Period end date 27/06/2025

Charity name: Feed Fenland

Charity registration number: 1203779

### Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The relief of poverty and financial hardship amongst people in Fenland and the surrounding areas in such ways as the trustees from time-to-time think fit, in particular but not exclusively, by providing food, hot meals, essential toiletries and household items.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	We pursue this objective using two different models of food provision. Firstly, we run a soup kitchen-style service in the town of Wisbech. Secondly, we deliver emergency food parcels to families and individuals within the Fenland area and its surroundings spanning across Cambridgeshire, Lincolnshire and Norfolk.  We do not charge for our services or means-test our service users
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	Yes

### Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>At the beginning of the financial year which commenced on the 28th June 2024, we were serving food in Wisbech on six nights of the week. As of the end of the financial year on the 27th June 2025, we are serving at Wisbech 6 nights a week and have served 36,553 meals so far. We have had to stop our services in March, however we are also providing emergency food parcels to 199 families within the local area and surroundings and have delivered parcels to 477 of individuals.</p> <p>In the course of the financial year 2024-25 we served 36,553 meals in the town of Wisbech to an average of 116 a night. Between April and June 2025 we served 16,458 meals, with a record high of 174 meals.</p> <p>We have been on track to serve in the region of 47,000 meals in the year 2024-2025, however due to our services changing and not serving in the town of March this number is actually 36,553 meals. We are predicted to serve around 42,522 meals in 2025/2026 and deliver 1040 parcels.</p> <p>Our service users can experience a hot meal every night as the area is covered by the Salvation Army on Saturdays, on the few occasions they have been unable to and we have had adequate warning, we have performed an emergency serve.</p>

Achievements against objectives set	Para 1.41	<p>At our AGM in November 2024, members set 5 goals:</p> <ul style="list-style-type: none"> <li>Have a minimum of 12 cooks</li> <li>Be serving indoors and serve food on a plate</li> <li>Spend ½ the amount of money we currently do on consumables</li> <li>Summer BBQ for service users and volunteers</li> <li>Be a position to look for permanent premises rented or mortgaged.</li> </ul> <p>We have actively advertised for more cooks to</p>
-------------------------------------	-----------	--

	<p>join our membership and currently have 28 individuals who cook for us, not all of these individuals cook on a regular basis, however we have noticed a much bigger variety of cooks. Our cooks have also implemented ½ cooks which is when one person cooks carbs and the other cooks sauce which seems to encourage more people to volunteer their time.</p> <p>We are not serving on a plate due to cleaning facilities restraints, because it would mean we would have to ask our members to volunteer more of their time to wash up, however we are serving inside where our service users can sit at a table or a bench seating outside to eat their meals.</p> <p>Our biggest expense is disposables and equipment, however we are serving on average more meals daily and are having to cook bigger amounts which explains why we have spent £5532.64 on disposables and £4732.77 on equipment. We have also had to buy equipment for our storage unit which explains the large amount for the equipment costs.</p> <p>We have had a Summer BBQ for our volunteers hosted by our trustee Sofi Cook. Not everyone was able to make it, however everyone really enjoyed themselves. We are planning on doing a bbq for service users and we're able to make more complicated food such as cottage pie and chicken thighs with mash potato and burritos for our service users which were very well received.</p> <p>We have decided to not rent or mortgage a property to serve from this year, however due to growing demand for storage, we decided to lease a storage unit and move from household garage to a storage unit in May 2025. This is where all our equipment, disposables and donations are stored.</p>
	<p>We have held fundraising and awareness-raising activities including Christmas ball, bake sales,</p>

Performance of fundraising activities against objectives set	Para 1.41	sponsored bingos, community talks, etc. We work with businesses, charities and other organisations within the local community to support the pursuit of our charitable object.
Investment performance against objectives	Para 1.41	No Investments made

Statement explaining the policy for holding reserves stating why they are held	Para 1.22	We have reserves to operate for 6 months if funding where to stop and to look into potentially purchasing a property or renting a commercial space to use to serve, the option to expand also
Amount of reserves held	Para 1.22	27,745.77
Reasons for holding zero reserves	Para 1.22	We have Reserves
Details of fund materially in deficit	Para 1.24	No deficit
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	It should be borne in mind that although we ran an annual surplus this year, we ran a deficit for the months of March, June and July. Looking at our figures last year this is consistently our toughest financial period so we should be cautious when budgeting for the summer months at the end of the next financial year.

Covering Total

Different invoice number, different cloths

£ 347.25

£ 281.57

(same image as above but 2 receipts so)

(Original receipt in OG email was excluding shipping so prices didnt match, new receipt emailed on the 24th)  
Similar issue to above but has a "funded by amazon" discount

Prices dont add up because postage insnt included in the receipt

Sent via whats app, emailed on the 3rd

## Introduction

The trustees of Feed Fenland present their annual report and accounts for the year ending the 27th June 2024 and confirm they comply with the requirements of the Charities Act 2011, the Feed Fenland Constitution, and the Charities Statement of Recommended Practice Financial Reporting Standard for Smaller Entities (SORP FRSSE).

## Charitable objects and activities

Feed Fenland's charitable object is:

The relief of poverty and financial hardship amongst people in Fenland and the surrounding areas in such ways as the trustees from time-to-time think fit, in particular but not exclusively, by providing food, hot meals, essential toiletries and household items.

We pursue this object using two different models of food provision. Firstly, we run a soup kitchen-style service in the town of Wisbech. Secondly, we deliver free hot meals to the doors of service users in March. We do not charge for our service or means test our service users. These are the main activities we have undertaken over the past year. We have also held fundraising and awareness-raising activities including bake sales, sponsored bingos, community talks, etc.

When planning our activities for the year, we have considered the Charity Commission's guidance on public benefit and, in particular, the guidance on charities for the prevention of relief of poverty for the public benefit. The public benefit of our work is clear: we support people experiencing food poverty and financial hardship six days a week through the provision of free hot meals.

## **Aims**

Feed Fenland's financial year runs from June 28th to June 27th. However our Annual General Meetings are held in Autumn. Our aims are therefore defined partly from June to June, and partly from Autumn to Autumn.

Aims agreed by the board of trustees at the commencement of the financial year 2023-2024 were as follows:

1. To establish ourselves in the town of March;
2. To continue to grow our service in Wisbech and meet demand as it arises;
3. To build and maintain six months of reserve funds.

Aims set at the last AGM held on the 10th November 2023 are as follows:

4. To make progress in securing a permanent indoor venue in Wisbech from which to operate;
5. To continue increasing the number of nights we serve food in Wisbech so that anyone who needs one can receive a free evening meal every night of the week;
6. To build and maintain six months of reserve funds.

## **Achievements and performance**

The year 2023-2024 has been Feed Fenland's first full year as a registered Charitable Incorporated Organisation (CIO). At the beginning of the financial year which commenced on the 28th June 2023, we had just entered our first week of serving in the town of March, one night a week. We were also serving in Wisbech on five nights of the week. As of the end of the financial year on the 27th June 2024, we are serving in March twice a week and in Wisbech six nights a week.

In the course of financial year 2023-2024 we served 28,222 meals in the town of Wisbech to an average of 2,352 a month or 97 a night. Between April and June 2024 we served 9,937 meals, an average of 3,312 a month or 127 a night.

Over financial year 2023-2024 we served 4,592 meals in the town of March to an average of 383 meals a month or 72 a night. There has been a steady increase from an average of 29 meals a night in July 2023 to an average of 84 meals a night in January 2024, since when the number of service users has stabilised.

We have therefore served a total of 32,814 meals over the course of the financial year and are on track to serve in the region of 47,000 meals in the year 2024-2025. This is assuming we change neither the service models we use nor the number of nights we serve.

We have made some progress towards our aims:

1. We are established in the town of March and are reaching a good number of service users twice a week;
2. We now serving six nights a week in Wisbech;

3. At points over the course of the year we have held six months of reserves, but we presently hold reserves approximating 3-4 months;
4. We are in talks with a venue who may be able to offer us an indoor space, although we are no closer to securing the funds required to purchase one;
5. We now serve on six nights of the week in Wisbech, meaning that there is a service providing hot food on all seven nights of the week;
6. As above.

In all, it has been a successful year for Feed Fenland in which we have made good progress.

## **Financial review**

### **Accounts**

Total receipts on unrestricted funds were £20,819, almost half of which (£9,199) was raised through fundraising events. There is now a dedicated fundraising working group whose role is to plan more such events. No restricted donations have been received this year.

Payments totalled £18,231. More than one third of this (£6,986) is accounted for by the cost of ingredients, which is to be expected. More than one fifth (£3,924) was in respect of new equipment, which (it can be hoped) will not be replicated in future years. More than one quarter of all payments (£4,805) were in respect of disposable equipment such as food boxes. It is clear that sourcing a sponsor or donor of disposables would substantially reduce Feed Fenland's outgoings.

The net result for the year 2023-2024 was an excess of receipts over payments of £2,589. Adding bank and deposit balances brought forward at

the beginning of the year, the balance carried forward into 2024-2025 will be £5,403.

It should be borne in mind that although we ran an annual surplus this year, between April and June 2024 we ran a substantial deficit of £1,996, or £665 a month. We have a goal of maintaining 6 months of reserve funds at all times, but as our outgoings have ballooned our reserves have not only failed to keep pace, but have reduced overall. 6 months' reserves would equate to £9,114 on our 2023-2024 average monthly expenditure. We are holding £5,403, or between 3 and 4 months of reserves. For the year 2024-2025, it will be necessary to cut spending, increase fundraising, or both.

## Budget

Points to note on the budget:

1. The budget has been written on the assumption that equipment costs will stabilise now that we have a good stock of pots, pans and other equipment.
2. We have also projected a much higher income from businesses and societies than previously. This is partly due to encouraging performance in recent months in which we have received in the region of £575 a month from businesses and societies (equivalent to £6,900 a year). It is also partly due to our pending membership of Business Network International which we project will raise a further £552 a month or £5,520 from the commencement of our membership in August 2024 to year end in June 2025. If either this projection or the assumption set out at point #1 is incorrect, it is likely that we will run a deficit in 2024-2025.

3. The projection of £12,000 for fundraising events is quite optimistic, but is in line with the fundraising working group's own internal target of £10,000 for March-December 2024.
4. Projected expenditure on disposable equipment and ingredients is very high. In the year 2023-2024 we held a total of 356 serves. We spent £4,805 on disposables or £13.50 a serve and £6,986 on ingredients or £19.62 a serve. However as the number of service users has increased these costs have increased substantially in recent months. We expect to hold 405 serves in the year 2024-2025. We project expenditure for disposables at £10,560 or £26.07 a serve and for ingredients at £11,148 or £27.53 a serve. These outgoing streams account for three quarters of our budget for the year 2024-2025.

The result is that we are required to work harder than ever on fundraising just to break even. Even on that basis we are not expecting to rebuild the 6-month surplus which we had targeted for ourselves. Our projections, including the above assumptions at points #1 and #2, result in a miniscule surplus of £168.

The view of the board of trustees is that the solution to this is to cut expenditure as far as possible. Our suggestions are as follows:

1. Any purchases of new equipment should be considered carefully before being approved. No member should purchase new equipment without the agreement of a trustee. Where possible, trustees should involve the treasurer in decision making surrounding the purchase of new equipment.
2. A sponsor or donor of disposable equipment should be sought as a priority. There are many companies which dispose of large volumes of disposable boxes or cutlery for a variety of reasons, and who may be willing to donate these or sell them at a reduced rate.

3. We hold donation days regularly in which supermarket customers are flyered to donate food. We also receive regular food donations from local and national businesses. These avenues need to be pursued and developed as far as possible. It is clear that when things are working well and we have well stocked shelves and freezers, it is possible to spend far less than £27.53 per serve on ingredients.
4. Some thought needs to be given as to whether there are specific cooks who may be consistently overspending, how they can be identified, and whether it would be productive to discuss strategies with them to keep their expenditure down.
5. Feed Fenland March needs to be able to contribute to the charity-wide fundraising efforts. Members of Feed Fenland March should be encouraged to pursue fundraising opportunities in that town, or to join the fundraising working group in planning events. It is not sustainable for all fundraising to be driven by one half of the charity.

## **Structure, governance and management**

The board of trustees is responsible for overseeing governance within Feed Fenland and ensuring it complies with the law, regulation, and guidance. Trustees are elected from and by the charity members. Operational and strategic decision making falls to the members while decision making concerning finances, compliance, and safety falls to the trustees.

Both trustees and members meet regularly and take decisions well. Attendance at member meetings is low (usually less than 20%). This may not be unexpected for a charity with an open membership whose members often volunteer for 1 or fewer hours a week.

Feed Fenland also has elected officers who are responsible for discreet areas of work such as stock control, fundraising or social media. Officers are generally working very well and driving their areas of work forward.
