Trustees Annual Report 1st Sept 2024 to 31st August 2025

The trustees present their Annual Report and financial statement (Receipts and Payments Account) for 1st Sept 2024 to 31st Aug 2025

Aims and Purposes of the Charity

As stated in the constitution the object of the CIO is the prevention or relief of poverty within communities in developing nations in particular, but not exclusively, by the development and implementation of appropriate technologies related to water, sanitation and hygiene. (W.A.S.H.) The purpose shall be undertaken in a manner that is consistent with the Statement of Faith that is set out as an appendix to the constitution.

Objectives and Activities

The Trustees have read the Charity Commission guidance on public benefit and are satisfied that the activities described below clearly demonstrate that the charity is providing a benefit to the public

In order to fulfil the aims and purposes of the CIO as stated above, an initial variety of activities have been undertaken to provide the operational basis for the charitable purposes written above.

The Trustees' responsibilities

The Trustees are responsible for all matters of the CIO, both the finance and work of those who are designated as holding positions of responsibility.

The Trustees met three times in 2025. These meetings are formally recorded, and these records are available for inspection by the Charity Commission.

Achievements and Performance

The CIO has measured the success of its ministries during the second year of its existence as continuing to establish foundation for future efforts.

The CIO continues to hold regular meetings for its trustees.

The CIO has established further financial giving mechanisms including Just Giving Grow plan and standardizing gift aid forms.

The CIO became a partner with Global Connections, a collection of Christian Ministries across the UK.

The CIO trustees discussed a number of potential W.A.S.H. projects to finance in Malawi. This includes:

- The possibility of manufacturing the Afridev Centraliser, a new product that significantly increases Afridev performance for rural African hand pumps, in the UK
- The installation of LifeLatrines, a new plastic liner for pit latrines, in Malawi
- The installation of LifePumps, a long lasting handpump, in Malawi.
- Afridev Rehabilitation in Malawi using new long lasting components to enhance the longevity of the pump.

The trustees also met with a number of potential financial and/or technical partners including Smith Engineering of Maryport and St. Davids Assemblies in St. Davids Wales.

The CIO continued to work towards the possibility of UK manufacturing Afridev Centralisers made from Ultra High Molecular Weight Polyethylene for W.A.S.H. This included a visit to a manufacturing site in Wales.
