## **Annual Report 2025**

### **1. Letter From the Chairman**

Dear Friends, Supporters and Benefactors

Swazi Schools Trust began its journey with a clear commitment to supporting families by providing free nursery education to children in the area of Mananga, Eswatini. Thanks to the generosity of so many and their belief in our vision, we have made meaningful progress and touched countless lives.

This report reflects our achievements, challenges, and the growth we experienced over the last 2 years. We are proud of what we have accomplished together and remain dedicated to building a stronger, more compassionate future.

Deborah Lee on behalf of the trustees of Swazi Schools Trust

### **2. About Us**

#### **Mission Statement**

To give every child in rural Eswatini a strong and fair start. Through early education, nurturing care, and confidence-building support, we help children develop the skills and self-belief they need to thrive in school and reach their full potential. By laying strong learning foundations, we set them on a path toward a brighter future.

#### **Vision**

We see a future where children in rural Eswatini are equipped from the very start to succeed in school and beyond, strengthening families, communities and generations to come.

We would like to see a future where educational disadvantage no longer determines a child's future and every child has a fair and supported start to their learning journey.

## **Our Values**

## **1. Year in Review: Key Achievements**

In 2024/2025, we focused on ensuring that all families in the immediate area were aware of our play school. Many parents in the area leave their children at home whilst they are out all day working, so we wanted to give them the opportunity to be included wherever they were from.
