

**SUDAN AID**  
**Annual Report**  
**September 2023 – April 2024**

## **Introduction**

Sudan Aid remains committed to supporting internally displaced people (IDPs) affected by conflict and instability in Sudan. Over the past year, we have focused on providing essential relief to vulnerable communities, ensuring they receive much-needed humanitarian assistance. This report outlines our key activities between September 2023 and April 2024.

## **Distribution of Blankets**

During the winter season, Sudan Aid distributed **100 blankets** to internally displaced people in refugee camps located in Northern and Upper Nile states in Northern Sudan. These blankets provided warmth and protection against the harsh weather conditions, offering comfort to families struggling with displacement and limited resources.

## **Food Baskets Distribution**

During Ramadan, Sudan Aid supported **36 families** in refugee camps in Northern and Upper Nile states by distributing food baskets. These baskets contained essential food items to sustain families during the holy month, ensuring they had access to nutritious meals despite their difficult living conditions.

## **Challenges and Future Plans**

While Sudan Aid has made significant efforts to support displaced communities, we recognise that the need for humanitarian aid continues to grow. Limited resources, logistical constraints, and the increasing number of displaced individuals present ongoing challenges.

Moving forward, Sudan Aid aims to:

- Expand food distribution programs to reach more families.
- Increase the number of blankets and other essential relief items distributed during extreme weather conditions.
- Strengthen partnerships with local and international organizations to enhance our impact.
- Seek additional funding and resources to sustain and grow our humanitarian efforts.

## **Acknowledgments**

Sudan Aid extends its deepest gratitude to all donors who have contributed to our mission. Your support has been instrumental in helping displaced families receive

vital assistance. We remain committed to making a meaningful difference in the lives of those affected by conflict and displacement in Sudan.
