## AKAMBA AID FUND

### TRUSTEES REPORT

#### FOR THE YEAR ENDED 31 JULY 2025

#### LEGAL STATUS

The Akamba Aid Fund is a charitable incorporated organisation, registered number 1203957. The charity was set up under a trust deed and registered with the Charity Commission of England and Wales on the 12<sup>th</sup> July 2023. The address of the charity is 12 Dolphin Place, Barton on Sea, New Milton, Hampshire, BH25 7DR.

#### ORGANISATION OF CHARITY

The trustees who served the charity during the year were as follows:

Colin Charles Martin (Chairman)  
Dr James Buckle  
Simon Richard Frackiewicz  
Trudy Jupp  
Ray Lockyer  
Tanya Ogden  
Emily Bremner

Trustees are appointed by the committee. Formal trustee training is provided on an ad hoc basis as required.

#### CHARITABLE OBJECTIVES

The main objectives of the charity continue to be the relief of poverty, sickness and distress, and the advancement of education in the Kyuso Sub-County of Eastern Province Kenya. There have been no changes to the objectives of the charity during the year. The trustees consider that the best long term method of achieving the aim of tackling world poverty is through promoting sustainable communities. The charity concentrates its work in particular regions and aims to enable communities in those regions to become as self-sufficient as possible. Although the charity is named after one of the tribes of Kenya, it gives assistance to any individual living in its working area, regardless of tribe, race, colour, religion, creed, age, gender, or sexual orientation.

The trustees have paid due regard to the guidance given by the Charity Commission on public benefit when deciding what activities the charity should undertake.

#### REVIEW OF ACTIVITIES AND ACHIEVEMENTS

AAF this year celebrates 25 years of charity work in Eastern Kenya and has continued its charitable projects in most areas. With the continued support of all our donors we provided funding assistance to many exceptionally poor families with educational needs, medical problems, eye care and the supply of clean drinking water and sanitation. We were again privileged to receive funding from Robert Frith Optometrists, Xytal Health Management, Coles-Medlock Trust, Guernsey Overseas Aid and Development Commission, Festival Medics and many generous individual donations. The Trustees confirm that no grants received carried conditions requiring audit of accounts.

#### **Education**

AAF continues its support for children of poor families and orphans with primary school levies. The charity has also continued its support of a few academically gifted students through secondary and college education bursaries, supported by individual private donations. At present, we support a girl at Nursing College in Nairobi and a boy at Catering College in Tseikuru. David, our Catering College student, has now qualified and secured a job in a hotel in Machakos.

##### REVIEW OF ACTIVITIES AND ACHIEVEMENTS (CONTINUED)

###### **Education (continued)**

We continue to provide help and financial assistance to Ngaai Special School for pupils with complex additional needs. This support has included building a workshop block, kindly sponsored by Xytal Health Management, complete with work benches and all necessary materials and refurbishment of the Accessible Toilets complete with a concrete access path for wheelchairs. The Special school now has access to a clean borehole water supply; we hope to extend this supply to all sections of the school.

We continue to monitor Ivonangya Secondary School, where in recent years we have provided many facilities, including classrooms, Admin Block, toilets and a Kitchen Dining/Assembly Hall. The major problem is no electricity, which the Government have been promising for some time; we will be reviewing the situation during our visit in October this year.

After an evaluation of local schools in our area, the Trustees decided to focus our assistance on Matooni Junior Secondary School, where the teaching staff and pupils were particularly motivated and structured. After many visits, it was decided to renovate two large, dilapidated classrooms, one becoming a science block. New floors, windows, doors, painting, desks and chairs were provided. This year we have renovated two more classrooms and completed the new Kitchen/ Dining room to include tables and benches. The kitchen has been equipped with 2 Jiko high efficiency wood burning cookers and rainwater harvesting installed from the large roof area to feed a 10,000 litre storage tank for kitchen use.

###### **Health**

The family clinic and Health Care Centre Tei-Wa-Yesu situated in Gai near the town of Kyuso, which AAF has supported for many years, has continued to function well. Work was completed on the refurbishment of the Maternity Ward. This included new toilets, showers and wash basins all with hot and cold running water. We are extremely grateful to Festival Medics and Xytal for sponsoring this refurbishment. The Medical team, under the supervision of Dr James Buckle, made visits in October 2024 and again in March 2025

During the March mission Dr James Buckle, his wife Mary, Dr Richard Moore and Vivienne Evans enjoyed a highly successful visit. A new mobile ultrasound machine was installed for the Maternity Ward and AAF's continued involvement and financing of the Staff Accommodation. We are all incredibly grateful to Dr Richard Moore, who continues his support to the Clinic and AAF. The refurbished Operating Theatre continues to be used regularly, for minor surgery, caesarean and cataract operations, saving many long journeys for expectant mothers and no doubt many young lives. AAF financially support the Clinic through the Government SHIF Family Health scheme which provides free health care for the poor at any clinic or Hospital. We pay their yearly subscription, and they get the health care they need.

The SHIF Family Health scheme also covers eye care at The Guernsey Eye Clinic situated in the same compound. From the Clinic we are extending much needed help to Primary and Secondary school girls, through our Ruby Cup (Menstrual Cup) distribution and monitoring scheme, run by Trustee Senior Nurse Trudy Jupp. We are most grateful to the Cole's-Medlock Trust for continuing their support to this project.

##### REVIEW OF ACTIVITIES AND ACHIEVEMENTS (CONTINUED)

###### **Eye care**

The Guernsey Eye Care Clinic continues to operate well since its opening in 2017. A regular monthly clinic is held by a visiting Optometrist and this year we have continued to run week long eye surgical camps. These have proved extremely successful with hundreds of people with eye problems screened and many of these were given Cataract surgery. We are very grateful to Robert Frith Optometrists for their continued support of the Eye Clinic. We hope that, given time, the New Eye Care Centre will be self-financing, using the new SHIF Health care scheme introduced by the Kenyan Government, as it is the only facility within a 150 miles radius of Nairobi.

###### **Kilulu Clinic**

The Government Nurse continues his work at the clinic which was constructed and commissioned by AAF many years ago. The Medical team held Clinics there in March this year.

###### **Water/Sanitation**

The pump fitted at Manzolo near to the seasonal riverbed in October 23 was this year taken up and serviced; this pump serves a community of approximately thirty families. This was again difficult work, due to the very sandy conditions in the riverbed, our vehicle getting stuck once again. I was fortunate to have Adrian Moore and his son Joshua with me for this visit. During my visit in Feb/March this year, accompanied by Jeremy Rawle, we installed rainwater tank and guttering for the new Kitchen/Dining room Matooni JSS. We also surveyed new well sites at Manzolo and Mataka seasonal riverbeds and carried out some regular maintenance work at other dam and well sites constructed by AAF.

My trip in August 2025 will involve fitting the new pump at Mataka and surveying the Manzolo riverbed to find a suitable place for a Sand Dam. This would solve the problem of a dry well we were forced to abandon last year near to the seasonal riverbed.

##### PLANS FOR THE FUTURE

We have already planned visits to Eastern Kenya. Adrian Moore and I will be going in August 2025 and Dr James Buckle, Ray Lockyer and his stepdaughter Anna in October 2025. I also have a planned visit in February 2026 and the Medical team in March 2026. All four visits will entail much work and commitment from the Trustees and with the continuing poverty problems in Eastern Kenya we are anticipating many requests for assistance.

By the time of our visits, we will have plans in place to support where possible. These will include the following:

- Distribution of food where we identify an urgent need, (also cost implications)
- The installation of the pump at Mataka and repair/maintenance to water pumps if found necessary. Inspection of Earth Catchment Dams and survey seasonal riverbeds for the installation of our first Sand Catchment Dam (providing funds are available).
- Many Primary/Secondary School visits, especially an appraisal of our assistance and work at Matooni Junior Secondary School.
- Further Ruby Cup distribution to Schools.
- Visit to Kilulu Family Health Clinic.

#### FOR THE YEAR ENDED 31 JULY 2025

##### PLANS FOR THE FUTURE (CONTINUED)

We will continue support of the Guernsey Eye Clinic, nursing, running expenditure and further support of the Family Health Care Centre (TEI-WA-YESU)

The Medical Team will continue their visits to Tei-Wa-Yesu Family Health Centre and are hoping to install a portable X-ray unit. There will also be visits to the many outreach clinics in the area. In addition, we plan to extend the RUBY CUP Project further.

There are plans to construct further pumped wells in conjunction with enlargement of existing dams (a proven marriage.)

We will provide further support to Matooni Junior Sec School, and potentially to the Secondary School at Ivonangya, providing the necessary parameters have been reached which must include the provision of Electricity by the Kenyan Government, and continue to support the Special School at Ngaai.

The Trustees feel that the healthy state of the charity's finances, the support of our donors, and the positive response to funding applications will be enough to carry these plans forward.

I wish to express my sincere thanks and gratitude to all our many donors and friends who have continued their support through these continuing challenging times. We are planning a 25-year Celebration on November 1st, 2025, at Kingsbury Community Centre. All are welcome, tickets £25; under 16-£10.

##### INCOME RESERVES

The committee's policy on income reserves is to maintain sufficient reserves for the charity to continue to meet its ongoing commitments and to provide sufficient funds to develop those services. At July 2025 the total reserves held were £59,135 of which £37,804 are free reserves.

##### RISK

The trustees have assessed the major risks to which the charity is exposed and systems have been established to minimise those risks.

##### INVESTMENT POLICY

Currently the charity is holding surplus funds in a bank account to be used for future activities. The Trustees will review the balance held on a regular basis.

##### CHARITY ACCOUNTS

The charity's accounts attached to this report have been prepared in line with current statutory requirements and the charity's governing documents.

On behalf of the trustees,

Colin Charles Martin (Chairman)

**INDEPENDENT EXAMINERS REPORT TO THE TRUSTEES OF AKAMBA AID FUND**  
**ON THE ACCOUNTS FOR THE YEAR ENDED 31 JULY 2025, CHARITY NUMBER**  
**1203957, SET OUT ON PAGES 7 TO 10.**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 July 2025.

**Responsibilities and basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011.

I report in respect of my examination of the Charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145 (5) (b) of the Act.

**Independent examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in any material respect:

- The accounting records were not kept in accordance with section 130 of the Charities Act; or
- The accounts did not accord with the accounting records; or
- The accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered part of an Independent Examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

###### **Education**

AAF continues its support for children of poor families and orphans with primary school levies. The charity has also continued its support of a few academically gifted students through secondary and College education bursaries, supported by individual private donations. At present, we support a girl at nursing college in Nairobi and a boy at catering college in Tseikuru.

We continue to provide help and financial assistance to Nгааie Special School for children with complex learning and physical needs. This support has included building a workshop block, kindly sponsored by Xytal Health Management complete with work benches and all necessary materials. Refurbishment of the accessible toilets complete with a concrete access path for wheelchairs.

We continue to monitor Ivonangya Secondary School, where in recent years we have provided many facilities, including classrooms, admin block, toilets and a kitchen/dining/assembly hall. The major problem is no electricity, which the Government have been promising for some time, we will be reviewing the situation during our visit later this year.

After an evaluation of local schools in our area, the Trustees decided to focus our assistance on Matooni Junior Secondary School, the teaching staff and pupils at this school were particularly motivated and structured. After many visits it was decided to renovate two large, dilapidated classrooms, one becoming a science block. New floors, windows, doors, painting, desks and chairs were provided. During a visit in January a new rainwater tank complete with guttering and pipework was installed to the Pre-school classroom and plans were drawn for a new kitchen and dining hall complete with a quotation from our local builder. A grant has been obtained from Guernsey Overseas Aid & Development Commission and work has now commenced on site.

###### **Health**

The family clinic and Health Care Centre Tei-Wa-Yesu situated in Gai near the town of Kyuso which AAF has supported for many years, has continued to function well. In January a vehicle was purchased and converted to enable the Clinic to use as an ambulance, hearse, and people carrier. It will also be used to transport the medical team during their visits. We are extremely grateful to Festival Medics for sponsoring this vehicle. The medical team under the supervision of Dr James Buckle made visits in October 2023 and again in March 2024.

During the March mission Dr James Buckle, Dr Richard Moore and Nurse Heather Almond began the refurbishment of the maternity ward. This Project, funded by Xytal Health and Festival Medics was completed in July. We are all very grateful to Dr Richard Moore, who continues his support to the Clinic and AAF. The refurbished Operating Theatre completed last year is used mainly for minor surgery, caesarean and cataract operations. It is saving many long journeys for expectant mothers and no doubt many young lives. AAF financially support the clinic through the Government NHIF Family Health scheme which provides free health care for the poor at any clinic or Hospital. We pay their yearly subscription, and they get the health care they need. This also covers Eye care at The Guernsey Eye Clinic situated in the same compound. From the Clinic we are extending much needed help to primary and secondary school girls, through our Ruby Cup (Menstrual Cup) distribution and monitoring scheme, run by Trustee Senior Nurse Trudy Jupp. We are most grateful to the Cole's-Medlock Trust for continuing their support to this project.

##### REVIEW OF ACTIVITIES AND ACHIEVEMENTS (CONTINUED)

###### **Eye care**

The Guernsey Eye Care Clinic continues to operate well since its opening in 2017. A regular monthly clinic is held by a visiting optometrist and this year we have been able to run a week long eye surgical camp. It was extremely successful with 407 people screened with eye problems and 147 were given cataract surgery. We are very grateful to Robert Frith Optometrists for their continued support of the Eye Clinic. We hope that given time, the Eye Care Centre will be self-financing, using the new NHIF Health care scheme introduced by the Kenyan Government. As it is the only facility within a 150 miles radius of Nairobi.

###### **Kilulu Clinic**

The Government Nurse continues his work at the clinic which was constructed and commissioned by AAF many years ago. The Medical team held Clinics there in March this year.

###### **Water/Sanitation**

New Pump fitted at Manzolo near to the seasonal riverbed in October 23, this will serve a community of approximately 30 families. This was a difficult installation, due to the very sandy conditions in the riverbed, our vehicle getting stuck twice. I was fortunate to have Stewart Ogden with me for this visit. During my visit in January this year accompanied by Jeremy Rawle, we installed the new rainwater tank and guttering at Matooni JSS. Also surveyed new well sites at Manzolo and Mataka seasonal river beds. We also carried out some regular maintenance work at other dam and well sites constructed by AAF.

My trip later in 2024 will involve hopefully solving the problem of some very hard rock which the diggers have encountered during the digging of the new Well at Manzolo seasonal riverbed. This may mean abandoning the site and finding a new one.

##### PLANS FOR THE FUTURE

We have already planned visits to Eastern Kenya. Adrian Moore, his son Josh and I will be going in August 2024 and Dr James Buckle, Trudy Jupp and Tanya Ogden in October 2024. I also have a planned visit in February 2025 and the Medical team in March 2025. All four visits will entail much work and commitment from the Trustees, with the continuing poverty problems in Eastern Kenya we are anticipating many cries for help. By the time of our visits, we will have plans in place to assist where possible. These will include the following:-

Distribution of food where we identify a need.

The installation of the Pump at Manzolo, Mataka and repair to water pumps if found necessary. Inspection of Earth Catchment Dams and survey of a new site.

Many Primary/Secondary School visits, especially an appraisal of our assistance at Matooni Junior Secondary School.

Further Ruby Cup distribution to schools.

Visit to Kilulu Family Health Clinic.

### TRUSTEES REPORT

#### FOR THE YEAR ENDED 31 JULY 2024

##### PLANS FOR THE FUTURE (CONTINUED)

We will continue support of the Guernsey Eye Clinic, nursing, running expenditure and further support of the Family Health Care Centre (TEI-WA-YESU)

The Medical Team will continue their visits to Tei-Wa-Yesu Family Health Centre and other Clinics in the area. We plan to extend the Ruby Cup Project further.

To construct further pumped wells in conjunction with enlargement of existing dams (a proven marriage)

To give further support to Matooni Junior Sec School, continue our support to children with additional special educational needs, also to the Secondary School at Ivonangya, providing the necessary parameters have been reached, which must include the provision of Electricity by the Kenyan Government.

To continue support to The Special School at Nгааie.

The Trustees feel that the healthy state of the charity's finances, the support of our donors, and the positive response to funding applications will be enough to carry these plans forward.

I wish to express my sincere thanks and gratitude to all our many Donors and friends who have continued their support through these continuing difficult times.

##### INCOME RESERVES

The committee's policy on income reserves is to maintain sufficient reserves for the charity to continue to meet its ongoing commitments and to provide sufficient funds to develop those services. At July 2024 the total reserves held were £78,004 of which £1,920 are free reserves.

##### RISK

The trustees have assessed the major risks to which the charity is exposed and systems have been established to minimise those risks.

##### INVESTMENT POLICY

Currently the charity is holding surplus funds in a bank account to be used for future activities. The Trustees will review the balance held on a regular basis.

##### CHARITY ACCOUNTS

The charity's accounts attached to this report have been prepared in line with current statutory requirements and the charity's governing documents.

On behalf of the trustees,

Colin Charles Martin (Chairman)

**INDEPENDENT EXAMINERS REPORT TO THE TRUSTEES OF AKAMBA AID FUND**  
**ON THE ACCOUNTS FOR THE YEAR ENDED 31 JULY 2024, CHARITY NUMBER**  
**1083554, SET OUT ON PAGES 7 TO 10.**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 July 2024.

**Responsibilities and basis of report**

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011.

I report in respect of my examination of the Charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145 (5) (b) of the Act.

**Independent examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in any material respect:

- The accounting records were not kept in accordance with section 130 of the Charities Act; or
- The accounts did not accord with the accounting records; or
- The accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered part of an Independent Examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
