OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

STRUCTURE, GOVERNANCE AND MANAGEMENT

Status

OSPA Cabo Verde Cats And Dogs CIO is a CIO registered with the Charity Commission on 10 August 2023 governed by its constitution.

OBJECTIVES AND ACTIVITIES

Objects

The charitable objects as set out in the charity's governing documents are as follows:

- To promote humane behaviour towards animals, by providing grant funding or by such other charitable means as the trustees decide, for the appropriate care, protection, treatment and security for animals which are in need of care and attention by reason of sickness, maltreatment, poor circumstances or ill usage or for any other reason that compromise the animal's welfare (including their owners' poverty).

Public benefit

In shaping the objectives for the year and planning activities, the trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'public benefit: running a charity (PB2)'.

Activities

Year 2 as a UK registered charity has been very fruitful.

OSPA UK have continued to initiate improvements and create more fundraising opportunities for the Cape Verde based charity, OSPA Cabo Verde Cats and Dogs (OSPA CV) in Sal and have continued to progress very well in other areas too.

Our main objectives and priority are to continue to help improve facilities and welfare for the dogs at the rehoming centre in Sal, as well as assist with day-to-day running costs and upkeep and support neutering campaigns.

In this past year, we have been able to offer one of the current OSPA CV part time staff a full-time position at the rehoming centre in Sal and are using his skills for the maintenance and upkeep of the centre, as well as general daily duties. We now have 3 full time staff, the Centre Manager and 2 Caretakers, one of which celebrated her 10 years of service with OSPA in April 2025. We also have 3 part time staff, including an Assistant Manager and 2 caretakers, one with veterinary experience.

We are happy to report that we have now reached our fundraising target for an onsite Vet Room and have monies secured for the future, thanks to fundraising, plus a large donation from one of our supporters.

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

The proposed Vet room will be used to treat sick and injured animals who find their way to OSPA through no fault of their own. It will be a safe haven to tend to conditions and wounds, to provide a calm and quiet space to promote healing, as well as a clean environment to invite visiting vets to use for minor operations, neutering etc.

We also embarked on another major fundraising campaign for a mobile rescue vehicle earlier this year and have nearly reached our fundraising target for this too, thanks to a number of fundraisers and corporate co-operation. Our dream is to be able to transform how we respond to emergencies, perform rescues efficiently, attend critical vet visits, run life-saving mobile clinics and support essential neutering campaigns across the island. We are now very nearly able to make this a reality.

Following on from the success of our sponsored walk in June 2024, we held another sponsored charity dog walk in June 2025. OSPA CV staff and all the UK trustees came together for the first time ever in CV and along with regular volunteers and tourists, led an organised sponsored dog walk in Sal, from OSPA's Rehoming Centre to Bikini Beach, taking out nearly all 70+ of the resident dogs, in one large group walk. It was an amazing turn out. One of OSPA's original founders joined us and greeted our dogs and their walkers at a set water station on the beach. Also, UK supporters and other individuals took their own dogs for a walk with a view to raising funds and awareness for OSPA CV from their homes in UK and Europe. We raised a fantastic amount of funds on the lead up to the day and on the day itself, all towards our rescue vehicle campaign.

OSPA UK's fundraising activities to benefit OSPA CV this past year have also included the following:-

As last year, supporters have held cake and samosa sales at their workplace, not only raising funds for OSPA, but also raising awareness of who we are and what we do, with the help of supplied posters and other media detailing OSPA's information.

Christmas competitions were launched on our social media pages to provide a special Christmas meal for the dogs at our rehoming centre once again and for each donation made by a supporter, OSPA UK pledged to match this with a meal donation for a street dog of Sal. OSPA CV purchased good quality local produce, prepared and cooked fresh meals and distributed them to the residents at OSPA CV and the strays and community dogs in the local area. This resulted in over 140 dogs receiving a nutritious and tasty meal over the Christmas period, where otherwise at least 70 of these dogs would have either gone without food. A vehicle was hired for the day to carry this out. We also held a '12 days of Christmas' raffle with donations collected from supporters and local businesses and once again produce an annual calendar to sell as merchandise.

OSPA UK continue to raise funds via incentives such as Easyfundraising and Teaming. Amazon wish lists assist in supplying general day-to-day donations required by OSPA CV and more specifically, medical supplies to be used in CV for neutering campaigns. There are volunteers in the UK who maintain and update the wish lists.

OSPA UK maintains strong relationships with local animal-related charities, businesses and supporters who kindly donate supplies to support our work in Cape Verde. Through social media outreach and local connections, our UK trustees and regular volunteers continue to build partnerships with small

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

businesses, other rescue organisations, larger corporations and generous individuals. When donations are available, our UK team proactively collects and organises them for transport to Sal.

Thanks to the support of TUI UK, we're able to send these supplies via charity luggage, allowing up to 10kg per person. OSPA CV coordinates this by submitting a waiver request to TUI UK with details of the traveller carrying the luggage, the UK team then sends a pre-filled case if needed. Once on the island, the charity luggage is either delivered directly to the rehoming centre by the tourist or collected from their hotel by the OSPA CV team. This collaborative system allows holidaymakers to make a meaningful difference while travelling, and ensures vital resources reach the dogs who need them most.

Merchandise is sourced in the UK, purchased and printed. Merchandise consists of OSPA branded clothing i.e. t-shirts, hoodies and vests, tote bags, dog bandanas, caps and keyrings sourced in the UK, plus locally-crafted bracelets, benefitting local small businesses. Additional items were added to the stock this year including OSPA branded pens & wallets plus sunglasses. All merchandise is available to buy locally in CV or online from the UK. We have a volunteer in the UK who holds and despatches the stock as requested. We have also now provided OSPA CV staff with branded t-shirts and long-sleeved tops to protect them from the sun's UV rays.

One of our UK trustees provides a service to produce natural, dehydrated, healthy dog treats to sell and donates 100% of the proceeds and her own time.

Our website is updated regularly, providing all the information about OSPA CV, including details about what is done at the rehoming centre, how to get involved, fundraising efforts, details of merchandise for purchase, dogs who have been adopted, dogs who are available to be adopted, staff information, links for social media and donations and more. The site is maintained and updated by an OSPA volunteer and trustee, free of charge and time.

Charity collection buckets are occasionally requested for a workplace. Donations are received periodically by OSPA CV and UK and paid into our bank account or PayPal account.

One of our trustees walked on hot coals in April 2025 and represented OSPA at her employer's (Heathrow Airport) annual golf day in June 2025, where all raffle proceeds were donated to OSPA giving a huge boost to our rescue vehicle GoFundMe campaign. Raffle proceeds were also donated by MACE, a construction company who work with Heathrow, to the same campaign making our dream of a rescue vehicle a reality!

Our relations continue to grow with Heathrow Airport, who have pledged excess building materials to us for use at OSPA CV, which are essential and very much valued, due to the scarcity and costs on the island. Materials such as this allow us to achieve our goals in upgrading facilities at our rehoming centre, to help improve the conditions of the dogs in our care. They have also previously donated unwanted dog travel crates from their Animal Reception Centre to help facilitate the transportation of the dogs from Sal to their new forever homes in UK/Europe. They have also offered us other ongoing support.

When our joint charity status is in place we plan to send another sea container to OSPA CV, this time with charity, rather than commercial status meaning we will save money on customs tax.

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

We continue to aim to increase monthly sponsorship program participation. Our programs support 'Sponsor a Dog' (caring for a particular dog and supporting their ongoing care and welfare), 'Sponsor a Suite' (supporting improvements and upgrades to current kennel facilities) and 'PPP' (Preventative Parasite Program') - promoting preventative treatment for the dogs, by covering costs for flea/tick and de-worming treatments specifically, especially as tick borne illnesses are rife in Cape Verde and protection is essential to their wellbeing and health). OSPA CV & UK encourage followers to subscribe to these programs to provide reliable monthly donations, which cover basic costs such as food, puppy and annual vaccinations, veterinary care, maintenance of the site and staffing to support the dogs and provide improvements and upgrades to their homing. These regular donations help cover fixed and variable costs required by the charity to run and maintain the rehoming centre in Sal and provide for all the dogs in their care.

We are also seeing an increase in the number of the sponsors physically visiting OSPA CV on their holidays to meet or visit with their sponsor dogs.

A collaboration with RIU Hotels remains secured, with RIU Hotels Group providing free accommodation at their hotels on the island for visiting vets and their staff, to provide essential neutering campaign support. Although there was no call to use this collaboration in this past year, we hope that when our charity status in CV is established under the correct name we will be in a much better position to utilise this collaboration.

We continue to create weekly posts on hotel, local and other tourist Facebook groups based in Sal, when local advertising is allowed and encouraged, to raise awareness of our rehoming centre, the work carried out and what visitors and guests can do to enhance their holiday experience by visiting, volunteering and supporting our charity in UK or CV. A lot of support and interest is generated from these posts, resulting in raised awareness of OSPA CV and what we do as a UK charity to help the dogs and local community in CV. Visitors come to see the work we do at the rehoming centre, socialise and often play with/walk the dogs and bring supplies or make monetary donations during their visits. This often creates repeat visits during their holidays and often beyond and repeat visits are very welcomed.

We continue to have regular, reliable and valued support and help from ex-pat volunteers, who either live on Sal, or who have property there and visit regularly through the year. These volunteers have supported OSPA CV for years and continue to be a hugely valued part of our charity, supporting staff and helping with daily chores on the ground. Some visitors have been encouraged by this and have also become regular volunteers whenever they are able to visit the island or from afar, in whatever capacity they are able.

We were delighted to receive our first financial year's Gift Aid donation recently and will continue to encourage supporters and donors to complete the gift aid forms if they are UK taxpayers.

Whilst nothing has yet progressed, plans remain in place behind the scenes to provide education on animal care to school age children on Sal, by visiting local schools and community centres etc. Once supporting literature and other preparations are completed and everything is in place, OSPA CV will be able to carry out essential educational training to the future generation in the hope of improving the conditions for the animals in the coming years.

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

In the meantime, OSPA CV have also welcomed a school/community group at our rehoming centre to give them advice on caring for their pet and other dogs in the local community.

23 adoptions have taken place over the last year, with new homes found locally on Sal, in Europe and UK, unfortunately 2 of which were returned to OSPA CV's care, one locally and one from the UK. Sadly 13 dogs have died whilst in our care, due to illness and/or old age.

We were thrilled to know that some OSPA dog reunions were held in UK, where adopters have organised to meet up, so their OSPA dogs can play and socialise.

This year also saw the very sad loss of two of our adopted dogs through illness in the UK, Elsie and Lana.

Throughout the year we have welcomed donations via personal GoFundMe's and Facebook birthday fundraisers from our supporters.

OSPA CV continue to work in collaboration with the German association, Tierärztepool, who carry out regular annual neutering campaigns on Sal. Campaigns took place from 16th-29th Sept 2024, 4th -17th Nov 2024 and also 2nd-13th May 2025 resulting in the following achievements: -

- 16th -29th Sept 2024 - a total of 554 neuterings and 49 other surgeries
- 4th -17th Nov 2024 - a total of 344 neuterings and 30 other surgeries
- 2nd-13th May 2025 - a total of 371 neuterings and 14 other surgeries

We received support from local CV businesses for these campaigns including RIU Hotels, Pizzaart/Vista Mar, Global Africa, Tierärztepool, Camara Municipal Sal, GDRC Pretoria and Ocean Property.

These figures represent a significant reduction in the number of unwanted puppies and kittens born. By preventing overpopulation, we're not only improving animal welfare on the island but also reducing the need for unwanted intervention from local authorities.

When water pipes burst across Sal recently, leaving much of the island without water, we were incredibly fortunate to receive support from local business Misturod. They stepped in with an emergency supply of water for the dogs at OSPA CV, ensuring our animals stayed safe and hydrated during a challenging time.

In April 2025, OSPA CV faced a serious challenge when one of our water storage tanks was damaged and began leaking, putting our daily care routines at risk. Thanks to the generosity of one of our incredible ex-pat volunteers, a replacement tank was swiftly installed, ensuring our dogs continued to have access to clean water.

In March 2025, OSPA collaborated once again with My Cape Verde charity to take in a very sick dog (Koa), who had been found on the streets in a very emaciated condition, with the aim to treat him and nurse him back to health. Tragically he didn't make it, but his final weeks spent in OSPA CV's care were at least comfortable and pain free.

An OSPA dog, Jaquira, who was adopted to the UK in November 2024, was surrendered by her adopter after only a couple of days of arriving in the UK, due to aggression issues with the resident dog. One

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

of our volunteers in the UK stepped up to foster Jaquira. Sadly, due to her medical history with incontinence problems and continuous water infections due to having to wear a diaper, arrangements were made in March 2025, to bring Jaquira back to CV, when a new home in the UK was unable to be found. Jaquira has settled back into OSPA CV life remarkably well. A GoFundMe appeal covered all the costs involved.

Another OSPA dog, Simba, who has suffered with eye and ear issues before his arrival at OSPA CV in August 2022, was taken on by Jaquira's foster carers, with a view to providing him with a higher level of veterinary care in the UK. The foster carers have pledged to pay for Simba's medical care. However, OSPA are now looking to fundraise to help towards these costs and have started a GoFundMe appeal.

Various fundraisers are in hand over the course of the coming weeks/months, including attendance at a local dog sanctuary's annual Fun Day with a stall selling items, raffle and encouraging participation in prize winning games, plus a tea party competition and more to follow.

In the situation of both Jaquira and Simba, Forest Dog Rescue in Worcester, were on standby to support OSPA and both dogs, by providing a temporary home at their sanctuary if required and veterinary back-up.

Challenges faced:-

We are still working towards being officially recognised as OSPA Cabo Verde Cats and Dogs in CV with the help of a legal representative from Boa Vista. This continues to be a very slow and frustrating process, however, once this has been finalised and our charity status made official under the correct name, we will be able to move forward with many other projects i.e. Vet Room build, rescue vehicle purchase, etc.

OSPA CV still face the huge challenge of being able to secure reliable local labour at a reasonable cost. OSPA CV and UK have plans in hand to make improvements to and build/re-build new/extra dog pens, strengthen/secure/replace/expand perimeter walls, paint the outer gate to the rehoming centre, build the vet room, create a sensory dog area and more.

The challenges faced are due to lack of cost-effective materials and equipment on the island, quotes for building work being prohibitive, reliability of the builders and the skill of the labour not being adequate or acceptable. Without the availability of these skills, improvements to the rehoming centre are slower to evolve than we would like.

However, in November 2024, we had a UK carpenter/builder visit who, along with other volunteers, built a new dog kennel donating their time and expertise. Funds were raised by one of our trustees towards the cost of materials. One of the OSPA CV dogs could not socialise with the other dogs and had to be kept in the kitchen area of our front of house. He now has his own purpose-built kennel and shares with another dog he now gets along with, giving him a much better quality of life.

Since then, the same carpenter/builder returned in June 2025 to further assist with creating and building our new Feeding Station with cost of materials raised from a GoFundMe appeal.

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

Another huge challenge faced at the rehoming centre is security. Without electricity and Wi-Fi, it is extremely hard being able to secure OSPA CV premises from theft and damage. Sadly, there was another break-in resulting in damage to the outer window security bars and smashed window. A supporter very generously paid for the window and security bars to be replaced. The security cameras continue to be glitchy resulting in a lack of footage of the incident. This challenge will continue until such time as we have use of electricity and can install alarms and Wi-Fi.

While the weather in CV is usually hot and dry, during the rainy season in September, OSPA CV do experience a lot of issues with flooding and flood damage due to lack of drainage.

ACHIEVEMENTS AND PERFORMANCE

Future plans/aims/objectives for the next charity year:-

- To become a recognised CV charity under the correct name of OSPA Cabo Verde Cats and Dogs, in order that we can progress various projects such as the Vet Room building, rescue car purchase, volunteer opportunities for visiting vets, amongst others.
- Where currently the land used by OSPA CV belongs to the local authorities, we aim to work with OSPA CV, to become the officially assigned owners and take responsibility for the land.
- To expand the rehoming centre in CV to accommodate the increasing number of incoming dogs, (to provide backup medical care where needed with the eventual aim to rehome them), including building and maintenance of extra pens, as well as make improvements to existing pens and facilities and to increase security and stability of the existing perimeter fencing.
- Once we have our second-year accounts available, OSPA UK will be looking to apply for charitable grants to associations offering help for animal welfare purposes, to further fund our plans of expansion and improvements to our rehoming centre and for the benefit of any dogs and cats in need on the island.
- We aim to encourage more local hotels/businesses in CV to have a collection box/bucket on their premises, to help raise awareness and encourage monetary donations from tourists.
- Our intention is to provide educational programs taking 'OSPA CV' into local schools and community centres, to provide essential information to the next generation of Cape Verdean children, so they can learn from and improve their knowledge and skills in the aspects of acceptable animal welfare.
- OSPA CV and UK continue working in collaboration with the RIU Palace Hotel on assisting with their challenges of the beach dogs roaming onto their property and the tourists who encourage this. We would like to assist with making necessary improvements to advantage both dogs and hotels across the island and strike up a better relationship and harmony between them and the beach dogs.
- At OSPA CV, the aim is to eventually rehome all the dogs who cross our paths, to a loving forever home. We are looking at improvements in creating more online awareness of the dogs in our care, with the hope to increase the current adoption rates. This includes the use of QR codes located on the pens in the rehoming centre, which visitors can scan with their phones. This will refer them to the relevant page on our website, telling them of each dog's story, how they arrived at OSPA and their individual situation, as a way of encouraging them to empathise

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

with the dogs on a higher level and consider adoption of a rescue dog. OSPA also aims to continually improve the numbers for cat populations across the island.

- We would like to explore the possibility of installing solar panels at OSPA in Sal, with the hope of generating power, in order that we can establish better conditions and security at our premises there.
- To create relationships and work with local businesses, restaurants, shops and the like, to ensure that health and safety is upheld on their premises and by kindly discouraging dogs who stray onto their premises during work hours where hygiene is of utmost importance and by encouraging owners to keep their dogs on leads (where dogs are permitted to enter) using signage to indicate as such and to show that the businesses are working in conjunction with OSPA CV with the animal's welfare at heart.
- To provide funding for more mobile clinics around the shanty towns and poor areas of Sal, providing much needed care to the stray animal population and provide essential services and supplies free of charge to those who are unable to afford it and to provide education to the locals on caring for their pets.
- There are currently three registered animal welfare charities working on Sal, all with different aims, purpose and focus. We would like to investigate the possibilities of cross collaboration across all three, to become jointly more effective, for the sake of the animals.
- A very important objective that OSPA CV and UK would like to achieve is to help motivate the local authorities to change their outdated strategies, opinions and actions on their current methods of dealing with stray dogs and with that their image portrayed to the outside world on animal welfare, where currently this is very much in question. There has been a lot of negative advertising in recent times, which has put in question Sal as a pet-friendly holiday destination.

FINANCIAL REVIEW

During the financial year we have made a surplus of £492 (2024: £18,467). Reserves at the end of the year were £18,959 (2024: £18,467).

Reserves policy

The trustees have established a policy whereby the unrestricted funds not committed or invested in tangible fixed assets (free reserves) held by the charity should be 3 months of the total expenditure, which equates to £18,184 in free reserves. At this level, the trustees feel that it would be able to continue the current activities of the charity in the event of significant drop in funding, allowing time to consider how the funding would be replaced or activities changed accordingly.

OSPA CABO VERDE CATS AND DOGS CIO

REPORT OF THE TRUSTEES

YEAR ENDED 28 FEBRUARY 2025

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The trustees are responsible for keeping sufficient accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed/constitution. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

OSPA CABO VERDE CATS AND DOGS CIO

INDEPENDENT EXAMINER'S REPORT

YEAR ENDED 28 FEBRUARY 2025

Independent examiner's report to the trustees of OSPA Cabo Verde Cats and Dogs CIO

I report to the trustees on my examination of the accounts OSPA Cabo Verde Cats and Dogs CIO (the Charity) for the year ended 28 February 2025.

Responsibilities and basis of report

As the charity trustees of the Charity you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the Charity as required by section 130 of the Act; or
- the accounts do not accord with those records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
