Trustees' Report and Financial Statements – Period Ended 31 August 2025
TRUSTEES' REPORT

Introduction

The Trustees are pleased to present the Trustees' Report and Financial Statements for The Sustainable Society Trust covering the period from 1 September 2024 to 31 August 2025.

Objectives

The objectives of the Charity, as set out in the governing document, is for the public benefit, to further such exclusively charitable purposes according to the law of England and Wales as the charity trustees in their absolute discretion from time to time determine.

Grant Making Policy

The Sustainable Society Trust (SST) was established to provide sustainable funding to charities and non-profit or voluntary organisations in the United Kingdom undertaking charitable activities according to the law. By 'sustainable funding' the Trustees mean that SST's funding model aims to provide regular donation income for the medium to long-term to organisations once they are receiving funding from SST.

Trustees

Initial Trustees were appointed during the application process in Q3/4 2023 and there were no changes during this reporting period. All Trustees give their time voluntarily and receive no benefits from the charity for acting as a Trustee.

Financial Review

During the reporting period SST received no further donations. SST has not yet attempted to raise donations from members of the public or other organisations beyond the group of Trustees. SST had zero outgoings during the period.

Based on medium-term financial projections, once SST deems it has allocated its existing funds then it may seek to raise further funds.

Independent examination / audit

The Trustees determined that as SST's income in the period was below £25,000 it qualified for exemption from the need for independent examination and audit. During the period SST's transactions only involved the receipt and investment of funds from the Trustees. Based on the materiality and volume of transactions the Trustees agreed that SST take advantage of the exemption in this period.

TRUSTEES' REPORT

Activities

The Trustees have responded to several organisations seeking funding. In most cases the reason SST has been unable to provide grants is that based on its Grant Making Policy and its existing funding source it is unable to provide capital grants. As stated above SST's aim is to provide steady medium to long-term income to recipients.

The Trustees continue to actively approach charitable and non-profit organisations they come across during the course of their business and social activities. There are a number of potential recipients in the pipeline. The Trustees welcome approaches by email from organisations fitting our Objectives seeking income in accordance with our Grant Making Policy.

The Trustees are pleased to report that the first non-profit organisation started to receive funds on a monthly basis from SST on 1 September 2025. Although this fell outside of this report's reporting period, the Trustees felt it may be informative to include this update in the report.

Approved by the Board of Trustees on 12/05/2026 and signed on its behalf by

James Dewar
Chair of Trustees

	Total charity funds	18,217	10,417

The Sustainable Society Trust
Trustees' Report and Financial Statements – Period Ended 31 August 2025
NOTES TO THE FINANCIAL STATEMENTS

1 Accounting policies

The principal accounting policies are set out below.

1.1 Basis of preparation

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) – Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

The financial statements have been prepared to give a 'true and fair' view.

The Charity is a public benefit entity as defined by FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

The financial statements are prepared in GBP which is the functional and presentation currency of the Charity. Monetary amounts in the financial statements are rounded to the nearest £1.

1.2 Going concern

At the time of approving the financial statements, the Trustees have reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. Thus, the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

The Sustainable Society Trust
Trustees' Report and Financial Statements – Period Ended 31 August 2025
NOTES TO THE FINANCIAL STATEMENTS

1.3 Intangible Assets

As laid out in the Charity's Investment and Financial Reserves policies, the Charity has chosen Bitcoin as its primary reserve asset. The classification of Bitcoin as an intangible asset has been made following Section 18 of FRS 102 and ICAEW technical guidance regarding cryptocurrencies under FRS 102.

In accordance with paragraph 10.22 of the Charities SORP (FRS 102) the Charity initially measures intangible fixed assets at cost.

The Charity has opted to use the revaluation model for Bitcoin at the Balance Sheet date as set out in paragraph 18.18 of FRS 102. Subparagraphs 18.18B-18.18H of FRS 102 set out the requirements for intangible assets using the revaluation model. The Trustees have determined that Bitcoin meets the requirement in subparagraph 18.18B in that it has an active market. This is based on the observation that Bitcoin has an active, liquid global market that operates 24 hrs a day, 365 days a year.

The accounts and reporting disclosures follow the guidance laid out in Paragraphs 10.18-24 of the Charities SORP (FRS 102).

1.4 Fund Structure

Unrestricted income funds are general funds that are available for use at the Trustees' discretion in furtherance of the objectives of the charity. The unrestricted general fund handles all donations and other income, pays some grants to charities and covers all management and administration costs.

The Sustainable Society Trust
Trustees' Report and Financial Statements – Period Ended 31 August 2025
NOTES TO THE FINANCIAL STATEMENTS

2 Donations and legacies

During the period the Charity received no donations.

3 Expenditure

During the period the Trustees have provided their time, skills and any incidental expenses for free. The Charity has no liabilities as at 31 August 2025 and it has been able to complete all activities without incurring any expenses.

4 Gains on revaluation of intangible fixed assets

The price of Bitcoin used in the valuation was the Coinmetrics.io closing USD price as at 31 August 2025 (\$108,316.47) divided by the GBP/USD rate at that time (1.3505). This is £80,204.72 per Bitcoin. No independent valuer was required.

Valuation method

Quantity of Bitcoin held	0.22114313
Bitcoin price as at 31 August 2025	£80,204.72
Value as at 31 August 2025	£17,736.72
Less Purchase Price	-£7,520.00
Gain on Revaluation	£10,216.72

5 Intangible assets

Reconciliation analysis of Intangible Assets

Basis of capitalisation:	At valuation 31 August 2025 Bitcoin
	£
Carrying amount at beginning of the reporting period	9937
Purchases	0
Donations	0
Disposals	0
Grants made	0
Depreciation/impairment	0
Revaluation	7,800
Carrying amount at the end of the reporting period	17,737

The Trustees would like to highlight that all Revaluation gains are unrealised and that assets could be revalued down in future. Had the Bitcoin been carried under the cost model then the carrying value that would have been recognised as at 31 August 2025 would have been £7,520.
