**Objectives and Activities**

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<b>To further the conservation and preservation of hedgehogs. To advance the education of the public in the study and care of hedgehogs.</b>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<b>The charity runs a hedgehog rescue for sick, injured and orphaned hedgehogs primarily but not exclusively in the Gateshead area. The aim of the charity is to rescue, rehabilitate and release rehabilitated hedgehogs back into the wild wherever possible.</b>  <b>The charity carries out its aim in line with professional guidance provided by veterinary input, The British Hedgehog Preservation Society and the Vale Wildlife and Rehabilitation Centre. Our work in the clinic includes assessments, treatments, medications and vet visits. Under our umbrella, we also oversee and offer support to two small rescues in Sacriston and Consett.</b>  <b>Through talks, training and hands-on events, the charity provides opportunities for members of the public to study hedgehogs and to educate them in the care and conservation of hedgehogs and their habitat.</b>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<b>The trustees have all reviewed the Charity Commission statement on public benefit found on the website.</b>

Contribution made by volunteers	Para 1.38	<p>The trustees oversee the day to day running of the charity working closely with volunteers. The charity is run by volunteers and the trustees, who receive no remuneration.</p> <p>We currently have a pool of over 60 volunteers. We have 7 volunteers trained in administering medication, with a further 6 currently in medication training. A specialist WhatsApp group exists specifically for medically trained volunteers to communicate efficiently.</p> <p>All new trainees follow specific training protocols for hedgehog handling and cleaning.</p> <p>We have a team of around 30 foster carers who rehabilitate hedgehogs in their homes receiving continuous support and guidance from the charity.</p> <p>In September 2024 a specialist fundraising group involving 6 volunteers was created to focus our fundraising efforts strategically.</p>

### Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Hope for Hedgehogs started in 2019 with our founder running a small-scale independent rescue from her utility room. Through fundraising by supporters and many volunteers coming on board, the size of the rescue has progressed rapidly. We moved the rescue into a small, rented property in February 2023 and then into our current larger premises in September 2023. In early 2025 a full clinic redecoration was undertaken by volunteers.</p> <p>Our attainment of charitable status on 9th August 2023 was an achievement we were very proud of and has helped us to raise our profile with supporters, volunteers, veterinary services, local businesses and members of the public.</p> <p>Our focus is very much on the treatment, rehabilitation and release of the hedgehogs in our care. During the full calendar year from 1st April 2024 to 31st March 2025 a total of 724 sick or injured hedgehogs as well as orphaned babies were admitted. This is an increase of almost 30% on the previous year.</p> <p>Of these admissions, we were able to treat and successfully release an exceptional figure of over 80% of hedgehogs back to the wild.</p>

		<p>Sadly, many of our admissions are already dying and many do die within hours of being brought into the hog hospital. In line with recommended practice, those hedgehogs that die within 48 hours of admission are not counted in our statistics.</p> <p>Currently, due to the large number of sick, injured or orphaned hedgehogs in the area, in the height of the season, we continue to have between 80 to 100 hedgehogs in our care each week.</p> <p>Our hospital cannot accommodate so many hedgehogs, so we have a policy of fostering. We have a foster carer policy, and our foster carers are carefully trained and approved. We offer full support to foster carers and carry out regular weight and faeces checks for parasites to ensure the hedgehogs are thriving. We have an organised WhatsApp communication group to enable advice to be shared quickly and easily between foster carers.</p> <p>Wherever possible the hedgehogs are released back to the area in or near where they were found. We have a release policy supported by the Vale Wildlife to ensure optimal release conditions are achieved to maximise chances of survival. Prospective release sites are carefully checked and have to satisfy stringent criteria before releases will be permitted. Our special disabled hedgehogs are released into specifically selected secure sites.</p>

<p>Achievements against objectives set.</p>	<p>Para 1.41</p>	<p><b>In September 2023 we were able to move to larger premises enabling us to accommodate more sick hedgehogs as well as make room for a designated crèche for sick babies. Having additional space also facilitated more volunteers being able to physically assist with the hedgehogs in the clinic.</b></p> <p><b>All our new volunteers are offered induction training in cleaning and feeding. We have a volunteer protocol and training manual, and volunteers receive a half day hands-on training session in the clinic before being able to assist in clinic.</b></p> <p><b>Additional training in feeding babies is also provided to those volunteers interested in taking on baby feeding shift work.</b></p> <p><b>We have an automated rota system allowing management of volunteers to man the clinic 7 days a week. This is particularly important during baby season when evening shift work is required. Since October 2023 we have employed a part time administrator who coordinates our team of volunteers and also</b></p>
---	------------------	--

	<p>communicates with members of the public finding sick and injured hedgehogs and arranging to bring them into the rescue.</p> <p>We are now also able to keep careful records of all admissions and releases. Social media is very important to raise our profile and engage with the public and our supporters. Our administrator has been able to assist with setting up and monitoring our website and our other media platforms.</p> <p>We have a strong social media presence including Facebook and Instagram. We post a weekly Facebook update of all the hedgehogs in our care so that finders know how the hedgehogs they have brought to us are doing. This alleviates the need to give daily updates which although important are very time consuming.</p> <p>In spring 2024 the singer song writer Lewis Capaldi and his production team released a video that had been made about Hope for Hedgehops and its founder Sandra. This has been a global phenomenon and has to date been viewed over 1.5 million times and received 26,000 likes on YouTube. Attached to the YouTube video a Just Giving link was set up to enable supporters to help with financial donations.</p> <p>We have partnered with the creators of the children's book Roly the Hedgehog, Frances Rodgers and Ben Grisdale, to raise awareness of hedgehogs and how to help them. This has proved a successful collaboration and enabled us to spread our message to more schools and local communities by dressing up in a full-size Roly Hedgehog costume!</p> <p>To raise awareness of the charity, in Spring 2024, our founder Sandra was featured in the television programme The Woodland Workshop. Sandra spoke about the work the charity does and the plight of hedgehogs. The programme has been repeated several times airing to a wide audience.</p> <p>The charity prides itself on its heavy reliance on regular and skilful use of samples checked under the microscope. Recently training sessions were arranged to share the expertise of our volunteers with other rescues. Sharing best practice and educating others is an area the charity would like to expand upon as it is vital to help improve survival of the hedgehog species.</p> <p>Hope for Hedgehogs provides opportunities for local communities to study hedgehogs and to educate them in the care and conservation of hedgehogs and their habitat. We conducted 13 talks at local schools,</p>
--	---

		<p><b>Brownies and WI groups. Five of these events were delivered collaboratively with Gateshead Libraries and Heritage department at various local Gateshead primary schools, including Crookhill and Ryton. The children were enthusiastically engaged with the presentations and excited to interact with our real-life dress up character - Roly the Hedgehog</b></p> <p><b>These talks are proving a successful way of enabling us to educate the public in how they can help hedgehogs and respond effectively to the growing number of requests being received for us to provide speakers.</b></p> <p><b>We applied to the Local Councillors Fund and were successful in securing an award enabling us to purchase our own projector and screen for use during educational talks and events.</b></p> <p><b>We continue to make other funding applications for various grants including Lottery funding but have not been successful in this period.</b></p> <p><b>Ross the weatherman from the local news channel continues to be our high-profile patron for the charity. He has been our figurehead since 2023. This has resulted in several featured news items about the charity, the vulnerabilities of hedgehogs and how the public can help. Ross also now supports us as a foster carer too.</b></p>
<p>Performance of fundraising activities against objectives set.</p>	<p>Para 1.41</p>	<p><b>Our main fundraising stream is the one-off and regular donations we receive from our supporters.</b></p> <p><b>A specialist fundraising group has been created to focus our efforts strategically and concentrate our efforts to raise additional funds for the rescue. In particular we have attended numerous fairs to sell sales items, arranged a themed disco, sold donated hedgehog houses, sold cage and hedgehog sponsorship, sold scratch cards, undertaken raffles and Bonus Balls. We have also raised essential funds through selling goods directly from the clinic.</b></p> <p><b>In 2023 we raised £3,500 following a successful silent online auction of hedgehog doodles created and donated by various national and international celebrities. This year we arranged a ticketed 'hog-doodle' auction event. This was well attended but it is anticipated that the online format for the event will be run again in the future as the funds raised were far greater than funds generated from an in-person event.</b></p>

		<p>Several supporters / volunteers have raised sponsorship for the charity through participating in the Great North Run.</p> <p>We have embarked upon passive fund raising by branding donation boxes and handing those out to local businesses. We hope to expand on this funding stream in future.</p> <p>Further community events are planned and branded banners to make our stands more eye catching have been made by talented volunteers. Flyers and posters have been printed to offer advice about helping hedgehogs and these are distributed at all such events.</p> <p>The charity has teamed up with local makers to offer bespoke Hope For Hedgehogs merchandise such as keyrings and tote bags. These are proving popular and they help to raise the profile of the charity. We have branded clothing which our volunteers are encouraged to buy and wear, again to raise awareness and show they are part of the ever-growing team. These items are also sold to raise funds for the charity.</p> <p>Our 'Sponsor a Cage' promotion proved to be popular, especially over the Christmas period.</p> <p>Fundraising events as well as raising money also increases awareness of the vulnerabilities of hedgehogs. The charity will continue to have a visible presence at as many local community events as possible.</p>

**Additional information (optional)**

You may choose to include further statements where relevant about:

The charity's principal sources of funds (including any fundraising)	Para 1.47	<p><b>Our primary funding comes from direct bank donations. We also receive cash donations from visitors to the clinic and donations via donation platforms, such as Just Giving and PayPal Giving Fund.</b></p> <p><b>For the first time this year branded donation boxes have been handed out to local businesses. This has proved a successful venture.</b></p> <p><b>Fund raising events are varied from raffles to silent auctions. Tabletop sales at local community events raise a small amount of funds, although time consuming are still worthwhile to raise awareness.</b></p> <p><b>Sponsorship of cages has also proved popular. Hedgehog adoptions are also sold through the charity's website. Fundraising events raise money and increase awareness of the environmental threats to hedgehogs.</b></p> <p><b>A small amount of income is generated from educational events and talks.</b></p> <p><b>The Lewis Capaldi video is continuing to raise donations, and a large donation was given by the producers of the video.</b></p>
Investment policy and objectives including any social investment policy adopted	Para 1.46	N/a
A description of the principal risks facing the charity	Para 1.46	<p><b>The charity is a victim of its own success; by raising awareness of the vulnerability of hedgehogs more members of the public are bringing in sick and injured hedgehogs to the rescue. This results in a heavy burden on the volunteers, particularly those trained to administer medicines. More volunteers have been trained which has enabled the burden to be shared however more volunteers need to be recruited and trained to cover shifts going forward.</b></p> <p><b>Larger premises will also soon be needed to accommodate all the sick hedgehogs admitted to the care of the charity. Looking after sick hedgehogs 365 days a year is an emotionally draining and time-consuming commitment. Unfortunately, some volunteers are only able to devote to the role for a short period of time which is disappointing as the charity invest heavily in providing appropriate training to their volunteers.</b></p>

## **HOPE FOR HEDGEHOGS WOODSIDE**

### **INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES**

For the year ended 31 March 2025

---

I report on the financial statements of Hope for Hedgehogs Woodside for the year ended 31 March 2025, which are set out on pages 14 to 22.

#### **Respective responsibilities of trustees and examiner**

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2022 ("the Charities Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act), and
- to state whether particular matters have come to my attention.

#### **Basis of independent examiner's statement**

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

#### **Independent examiner's statement**

In connection with my examination, no material matters have come to my attention which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a "true and fair" view which is not a matter considered as part of an independent examination.

I have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2025

---

### 1 Accounting Policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

### 2 Basis of accounting

#### 2.1 Basis of preparation

The accounts have been prepared on the receipts and payments basis. An audit is not required by the charity's constitution and has not been requested by the trustees.

The accounts have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland.

Hope for Hedgehogs Woodside meets the definition of a public benefit entity under FRS 102.

#### 2.2 Preparation of the accounts on a going concern basis

The charity reported total unrestricted funds at the year end of £10,691 and has already secured a significant amount of funding for the current year. The trustees are of the view that the immediate future of the charity for the next 12 months is secure and that on this basis the charity is a going concern.

### 3 Receipts

#### 3.1 Recognition of receipts

Receipts are recognised when the charity has received the resources, any performance conditions attached to the item(s) of receipt have been met.

#### 3.2 Offsetting

There has been no offsetting of receipts and payments, unless required or permitted by SORP.

#### 3.3 Grants and donations

Receipts from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has received the funds, any performance conditions attached to the grants have been met.

#### 3.4 Volunteer help

The value of volunteer help received is not included in the accounts but is described in the trustees' annual report.

#### 3.5 Interest receivable

Interest on funds held on deposit is included when received.

# HOPE FOR HEDGEHOGS WOODSIDE

## NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2025

---

### 3.6 Fund accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the charity. Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose. Restricted funds are donations which the donor has specified are to be solely used for particular areas of the charity's work or for specific projects being undertaken by the charity.

## 4 Expenditure and liabilities

### 4.1 Liability recognition

Liabilities are recognised when it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.

### 4.2 Charitable activities

Payments on charitable activities includes the costs of work and other activities undertaken to further the purposes of the charity and their associated support costs.

### 4.3 Governance and support costs

Support costs have been allocated between governance cost and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources.

### 4.4 Irrecoverable VAT

Irrecoverable VAT is charged as a cost against the activity for which the payment was incurred.

### 4.5 Liabilities

The charity has liabilities which are measured at settlement amounts less any trade discounts.

### 4.6 Provisions for liabilities

A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date.

### Income

#### Donations

Our main source of regular income is donations.

For the reporting period, H4H received a total of £29,707.03 in donations, of which £1,391.20 (net) was donated through PayPal - £850 of this was transferred to Barclays Current account. £5,000 of this overall total was through direct donations (a combination of new Standing Orders and stand-alone payments).

We now have our own Charity Account on Just Giving, which has helped to increase revenue by just over £5,500 from last year's figure. We have also engaged with other donation platforms including PayPal Giving Fund, Charities Trust, Easy Fundraising and Give Wheel, which in total has added a further £2,182 to our donation total.

Crucially this year, we were successful in our first funding bid, securing £610 from Gateshead Council Local Councillors' Fund (LCF), to purchase a projector and screen.

Donations paid to primary Barclays Account	Amount
Direct Bank Donations	£16,109.18

<b>Total Donations</b>	<b>£29,165.83</b>

Donations paid to PayPal Account (Excluding £850 transferred to Barclays)	£541.20
<b>Total Donations (including PayPal)</b>	<b>£29,707.03</b>

## Fundraising

We have worked really hard to raise funds for the rescue.

To do this, we have attended numerous fairs to sell sales items, arranged a disco, sold donated hedgehog houses, sold cage/ hedgehog sponsorship, arranged a ticketed 'hog-doodle' auction event, sold scratch cards, ran raffles and Bonus Balls. We have also raised essential funds through selling goods directly from Clinic.

A summary of our fundraising is shown below:

### H4H Clothing

Many of our volunteers choose to purchase special T-Shirts / hoodies / fleece tops which we print with our logo. We order these requested items in bulk. The volunteers pay either cost price, or voluntarily pay slightly more as an extra donation. We also order printed H4H caps and beanie hats for sale at Fairs. Volunteers may also purchase these if they wish, for the usual fair selling price.

Total receipts for all H4H clothing during the reporting period = £876.65

### Expenditure

#### Premises

Our bills for rent and utilities for 94/95 totalled £9,391.46 which equates to roughly 22% of expenditure.

The Clinic was in great need of redecoration and maintenance, which totalled £1157.69 and the additional Clinic items we needed to purchase totalled £4,956.98.

#### Hedgehog Expenses

We spent £6,678.22 on hedgehog care expenses for vet bills and medication. Costs for food and consumables have been included in the overall miscellaneous Clinic total.

### Admin Assistant Salary

Our biggest expenditure for the reporting period was Admin Assistant salary @ £14,582.34 which has resulted in an almost £5,000 lower balance at the end of March 25.

Whilst this amounted to just over 34% of our total expenditure, the Trustees agreed that the needs of the Clinic had to come first due to the huge admin workload, resulting in the requirement to increase admin hours, during the busiest periods.

### Admin Clerk Expenses

£100 was issued to Admin Clerk to pay for low-cost expenses, such as postage for sponsor certificates.

### Fundraising

Our fundraising expenditure for the reporting year was £1283, down by just over £1000 from last year. This reduction is likely attributed to the residual stock we carried forward from the previous year. Additionally, many of our sales items are hand-made goods, often donated by supporters of our Charity.

### TCU Clothing / Uniform

Our total TCU Clothing / uniform costs were £990 for this reporting period.

### Stationery

H4H uses a lot of printer cartridges and printing materials as each hedgehog needs admission and meds forms. Our total stationery expenditure was £448.61.

### H4H Website

Our website name cost us £22.79 in this reporting period.

### Spikes and Feathers Animal Rescue.

H4H sponsors Spikes and Feathers rescue in Sacriston, County Durham. To help ease the rescue's financial burden, the H4H Trustees agreed to reimburse their hedgehog food and medication expenditure to the value of £148.

### Local Councillor's Fund (LCF)

Following a grant of £610 from Gateshead LCF, we were able to purchase a projector and screen at a cost of £617.28. These items are essential as we conduct lots of talks throughout our local community.

### Unpaid Cheque

An unpaid cheque for £337.57 from PayPal Giving Fund was returned to our bank. Following discussion with the bank, they were unable to advise why this had happened. On contacting the issuer, this payment was later re-issued to us on a subsequent cheque.

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<b>To further the conservation and preservation of hedgehogs. To advance the education of the public in the study and care of hedgehogs.</b>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p><b>The charity runs a hedgehog rescue for sick, injured and orphaned hedgehogs primarily but not exclusively in the Gateshead area. The aim of the charity is to rescue, rehabilitate and release rehabilitated hedgehogs back into the wild wherever possible.</b></p> <p><b>The charity carries out its aim in line with professional guidance provided by veterinary input, The British Hedgehog Preservation Society and the Vale Wildlife and Rehabilitation Centre. Our work in the clinic includes assessments, treatments, medications and vet visits. Under our umbrella, we also oversee and offer support to two small rescues in Sacriston and Consett.</b></p> <p><b>Through talks, training and hands-on events, the charity provides opportunities for members of the public to study hedgehogs and to educate them in the care and conservation of hedgehogs and their habitat.</b></p>

### Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<b>Hope for Hedgehogs started in 2019 with our founder running a small-scale independent rescue from her utility room. Through fundraising by supporters and many volunteers coming on board, the size of the rescue has progressed rapidly. We moved the rescue into a small, rented property in February 2023 and then into our current larger premises in September 2023.</b>  <b>Our attainment of charitable status on 9th August 2023 was an achievement we were very proud of and has helped us to raise our profile with supporters, volunteers, veterinary services, local businesses and members of the public.</b>

	<p><b>Our focus is very much on the treatment, rehabilitation and release of the hedgehogs in our care. From 9th August 23 – 31st March 2024, we admitted a total of 316 sick or injured hedgehogs as well as orphaned babies. During the full calendar year from 1st April 2023 to 31st March 2024 a total of 534 hedgehog patients were admitted</b></p> <p><b>Of these admissions, we were able to treat and successfully release 83% back to the wild.</b></p> <p><b>Sadly, many of our admissions are already dying and many do die within hours of being brought into the hog hospital. In line with recommended practice, those hedgehogs that die within 48 hours of admission are not counted in our statistics.</b></p> <p><b>Currently, due to the large number of sick, injured or orphaned hedgehogs in the area, in the height of the season, we can have between 80 to 100 hedgehogs in our care each week.</b></p> <p><b>Our hospital cannot accommodate so many hedgehogs so we have a policy of fostering. We have a foster carer policy and our foster carers are carefully trained and approved. We offer full support to foster carers and carry out regular weight and faeces checks for parasites to ensure the hedgehogs are thriving. We have an organised whatsapp communication group to enable advice to be shared quickly and easily between foster carers.</b></p> <p><b>Wherever possible the hedgehogs are released back to the area in or near where they were found.</b></p> <p><b>We have a release policy supported by the Vale Wildlife to ensure optimal release conditions are achieved to maximise chances of survival.</b></p> <p><b>Prospective release sites are carefully checked and have to satisfy stringent criteria before releases will be permitted. Our special disabled hedgehogs are released into specifically selected secure sites.</b></p>

Achievements against objectives set	Para 1.41	<p><b>In September 2024 we were able to move to larger premises enabling us to accommodate more sick hedgehogs as well as make room for a designated crèche for sick babies. Having additional space also facilitated more volunteers being able to physically assist with the hedgehogs in the clinic.</b></p> <p><b>All of our new volunteers are offered induction training in cleaning and feeding. We have a volunteer protocol and training manual and volunteers receive a half day hands-on training session in the clinic before being able to assist in clinic.</b></p> <p><b>Additional training in feeding babies is also provided to those volunteers interested in taking on baby feeding shift work.</b></p> <p><b>We have an automated rota system allowing management of volunteers to man the clinic 7 days a week. This is particularly important during baby season when evening shift work is required.</b></p> <p><b>Since October 2023 we have employed a part time administrator who coordinates our team of volunteers and also communicates with members of the public finding sick and injured hedgehogs and arranging to bring them into the rescue. We are now also able to keep careful records of all admissions and releases. Social media is very important to raise our profile and engage with the public and our supporters. Our administrator has been able to assist with setting up and monitoring our website and our other media platforms.</b></p> <p><b>We post a weekly Facebook update of all the hedgehogs in our care so that finders know how the hedgehogs they have brought to us are doing. This alleviates the need to give daily updates which although important are very time consuming.</b></p>
-------------------------------------	-----------	---

In spring 2024 the singer song writer Lewis Capaldi and his production team released a video that had been made about Hope for Hedgehops and its founder Sandra. This has been a global phenomenon and has to date been viewed over 1 million times and received 22,000 likes on YouTube. Attached to the YouTube video a Just Giving link was set up to enable supporters to help with financial donations.

We have partnered with the creators of the children's book Roly the Hedgehog, Frances Rodgers and Ben Grisdale, to raise awareness of hedgehogs and how to help them. This has proved a successful combination and enabled us to spread our message to more schools and local communities by dressing up in a full-size Roly Hedgehog costume!

To raise awareness of the charity, in February 2024, our founder Sandra was featured in the television programme The Woodland Workshop. Sandra spoke about the work the charity does and the plight of hedgehogs. The programme has been repeated several times airing to a wide audience.

The charity prides itself on its heavy reliance on regular and skilful use of samples checked under the microscope. Recently training sessions were arranged to share the expertise of our volunteers with other rescues. Sharing best practice and educating others is an area the charity would like to expand upon as it is vital to help improve survival of the hedgehog species.

A group has been created to enable our trained supporters to provide talks to local schools and communities. This is proving a successful way of enabling us to educate the public in how they can help hedgehogs and respond effectively to the growing number of requests being received for us to provide speakers.

It was decided that a high-profile patron was needed for the charity. Ross the weatherman from the local news channel was approached and he agreed to be our figurehead. This has resulted in several featured news items about the charity, the vulnerabilities of hedgehogs and how the public can help.

<p>Performance of fundraising activities against objectives set</p>	<p>Para 1.41</p>	<p><b>Our main fundraising stream is the one-off and regular donations we receive from our supporters. To supplement this income, our volunteers have manned stalls at various fairs and charity events, selling items and running raffles, whilst raising awareness of our cause. We have worked with local businesses to run a restaurant curry night and a disco, and several supporters / volunteers have raised sponsorship for the charity through participating in the Great North Run.</b></p> <p><b>Further community events are planned and the charity intend to purchase branded banners etc to make their stand more eye catching. Flyers and posters have been printed to offer advice about helping hedgehogs and these are distributed at all such events.</b></p> <p><b>The charity have teamed up with local makers to offer bespoke Hope For Hedgehogs merchandise such as keyrings and tote bags. These are proving popular and they help to raise the profile of the charity. We have branded clothing which our volunteers are encouraged to buy and wear, again to raise awareness and show they are part of the ever growing team. These items are also sold to raise funds for the charity.</b></p> <p><b>A silent online auction of hedgehog doodles created by various national and international celebrities raised a phenomenal £3,500. It is hoped that the successful event could be run again in the future.</b></p> <p><b>Our ‘Sponsor a Cage’ promotion proved to be popular, especially over the Christmas period.</b></p> <p><b>Fundraising events as well as raising money also increase awareness of the vulnerabilities of hedgehogs. The charity will continue to have a visible presence at as many local community events as possible.</b></p>

## Hope for Hedgehogs Treasurers Report.

09/08/23 – 31/03/24

Hope for Hedgehogs (H4H) holds 2 accounts. One is a Barclays Current Account which is our account used for all incoming and outgoing transactions. We also hold a PayPal Account. The PayPal account is used ONLY for donations. Periodically, these funds are transferred to the main Barclays current account.

On the 8<sup>th</sup> August 2023 (before we became a charity) these were our respective bank balances:

Barclays Current Account £6,636.29

PayPal account £87.32.

At the end of the reporting period 31/03/24, these were the new balances:

Barclays Current Account £14,488.23

PayPal account £107.25.

We also held £109.40 in cash (copy of cash transactions in Accounts file)

### Fundraising

We have worked really hard to raise funds for the rescue. To do this, we have sold goods at three fairs, arranged a full fundraising event at Barmoor Hub, held a curry night at a local restaurant, arranged a disco, sold donated hedgehog houses, sold cage/ hedgehog sponsorship, arranged a ticketed 'hog-doodle' auction event and ran raffles and a Bonus Ball. We have also raised essential funds through selling goods directly from Clinic and through Easy Fundraising (an APP where cashback is donated to a specific charity). Additionally, one volunteer attended four local fairs and sold items on our behalf.

A summary is shown below:

### H4H Clothing

Many of our volunteers choose to purchase special T-Shirts / hoodies / fleece tops which we print with our logo. We order these requested items in bulk. The volunteers pay either cost price, or voluntarily pay slightly more as an extra donation. We also order printed H4H caps and beanie hats for sale at Fairs. Volunteers may also purchase these if they wish, for the usual fair selling price.

Total receipts for all H4H clothing during the reporting period = £867.60

### Expenditure

#### New Premises

Analysis of the of the accounts for the reporting period, shows that our biggest expenditure is rent @ £4516.20. This includes the increased rent from £375 to £612 during September when we moved to our bigger premises.

Apart from the higher rent cost, we also paid £906 conveyancing fees (when taking over the existing lease) and £2391.81 to bring the premises up to standard by adding extra kitchen units, a new sink and extra essential improvements.

As the premises is much bigger, our monthly bills have now increased to £940.66 due to the extra bin collections and higher electricity usage.

Our insurances have also increased to £508.16 as we are now liable for separate buildings insurance.

At our New Premises official opening, H4H purchased a cake for visitors, supporters and volunteers as a means of thanking them for their ongoing support. The cake cost £24.90.

#### Hedgehog Expenses

During the reporting period, we spent £3170.02 on hedgehog medication/ prescriptions, £514.15 vet bills, £283.65 on food and £426.72 on PPE/ cleaning products. Our costs for food and cleaning products are kept to a minimum as we are lucky to receive regular donations of these from supporters.

#### Admin Assistant Salary

On 9<sup>th</sup> October 2023 we employed an admin assistant to help on reception, update hedgehog records and to attend to emails and our Facebook page. We chose to employ the admin assistant through a recruitment agency (Talent 84) as this meant we only needed to pay an invoice for the hours worked, and did not need to calculate staff wages.

Initially, we were employing for 6 hours per week, but these hours have gradually increased to 16 due to the rescue being extremely busy.

For the reporting period from 9<sup>th</sup> August 23 – 31<sup>st</sup> March 24, we have paid a total of £3471.93 in salary payments to the recruitment agency.

### Fundraising

Our fundraising expenditure for the reporting year was £2582.61. This has been money well spent as our total net profit from all fundraising was £11,391.09. Additionally, we had stock left over which we have been able to take forward into 24/25.

To help raise funds at fairs, H4H purchased a SumUp card reader machine for online sales at a cost of £40.95.

### TCU Clothing / Uniform

Our total TCU Clothing / uniform costs were £1794.59. Although receipts were only £867.60 for clothing during the reporting period, many payments were made into the account before we gained charitable status.

Other clothing items that were not purchased by volunteers, were added to stock for sale at fairs.

### Stationery

To promote our cause, we arranged for business cards to be printed for distribution at fairs and school / group talks. We also purchased blank name badges for use by volunteers.

H4H use a lot of printer cartridges and printing materials as each hedgehog needs admission and meds forms. Our total stationery expenditure was £409.92.

### Miscellaneous items for Clinic

The total cost of our miscellaneous clinic items was £2039.38.

This figure includes £829.95 for incubator, £375 for hutches and £361.77 for chick brooders, extension leads and adapters.

### H4H Website

Our website name cost us £22.79 in this reporting period.

### Barmoor Hub Roof Repair donation

H4H works very closely with our local community centre Barmoor Hub.

In November 23, the H4H Trustees voted to donate £100 to Barmoor Hub's urgent appeal for urgent roof repairs.

### Spikes and Feathers Animal Rescue.

H4H sponsors Spikes and Feathers rescue in Sacriston, County Durham. To help ease the rescue's financial burden, the H4H Trustees agreed to reimburse their hedgehog food and medication expenditure to the value of £200.

### Overpayments

Payments of £61.19 were reimbursed from the account for stock items. Unfortunately, 2 of these payments were duplicated and the third payment was not offset correctly. All of these incorrect payments were immediately rectified, once the errors were discovered.

## HOPE FOR HEDGEHOGS WOODSIDE

### INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES

For the period 09/08/2023 to 31/03/2024

---

I report on the financial statements of Hope For Hedgehogs Woodside for the period 09/08/2023 to 31/03/2024, which are set out on pages 17 to 24.

#### Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2022 ("the Charities Act") and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act), and
- to state whether particular matters have come to my attention.

#### Basis of independent examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

#### Independent examiner's statement

In connection with my examination, no material matters have come to my attention which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a "true and fair" view which is not a matter considered as part of an independent examination.

I have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

## NOTES TO THE FINANCIAL STATEMENTS

For the period 09/08/2023 to 31/03/2024

---

### 1 Accounting Policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

### 2 Basis of accounting

#### 2.1 Basis of preparation

The accounts have been prepared on the receipts and payments basis. An audit is not required by the charity's constitution and has not been requested by the trustees.

The accounts have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland.

Hope For Hedgehogs Woodside meets the definition of a public benefit entity under FRS 102.

#### 2.2 Preparation of the accounts on a going concern basis

The charity reported total unrestricted funds at the year end of £14,705 and has already secured a significant amount of funding for the current year. The trustees are of the view that the immediate future of the charity for the next 12 to 18 months is secure and that on this basis the charity is a going concern.

### 3 Receipts

#### 3.1 Recognition of receipts

Receipts are recognised when the charity has received the resources, any performance conditions attached to the item(s) of receipt have been met.

#### 3.2 Offsetting

There has been no offsetting of receipts and payments, unless required or permitted by SORP.

#### 3.3 Grants and donations

Receipts from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has received the funds, any performance conditions attached to the grants have been met.

#### 3.4 Donated goods and services

Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so.

Donated services and facilities are included in the Statement of Receipts and Payments when received at the value of the gift to the charity provided that the value of the gift can be measured reliably. Donated services and facilities that are consumed immediately are recognised as a receipt with the equivalent amount recognised as a payment under the appropriate heading in the Statement of Receipts and Payments.

## **HOPE FOR HEDGEHOGS WOODSIDE**

### **NOTES TO THE FINANCIAL STATEMENTS**

For the period 09/08/2023 to 31/03/2024

---

#### **3.5 Volunteer help**

The value of volunteer help received is not included in the accounts but is described in the trustees' annual report.

#### **3.6 Interest receivable**

Interest on funds held on deposit is included when received.

#### **3.7 Fund accounting**

Unrestricted funds are available to spend on activities that further any of the purposes of the charity. Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose. Restricted funds are donations which the donor has specified are to be solely used for particular areas of the charity's work or for specific projects being undertaken by the charity.

### **4 Expenditure and liabilities**

#### **4.1 Liability recognition**

Liabilities are recognised when it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.

#### **4.2 Charitable activities**

Payments on charitable activities includes the costs of work and other activities undertaken to further the purposes of the charity and their associated support costs.

#### **4.3 Governance and support costs**

Support costs have been allocated between governance cost and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources.

#### **4.4 Irrecoverable VAT**

Irrecoverable VAT is charged as a cost against the activity for which the payment was incurred.

#### **4.5 Liabilities**

The charity has liabilities which are measured at settlement amounts less any trade discounts.

#### **4.6 Provisions for liabilities**

A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date.
