CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 1/5/2024 Period start date To 30/5/2025 Period end date

Charity name: CREEKLINK HERITAGE TRAIL

Charity registration number: 1205283

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To advance education for the public benefit by the establishment and maintenance of a Creekside heritage trail designed to enable awareness and understanding of the 19th century industrial history and current biodiversity of Deptford Creek, in particular but not exclusively, among local communities in the London Boroughs of Greenwich and Lewisham who by reason of their proximity to the Deptford Creek neighbourhood, share a common historical legacy.

<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>Para 1.17 and 1.19</p>	<p>CreekLink Heritage Trail began its first full year as a charity in May 2024 with a commitment to raising funds for the creation of phase 1 of the heritage trail. There were 4 trustees meetings including an AGM.</p> <p>Trustees agreed phase 1 would be for the first 4 interpretation panels to be sited on upper and mid-Creek. Longer term the trustees aim to create a Heritage Trail that will run the whole 1.2 kilometre length of the Creek, creating public awareness and understanding of its rich and largely forgotten 19th century industrial history and its continuing present day biodiversity. CreekLink identified the sites where it intends to install the heritage panels, backed up by a website and other outreach activities.</p> <p>Over the year CreekLink received funding from the following: Greenwich Council's Neighbourhood Growth Fund; Thames Water; RER London; Thames Tideway Tunnel. A total of £20,075. Trustees agreed a plan to bring project management of phase 1 in-house, under the shared responsibility of Chair and Secretary, who provided their services free of charge. This would enable all funds raised to be spent on the design, manufacture and installation of the first 4 panels and associated community activities.</p> <p>CreekLink trustees spent the year creating content and initial designs for all 4 panels . This was achieved alongside constructive discussions with funders, and the landlords of the four chosen information board sites. It led to the beginning of the complicated process of gaining the necessary legal and planning consents for erecting the panels.</p> <p>After advice and consideration trustees agreed to commission signage specialists Fitzpatrick Woolmer to design and manufacture the heritage panels. An initial payment of £4000 was made in November 2024. By end of April the initial design for the panels was agreed, the first two panels had planning approval from all landlords and the council. The third panel design was completed, but still awaiting final landlord and planning consent. For the fourth panel content had been drafted and installation permission discussions were taking place with the landlord. Copyright clearance was obtained for all the images we planned to use on the heritage panels.</p> <p>As part of outreach CreekLink's Chair gave a talk on the heritage trail project to a local history organisation in LB Lewisham.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	Para 1.20	<p>CreekLink's long-term aim is to raise awareness and understanding of both residents and visitors to, first, the Creek's rich but ignored 19th century industrial history; and, second, to the Creek's current biodiversity. Our draft content for the heritage panels was reviewed and checked by local historians and an editor to ensure the text was accessible and relevant to our key audiences: the local community and visitors to the area.</p> <p>A key achievement over the year was gaining funding for CreekLink's phase 1 plans, which will enable the first 4 heritage panels to be completed and further develop our plans for engaging the local community with the trail and contributing to a better understanding of their shared heritage.</p> <p>Closer ties with the Creek Education Trust, responsible for the Creekside Discovery Centre were established. CreekLink commissioned them to provide content and photos for panels 1, 3 and 4 relating to the bio-diversity of the contemporary Creek. We also agreed to run joint family activity days at the Discovery Centre to enable local families to find out more about the Creek and the heritage trail.</p> <p>February 2025 saw the Trustee looking after web development take the first steps towards updating the CreekLink website to take better account of the various ongoing developments and to provide people with more Creek heritage photos and stories. Each panel will have a QR code that will provide a direct link to the website.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	At the end of the period CreekLink had an income of £20,075 and expenditure of £4,666. Income for 4 panels and community activities as follows: £4,400 from Greenwich Neighbourhood Growth Fund; £5,075 from Thames Water; £5,000 from Thames Tideway Tunnel; £5,000 from RER London and £60 from Mycenae House. Expenditure as follows: £4,000 initial payment to signage specialists Fitzpatrick Woolmer; £231 to Historic England for photo copyrights; £235 to Royal Borough Greenwich Planning for panel 1 planning permission and £200 to Creekside Education Trust for supplying photos and text on biodiversity for panel 1.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	CreekLink does not require significant reserves as all funding is secured in advance of each heritage panel being committed to. However, the trustees have agreed to maintain a small reserve of approximately 10% of the one-off panel cost to cover unforeseen expenses related to the delivery and on-going maintenance. This policy will be reviewed annually to ensure financial stability.
