

Second Trustees Report and Accounts for Datio (first full year to 31 Mar 2025)
CIO: 1204837

Datio CIO is now operating as planned and slowly building greater traction and looking at extending its relationships with other charitable entities, landlords, government agencies and beyond .

The charity has collected some more income (£2,200) and the total income to date (£2,500) has been accrued as payable in relation to its first temporary space in Leicester. This was settled after year end and that temporary site has now ended as expected. But as other sites continue to come through, we are growing and helping more charities in more parts of the country.

Paul Chick MBE Chair of Trustees 22 November 2025
