Sandwell Lions Club CIO

Sandwell Lions Club has been in existence since 2009 and has recently become a CIO. This is its first submission as such. During the period 24/08/2023 to 30/06/2024, the club continued to serve its community, through regular acts of service, that didn't require a financial contribution, such as litter picks and developing a community garden in the local area.

We held a Prostate Cancer Screening event in association with the Graham Fulford Trust, where we tested approximately 40 gentlemen, with 3 identified as being of a high-risk and further investigation was required.

A purchase of a cooker was provided to a family in crisis and we supported many larger charities and organisations with donations.

Successful Santa Sleigh Runs were the main source of income during the period. We were also delighted to receive a donation towards our work from CPN Systems – a local technology company.

Trustees:
