

Charity Reg: 1204714

**Trustees Annual Report and Accounts of the House Of Hope Ministries
International Foundation 14 September 2023 – 15 August 2024**

The year started with a meeting of the Board of trustees to announce the official registration of the ministry with the Charity Commission having a charity status as the House of Hope Ministries International Foundation as a limited liability organisation. In the same instance the Board of trustees took a decision to open a corporate bank account for the Foundation. The Foundation has House Of Hope Ministries International as her Working Name. The ministry reaches out to our communities in particular with people on the streets twice a month with the good news of the kingdom, the gospel of our Lord Jesus Christ, in line with vision of the ministry. Each month during the year the ministry reached out to 40 people on the street with diverse spiritual, material and physical problems who received counselling and prayers in response to their spiritual and physical needs. In addition to our outreaches on the streets in our communities, plans are underway for our HelpLine to be operational.

The members of the Board of trustees met every other month and whenever the need arises to discuss the activities of the ministry and identify issues encountered, which enabled her to discuss and suggest the way forward that would enable the foundation raise funds for her projects. One of such issues is the problem of fundraising and the way forward to enable the foundation generate funds for the execution of her projects. To this effect, the Board of trustees of the House Of Hope Ministries International Foundation made “fundraising an affair of every member of the ministry” Through individual donations the House of Hope Ministries International Foundation was able to receive donations. In the same vein the ministry had to engage an expert in fundraising just for three months given that the ministry has limited funds to engage an expert for fund generation.

However, fund generation efforts are underway to enable the Foundation raise substantial funds that will enable her execute her projects. Also plans are underway to working in partnership with Homeless Link for Combined Homelessness and Information Network (CHAIN) which will go a long way to enable the Foundation to execute her temporary accommodation project for people on the street in our communities.

This will go a long way to change positively the lives of people on the streets in our communities. Our HelpLine is also in the process of being operational.

Achievement and Performance Over the year

Through our monthly outreaches some people on the street with whom we shared the message of love, peace and hope, the gospel of our Lord Jesus Christ, gave their lives to Christ. The number of people that gave their lives to Christ during each outreach was not consistent, however, 37 people gave their lives to Christ which we followed up to ensure they were built up on a strong foundation of their Christian faith and character.

Through individual donations the House of Hope Ministries International Foundation was able to generate £215. This enabled the ministry to pay for some minor expenses during the financial year, with hope to attend higher grounds in fund generation for our projects.

Of the £215 individual donations that came in the financial year, £203 was recorded as expenditures for the financial year. This included overheads of minor expenses for running the foundation for instance Zoom Pro subscription, including bank charges.

The House Of Hope Ministries International has made selfless efforts in the execution of her programmes to offer services through her by-monthly prayer meetings through her Christian faith teachings, counselling and prayers to enhance the spiritual growth of the members which enabled them to have their spiritual and physical needs met. These by-monthly meetings played significant roles in bringing the members to the point of having closer relationship with God. This enabled them to be able to manage diverse difficult situations, have responses to their questions and their needs met as they go through challenges of life.

The House Of Hope Ministries International Foundation admitted 2 new members to the board of trustees in the month of May 2024.
