Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The object of the CIO is the promotion of equality and diversity and religious harmony in South Yorkshire, for the public benefit, by raising awareness and promoting activities to foster understanding between people from diverse backgrounds and beliefs.

SYCT has been actively working to bring people together around issues of concern which impact on the ethnic and religious harmony in both Sheffield and Rotherham. In conducting its work, the trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

The trustees continued to develop their understanding of governance and operation. The trustees consider that its system of management reporting is excellent for a charity of this size and profile. The charity held a launch event which was very well attended and followed this with other themed events which have brought people together around issues of concern relating to ethnic and religious harmony in South Yorkshire.

Section E

Financial review

Brief statement of the charity's policy on reserves

The trustees have considered the charity's requirements for reserves in the light of the main risks to the organisation. Since there are no employees and no significant regular outgoings, it has been decided that there is no requirement to build up unrestricted reserves to a specific amount since annual budgeted expenditure for the management of the charity is low. This policy will be reviewed annually.

Details of any funds materially in deficit

Further financial review details (Optional information)

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity was able to start operating with a programme of work with paid co-ordinators through an individual donation. The charity is now preparing to apply for grant funding to develop its programme.

Expenditure has supported the key objectives of the charity. To date there have been no funds to invest but an ethical investment policy is in place for the future.
