

Trustee meeting held on 13.03.25

attendees mr t taylor, mrs d taylor , mrs j lilley
 mr l edgley

mr taylor opened the meeting at 7pm. It was stated that we hadnt applied for any grants as there was no real need for them as there was work to do to the site. We didn't want to chase grants and receive payments until we really needed them. It was agreed to chase in 25/26 year .

There was reports of a lot of nesting birds and fledglings which is great news. unfortunately there is one area of brambles that couldn't be cleared as we have a resident hedgehog

There was no other business and the meeting was closed at 19.30
