Trustees' Annual Report

1. Objectives and Activities

The objectives of the charity are:

- The relief of financial hardship among people granted refugee status and their dependants living temporarily or permanently in the United Kingdom.
- To provide education and training opportunities.
- To assist beneficiaries in adapting and integrating into their new communities.
- To facilitate entertainment, recreation, and social activities for community wellbeing.

Main Activities During 2024–2025

During the year, the charity continued to provide practical support and guidance to newly arrived immigrants and refugee families.

Our activities included:

- Providing one-to-one appointments to help individuals and families complete applications relating to education, schools, colleges, social security, housing, driving licences, and other essential services.
- Assisting approximately 50 families and individuals with basic application processes and referring them to

appropriate organisations and authorities, including local hubs, social services, solicitors, and Members of Parliament (MPs).

- Supporting newly arrived migrant families in resolving internal family disputes by explaining UK laws, equality rights, and the consequences of unlawful behaviour. Some serious domestic cases were referred to mediators and social services. Several cases were resolved successfully, while one family continues to undergo rehabilitation and assessment.
- Providing urgent interpretation support in Pashto and Persian languages, particularly for hospital visits and emergency situations. Committee members voluntarily gave their time alongside their self-employment commitments to respond to urgent community needs.
- Establishing a separate funeral support committee to assist both members and non-members who have no financial support available for funeral expenses.
- Creating a youth sports team, particularly in cricket, which has shown encouraging performance and engagement among young people.

New Developments and Future Plans

One of our key achievements this year was building stronger relationships with other charitable organisations and community groups, including Connection, Ummah Community, and the Afghan British Council. Through these partnerships, we are now able to refer clients more effectively and provide wider support services.

Many community members have expressed interest in

supporting victims of humanitarian crises and promoting education for deprived communities, particularly girls' education in Afghanistan. As a result, the charity intends to review and amend its charitable objectives in the future to include these causes.

The trustees continue to work on a voluntary basis and do not receive salaries or financial benefits from the charity. Current funds remain largely unchanged apart from small additional contributions personally made by committee members.

2. Structure, Governance and Management

The trustees and management committee members during the year were:

- Mr Naqeeb Hashimi – Chairperson
- Mr Sayab Khan – Deputy Chairperson
- Mr Raz Mohammad – Secretary
- Mr Nik Mohammad – Treasurer

Following the Annual General Meeting held after three years, changes were made to the committee structure. Mr Zafar Khan resigned from his position, and the above committee members were elected through a voting process.

3. Financial Review

- **Total Income:** £365
- **Total Expenditure:** £0
- **Total Reserves at Year End:** £2,204

The charity continues to maintain modest reserves to support future community activities and emergency

assistance work.
