### Achievements and Performance

	SORP reference	
--	----------------	--

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Unpaid Carers have across the whole of Herefordshire have benefited from our service. As a service attending to the needs of Carers, we have made a direct impact on the Carer and the persons they Care for. We have achieved this by reducing the risk of the Carers becoming physically or mentally ill as a direct result of their Caring role. Currently 80% of Carers either suffer from an illness or develop an illness as a direct result of their caring role. We have raised awareness within the community of Carers and outside of that community of what a Carer is and how to identify them. One of the main hurdles we constantly face is Carers not identifying themselves as a Carer. We have been actively working in the community to educate people on who and what a Carer is, the impact on this would be to reach more Carers making sure they are all benefitting from the service. We have reached Carers before they get to breaking point to maintain their wellbeing and mental health. We have had an increase of Carers to our database over this financial period. We have kept them updated on activities and events and have used the opportunity to educate and information share other relevant services.
