**Summary of the objects of the charity set out in its governing document**

'The relief of sickness and the preservation of preserving life for the public benefit among people residing in the Rhondda Cynon Taff Area of South Wales, in particular but not exclusively by providing a network of public access defibrillators throughout the area and helping to fund Cardiovascular medical research based in the area.'

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

In planning our activities for the year we kept in mind the Charity Commission's guidance on public benefit at our trustee meetings.

In Wales there are approximately 8000 sudden cardiac arrests outside hospital each year. There is a survival rate of 3%. Where an AED (Defibrillator is used, the survival rate is 47-50%. This is because the chance of successful defibrillation declines at a rate of over 20 per cent per minute unless chest compressions are given. We are working in partnership with the Welsh Ambulance Service to massively increase the number of defibrillators throughout South Wales, with the aim of ensuring a defibrillator is situated in every community no more than 100mtrs away

We are also working in partnership with Rhondda Cynon Taf Council, local authority in providing a quality service to our community in that we are the only single charity that look after over 260 AEDs providing gaurdianship, servicing and maintenance in giiving everyone peace of mind in keeping everyone Heart Safe

## Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Our policy on grant making is that the grant received is for the purpose its intended to be used in line with the terms and conditions of the grant

Not Applicable

We are grateful for the many hours volunteers, including member volunteers, have spent organising, attending community events, promoting the work of the charity as they are the Heart of our organisation. Without this valuable contribution of time, energy and expertise we would not have been able to achieve so much by making a difference

**Summary of the main achievements of the charity during the year**

Rhondda Cynon Taf suffers nearly 50 premature coronary deaths per year per 100,000 populations. More deaths than neighbouring authorities and more than Wales's average. Two thirds of these premature deaths are men and Rhondda Cynon Taf premature death rates are over 60% greater than that of Cardiff.

These figures demonstrate that inverse care law where the most ill, deprived and at risk population benefit the least from preventive health care measures. The work of the RCT Heart Heroes is vital for the people of South Wales and we rely heavily on donations of time and money to assist us with our work, we are proud to state that all money raised will make a difference where you live

We have appointed a new board of trustee and a charity ambassador who advocates for our charity's mission and raises awareness of our work

We have started a new campaign in placing our very first portable AED / Grab and Go Bag to our local Rugby Club, as with only a small percentage of sports facilities having an AED on site, it is an important addition to any sports facility first aid provision

For the first time RCT Heart Heroes history, we have secured our official charity place for the TCL London Marathon Ballot, securing a place as 2026 will mark the first year of our official charity owned place

We have secured our very first AED on a brand new housing development at the former primary school Porth Rhondda Cynon Taf with ASD Construction, we are developing to have AEDs on all housing developments as out of hospital cardiac arrests affected over 100,000 people in the UK, especially residential areas

We have created an AED locator map which is imbedded into our website as it pin points the exact location of every AED throughout our community of Rhondda Cynon Taf, our 260 AEDs are located throughout our community, they are clearly identified with a tagging system and a personal ID number with the exact address of their location postcode

Our new campaign 2025 is protecting our children and saving lives is the commitment of our charity, research shows that 270 children die in school each year as a result of a cardiac arrest with an average of 12 healthy young people suffering from fatal undiagnosed heart conditions each week in Wales. We need to protect our children as no school should be without one, we will be taking measures to ensure that every school within our community as there are 111 in Rhondda Cynon Taf in giving them the skills to help save a life
