalent to twelve months' operational costs. In a situation where there is a deficit, the trustees will ensure that fundraising activities are prioritised and, if appropriate, the charity's activities will be scaled back. Due to being a newly registered charity, at present our reserves meet the required threshold however our unrestricted funds are low. Plans to increase unrestricted funds in the coming year and two years will address this. In the meantime, trustees regard this as a low risk to the charity.

# MESSAGE FROM OUR TRUSTEES

As we reflect on 2023, we are filled with a deep sense of pride and gratitude for all that we've accomplished as a charity.

This has been a year of tremendous growth, both in the scale of our impact and the recognition of our work, and it's only fitting that we take a moment to celebrate these achievements together.

One of the most significant milestones this year was our registration with the Charity Commission in June. This official recognition marks a major step forward for us. It also sets the stage for future growth, enabling us to reach even more people with our mission.

In 2023, we also celebrated a record-breaking year for the number of cards distributed—more than ever before. Each card represents a personal connection and a message of hope, and this milestone is a powerful reminder of the positive change we can create when we come together with a shared purpose.

These achievements would not have been possible without the unwavering support of our community—our volunteers, donors, partners, and everyone who believes in what we do. As we look ahead, we are more committed than ever to building on this momentum and continuing to make a meaningful difference to hospitalised and seriously ill children and their families

Thank you for being part of this journey with us. Together, we've made 2023 a truly remarkable year, and we are excited for all that lies ahead.

# ACHIEVEMENTS AND PERFORMANCE

## Activity Packs

Our activity packs are a way for hospitalised children to have a form of entertainment while they are enduring hospital stays. This year, we distributed **500** activity packs to various hospitals.

## Bravery Packages

Our team put together tailored bravery packages to be distributed to hospitalised young people and/or living with chronic conditions. Our team distributed a total of **four** bravery packages this year, where each package was personalised depending on the candidate and their interests.

## Card Distribution

Our main activity is distributing cards to our 30+ partnerships made with hospitals and units around the UK. This year, we made **11** more partnerships and distributed roughly **5,125** cards to hospitalised children to brighten their days during a difficult time.

## Events

As a new charity, we concentrated hard on finding fundraising opportunities within our usual activities. We hosted **six** events this year including **four** fundraising events and **two** card making event, raising a total of £2113 from the beginning of the year (1/01/23).

## Volunteers

We rely heavily on our volunteers to help us run the charity and also with making cards. Our main team had a total of 10 volunteers with roles ranging from admin, social media to card distribution. We also set a record of card-making volunteers this year, reaching a total of **70 card making volunteers** making cards for us.

## Other Projects

We had various other projects this year including Easter and Christmas related. For Easter, we distributed a total of **20** gift bags to children spending the holiday in hospital. We also did our annual distribution of Christmas packages, and Christmas cards. We were able to distribute **1,030** Christmas cards and **100 Christmas packages** to over 13 hospitals across the UK.

# FINANCIAL REVIEW

## Review of charities financial position year ending 2023

2023 marked a significant milestone for Cards for Bravery as it was our first year with charitable registration. This new status brought about increased maintenance costs, primarily to support the administrative processes and compliance associated with registration. Despite these additional expenses, our financial position at the end of the year remains secure. As we look ahead, our focus will be on increasing our income and building our reserves to ensure long-term sustainability and continued growth of our charitable mission.

## Reserves policy statement

The trustees aim for the charity to hold free reserves equivalent to twelve months' operational costs. In a situation where there is a deficit, the trustees will ensure that fundraising activities are prioritised and, if appropriate, the charity's activities will be scaled back. Due to being a newly registered charity, at present our reserves meet the required threshold however our unrestricted funds are low. Plans to increase unrestricted funds in the coming year and two years will address this. In the meantime, trustees regard this as a low risk to the charity.
