Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The England Football Charity is a national charity that aims to harness the power of football for the good of society. We do this through effective fundraising, grant making and performance monitoring of new and existing programmes that utilise football to drive individual, community and societal development and provide mental health benefits.</p> <p>The target beneficiary groups are those from an impoverished background or with a disability. The current focus is on helping young people not in employment, education or training (NEET). During this year, we have been doing the groundwork to develop our first project which will support NEETs by ensuring they have a trusted adult available to support them at their grassroots football club.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>In our second year of operation, the focus has been on ensuring a robust foundation for the charity, through effectively embedding all critical governance, organisational and operational activities.</p> <p>Hence, whilst initial fundraising activities and engagement have been conducted, which has established a number of highly viable donor income streams, no direct delivery has taken place this year.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<p>Our trustees have acted with all due regard to the guidance issued by the Charity Commission on public benefit, when exercising their power and duties to which the guidance is relevant.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Following confirmation as a Charitable Incorporated Organisation by the Charity Commission on 15th August 2023, this second year of the England Football Charity has focused on finalising the comprehensive set-up of the charity.</p> <p>To this end, a wide variety of governance, organisational and operational activities have been completed. From a governance perspective, we have implemented the required policies to operate, established a cadence of trustee meetings and ensured effective ways of working are embedded in the charity. From an organisational perspective, we have leveraged Football Association (FA) value-in-kind support to develop the charity, utilising legal and strategic expertise provided by FA-funded organisations. From an operational perspective, we have embedded the necessary financial, communication and engagement systems to operate, established relationships with key organisations in our area of operation and developed all necessary branding, marketing and promotional collateral.</p> <p>Initial fundraising activities and engagement have been completed, which has established a number of highly viable donor income streams for the coming years, as well as developing a strong network of partners.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>No direct financial activity occurred at the England Football Charity during this reporting period.</p> <p>All activity undertaken was funded either through value-in-kind resource provided by The Football Association or undertaken by the trustees without charge.</p>
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	<p>The England Football Charity has adopted a clear reserves policy, which we follow as a charity.</p> <p>In our role as a grant giving organisation, we aim to redistribute the vast majority of the income we receive back out again, to enable outcomes that support our beneficiaries.</p> <p>The only area where will we require reserves is once there are operational costs for the charity, the major element of which will be salaries. For these, as a minimum reserves will be held to cover the notice period, with the aim of building up to a reserves level that covers three months of operational activity.</p>
Amount of reserves held	Para 1.22	None
Reasons for holding zero reserves	Para 1.22	<p>Currently there is no financial burden on the England Football Charity, given activity undertaken has been delivered either through value-in-kind resource provided by The Football Association or undertaken by the trustees without charge.</p> <p>At the point where it becomes necessary to hold reserves, these will be built-up in accordance with the reserves policy.</p>
Details of fund materially in deficit	Para 1.24	n/a
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	<p>There are no uncertainties about the charity continuing as a going concern.</p> <p>Whilst there was no fundraising income in the second year of operation, this aligned with the approach agreed with the trustees to first ensure a robust governance, organisational and operational set-up. The fact that initial fundraising activities and engagement has established a number a viable donor income streams for the coming years provides confidence over future fundraising income.</p>
