## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

The improvement of the lives of those affected by CHAMP1 disorders.  
To advance clinical research, effective treatment and early detection.  
To increase public awareness.  
To provide family support and patient advocacy.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

In accordance with its charitable objectives, CHAMP1 UK has continued to support individuals and families affected by CHAMP1-related disorders by providing information, advocacy, and a supportive community.

Over the past year, CHAMP1 UK has undertaken the following key activities for public benefit:

**Support and Community Building:** Welcoming new families, arranging family meet-ups, and facilitating connections through support groups. A major activity this year involved helping to arrange and facilitate the CHAMP1 global conference in collaboration with other CHAMP1 non-profits from the US and EU.

**Raising Awareness:** Engaging in awareness campaigns, specifically orchestrating CHAMP1 Awareness Day (March 20th), to improve diagnosis and public understanding.

**Research and Advocacy:** Gathering information to help progress scientific research by collaborating closely with families, researchers, and our partner CHAMP1 non-profits globally.

**Fundraising Initiatives:** Continuing dedicated fundraising efforts and actively supporting individuals in the community who wish to fundraise for the charity.

The trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit when reviewing the charity's aims and objectives and in planning its activities. Every initiative undertaken by CHAMP1 UK has been designed to provide direct and meaningful benefits to those affected by CHAMP1.

**Additional details of objectives and activities (Optional information)**

**Summary of the main achievements of the charity during the year**

During the 2024-2025 period, CHAMP1 UK has made significant progress in supporting families, increasing global awareness of CHAMP1, and driving forward collaborative research efforts.

- **Support & Community:** The charity successfully welcomed several newly diagnosed families into the community, providing them with crucial support and guidance during a life-changing time. We arranged various family meet-ups to foster connection and shared experiences. A standout achievement this year was our pivotal role in helping to organise the global CHAMP1 conference, uniting experts, researchers, and families in partnership with US and EU CHAMP1 organisations.
- **Awareness & Advocacy:** CHAMP1 UK orchestrated a highly impactful CHAMP1 Awareness Day on March 20th. This campaign successfully secured widespread coverage across radio broadcasts, online platforms, and newspapers, significantly amplifying public knowledge of the condition and providing a platform for families to share their stories.
- **Research & Medical Engagement:** The charity actively helped gather vital information to progress scientific research into CHAMP1. By collaborating with our families, dedicated researchers, and international CHAMP1 non-profits, we ensured that the patient voice remains central to advancing potential treatments and expanding clinical knowledge.
- **Fundraising & Financial Growth:** We continued our core fundraising efforts throughout the year to support our services and awareness programmes. A key focus has been actively assisting and empowering members of our community who generously chose to organise independent fundraising events on our behalf.
