Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objectives of the CIO are:

1. To relieve the suffering and distress of hedgehogs in need of care and attention by providing a rescue, care and rehabilitation service for sick, injured, or orphaned hedgehogs with the aim of releasing such hedgehogs back into the wild wherever possible.
2. To educate the public by promoting awareness of the problems hedgehogs encounter in relation to their future survival.

Herbie Hedgehog Rescue rescue, rehabilitate and release native European hedgehogs in order to support and preserve the species for public benefit.

We give online talks about our work, share informative posts on social media to educate public about the importance of helping hedgehogs that need help

In shaping our objectives for the year and planning our activities, the trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'public benefit: running a charity(PB2)'. The charity relies on donations to cover its operational costs.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D Achievements and performance

Section D**Achievements and performance****Summary of the main achievements of the charity during the year**

July 2023 was significant in gaining charity status and also installing new veterinary style cages. These cages have enabled easy cleaning for the volunteers, warmth and comfort for hedgehogs to help with their recovery. The cages were funded by a donation from Certas energy in March 2023. A new trustee, Karen Ostrowski was appointed in November 2023 to replace the outgoing trustee Claire Seymour.

In 2024, we admitted a record 427 hedgehogs with over 223 hedgehogs successfully released back into the wild post rehabilitation. Releases happened until the end of the year enabling hedgehogs to hibernate in the wild rather than in captivity.

An ultrasound scanner was purchased to help detect pregnancy in hedgehogs admitted in spring/summer. Pregnancy detection helps with choosing appropriate housing for the hedgehog to have babies with minimal stress and also the appropriate treatment to ensure safety of the babies.

The charity was one of the recipients of the Wokingham Lions Golden Award of £500 which helped in purchasing the third TLC 30 incubator.

The charity also held its first quiz fundraiser which was successful and raised more than £1300.

The charity continues on holding independent fundraisers like quiz and plant sale to raise vital funds.
